

500.30408_161.1 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

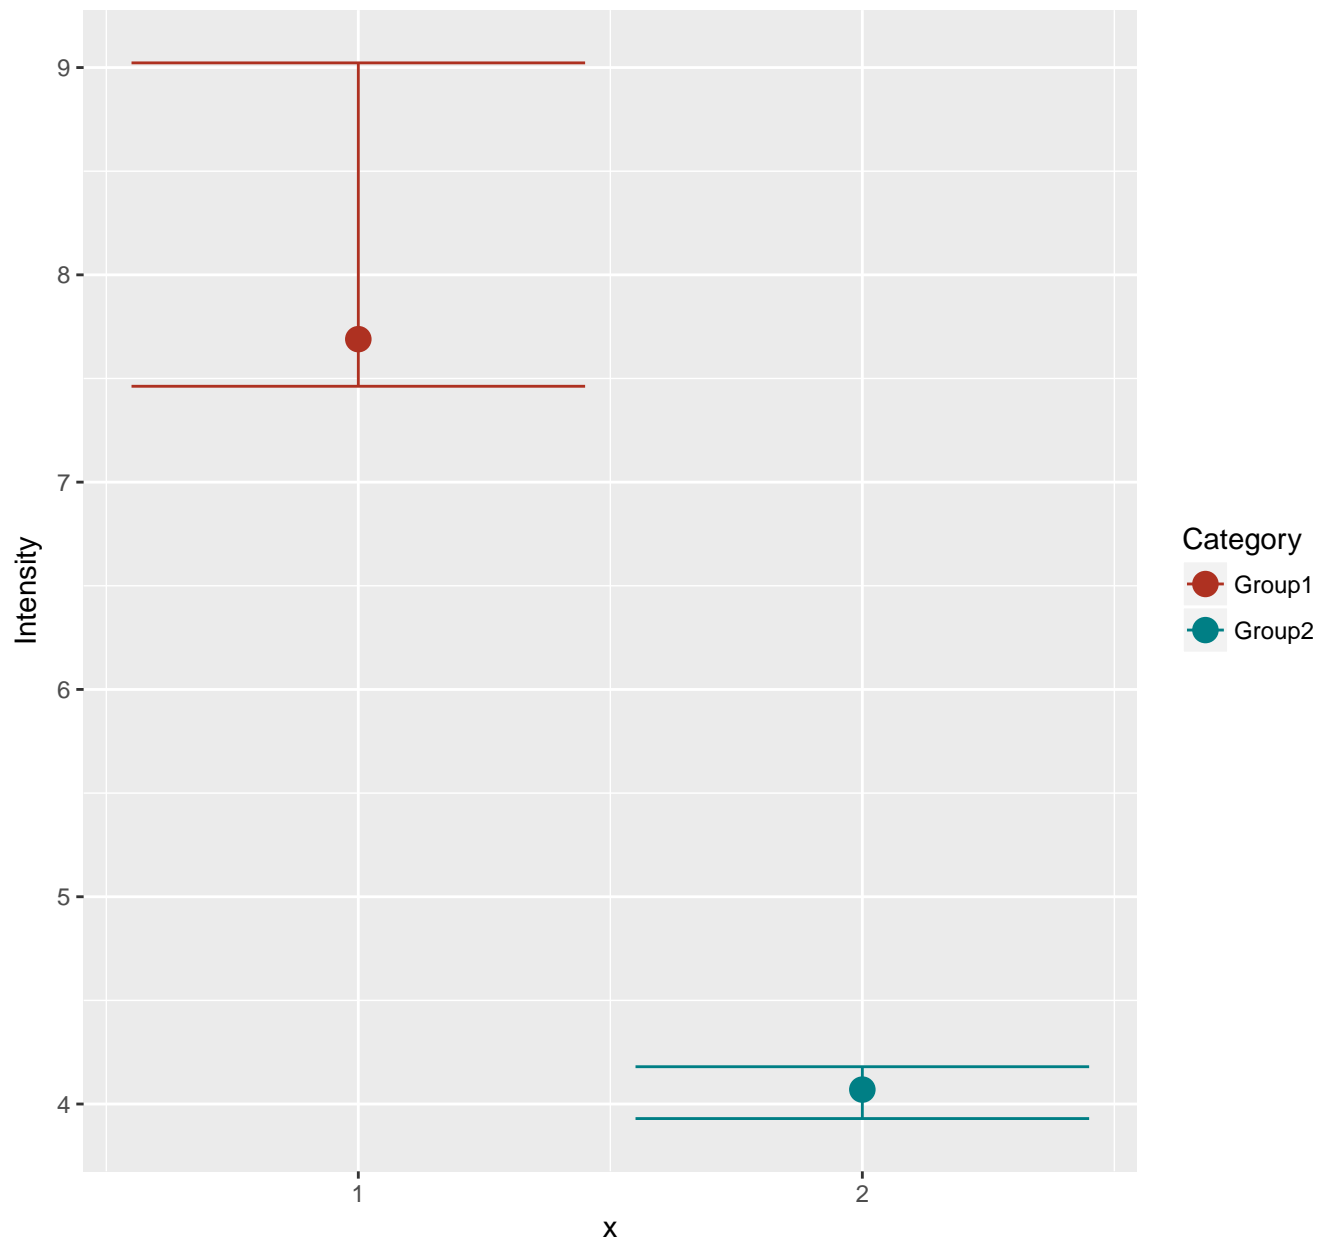

500.30344_47.9 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

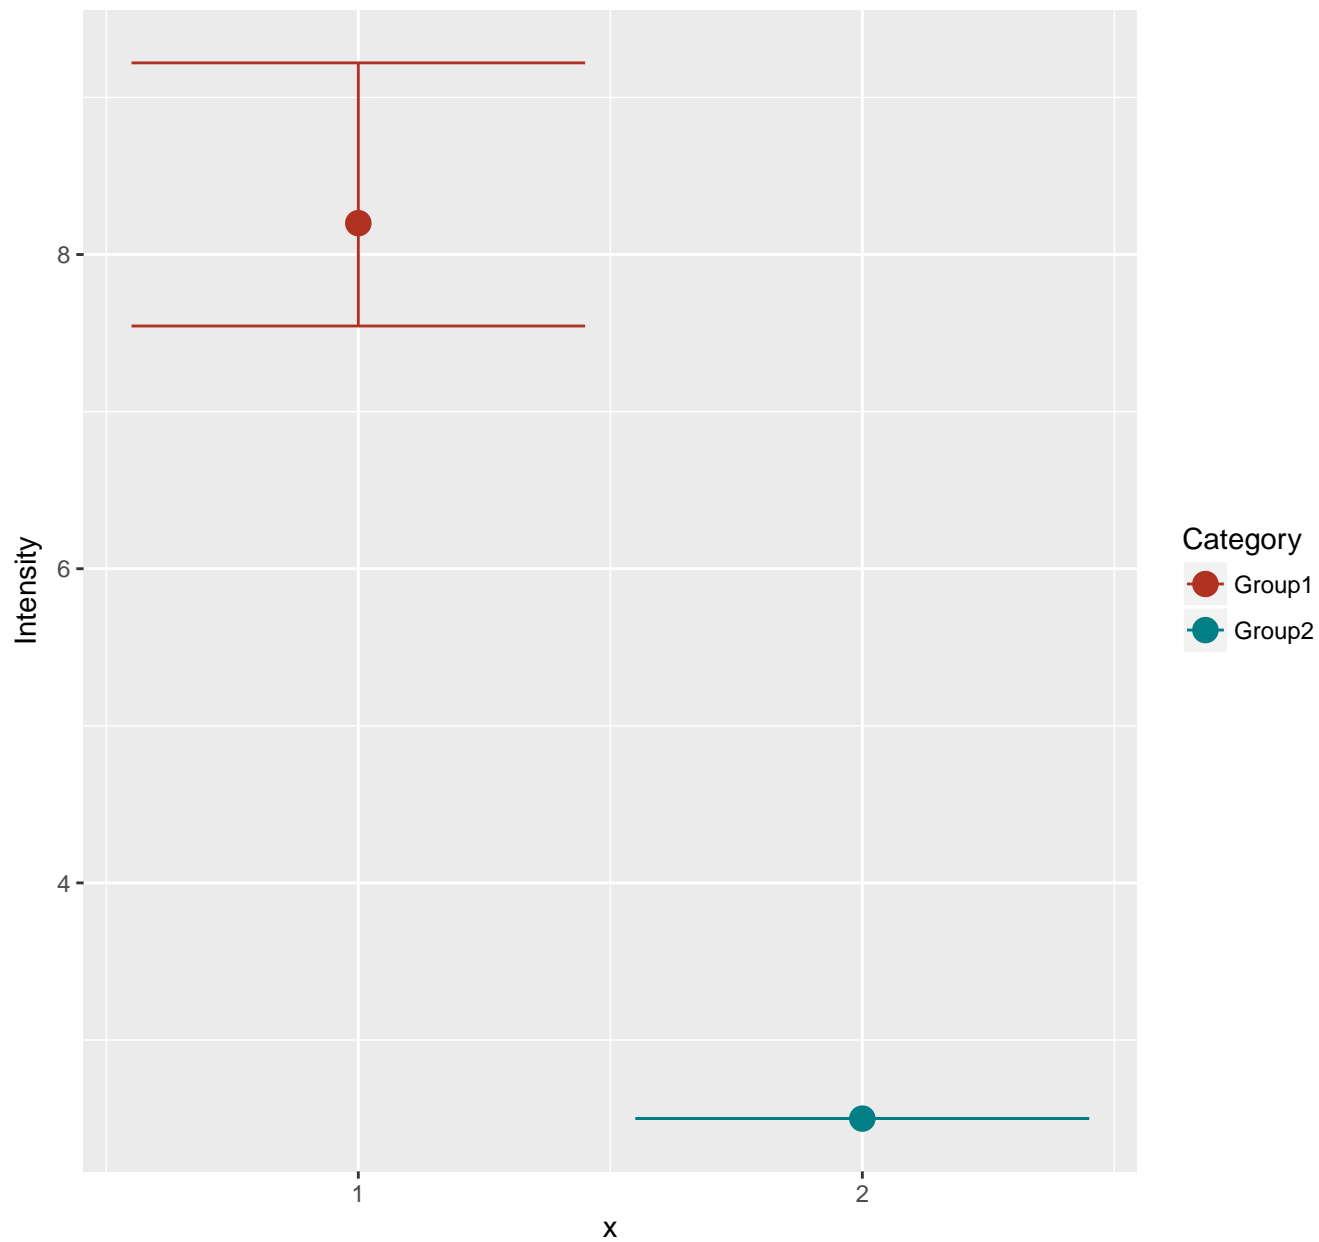

180.06599_26.8 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

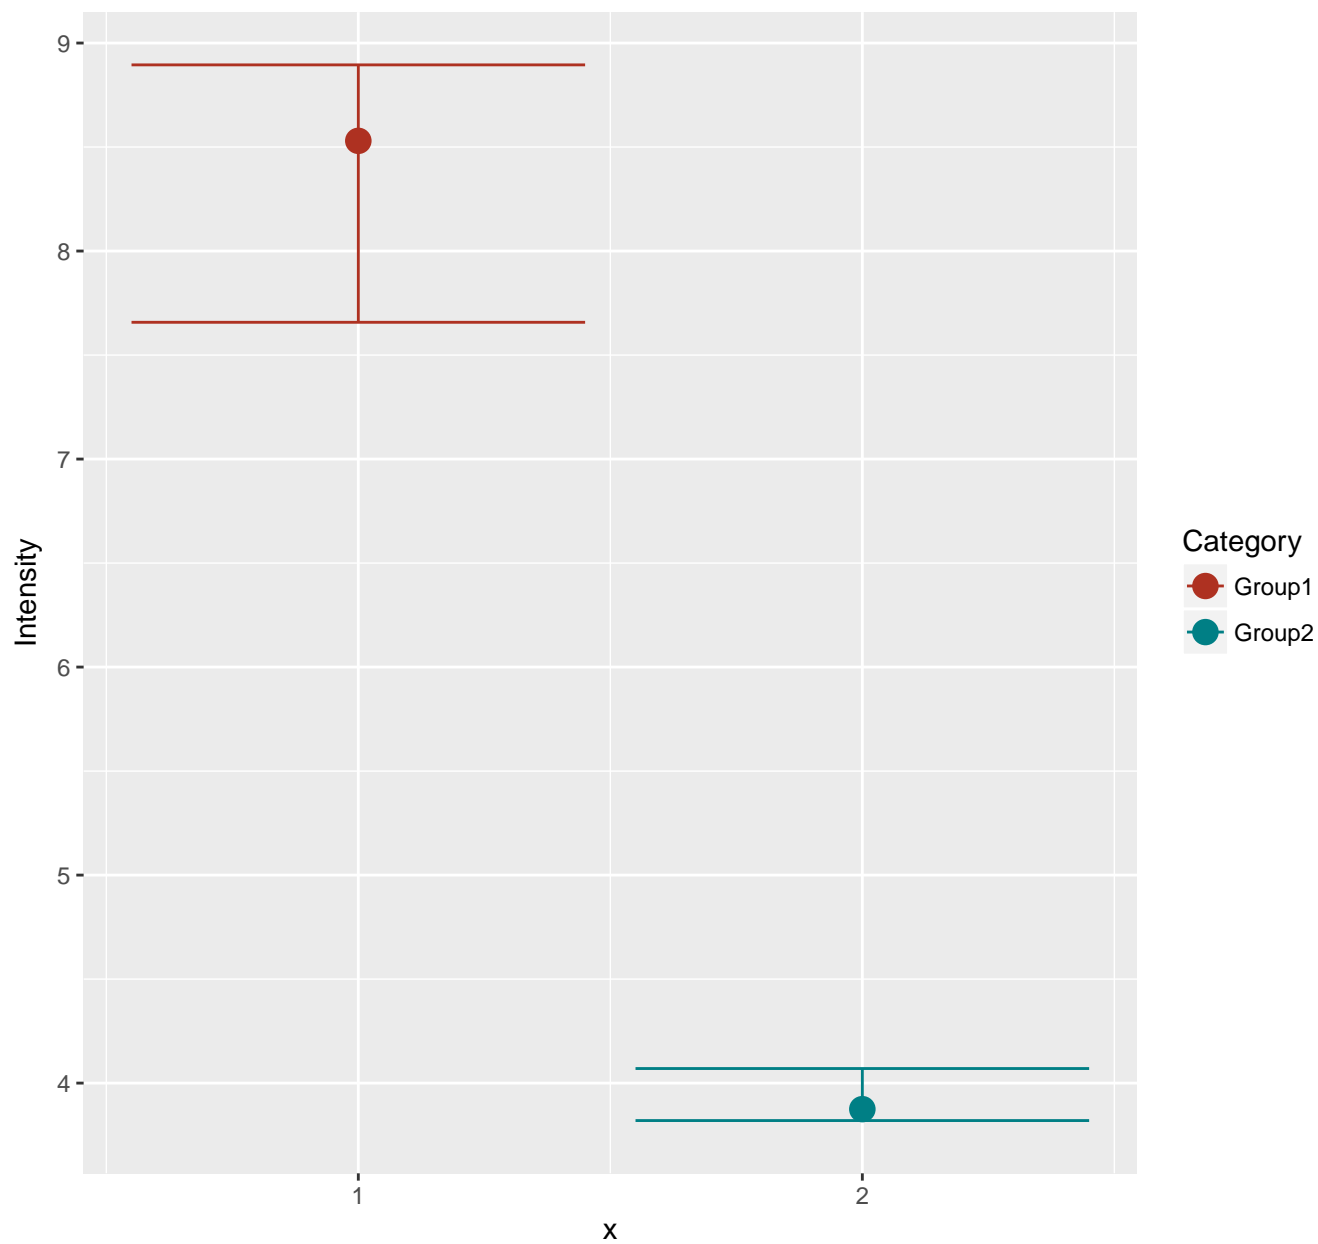

195.08766_374.8 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

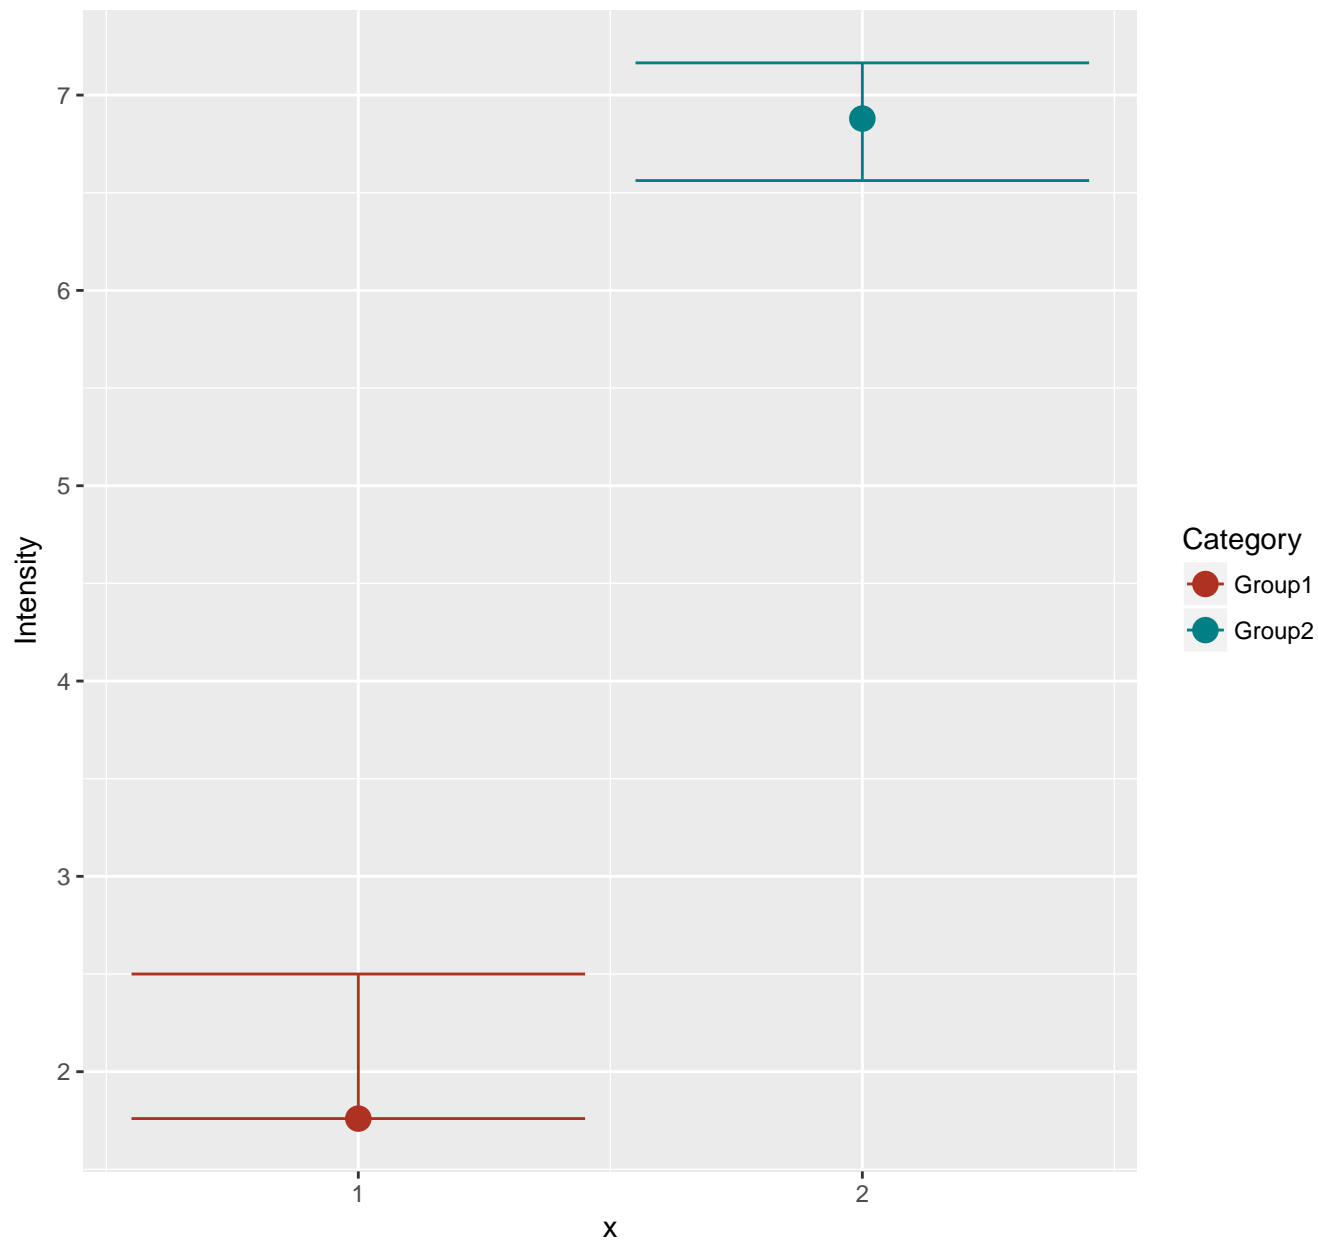

153.03966_124.2 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

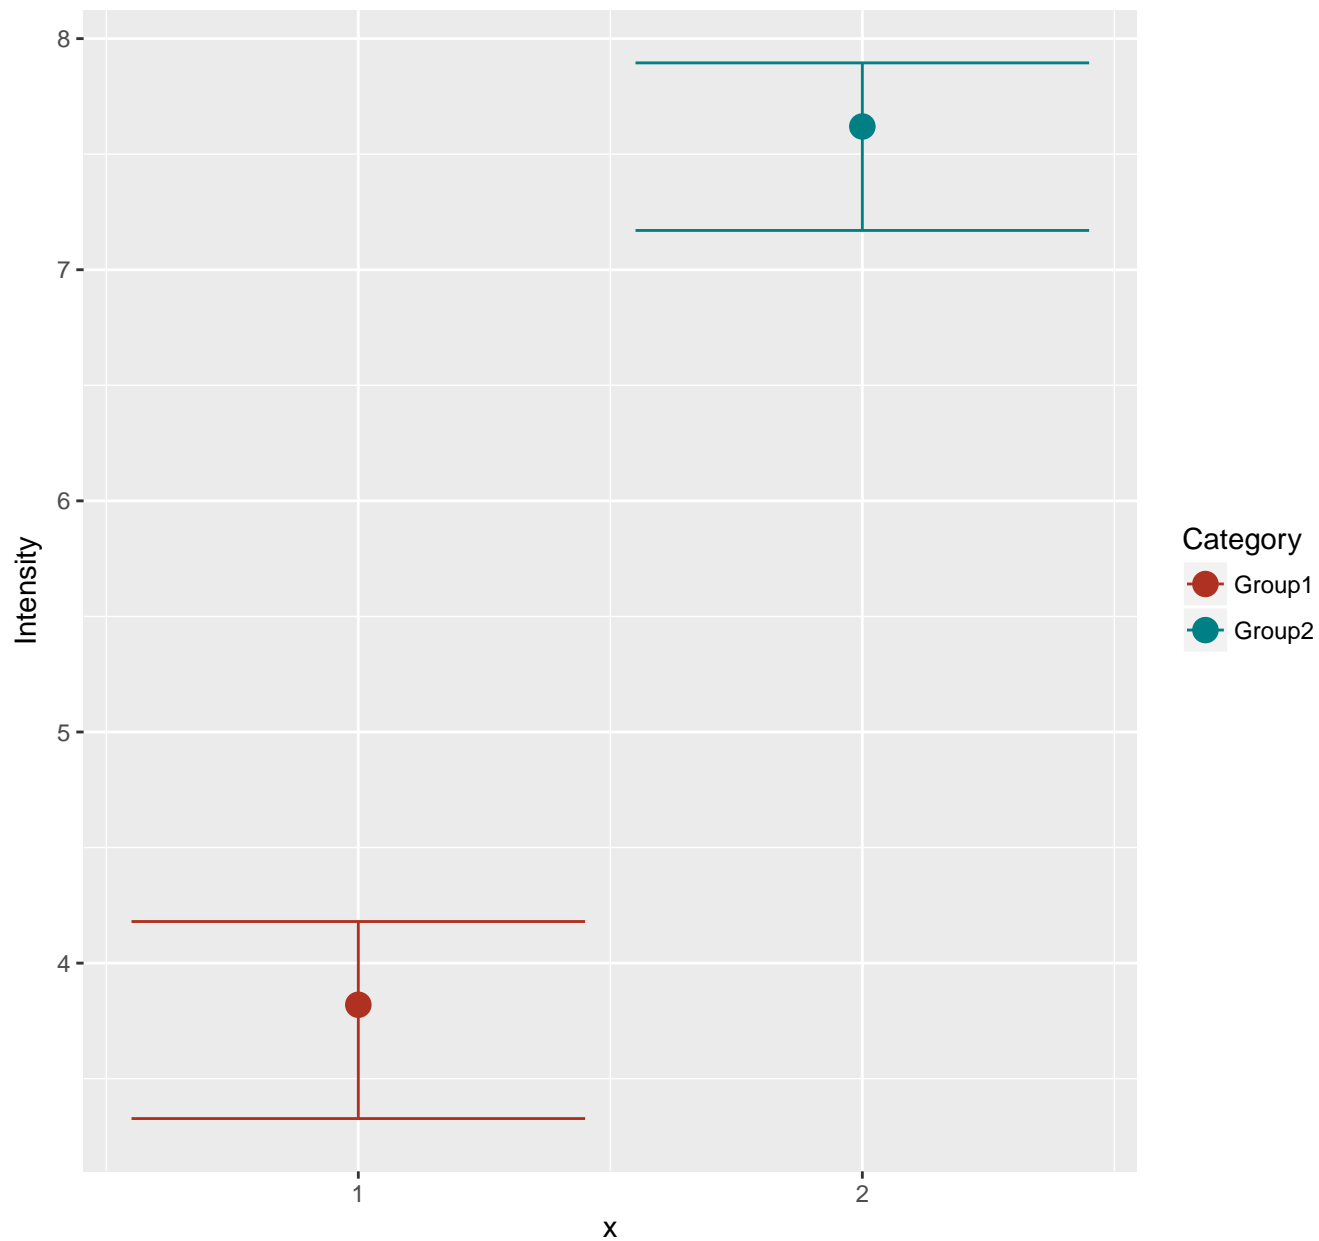

130.04993_122.3 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

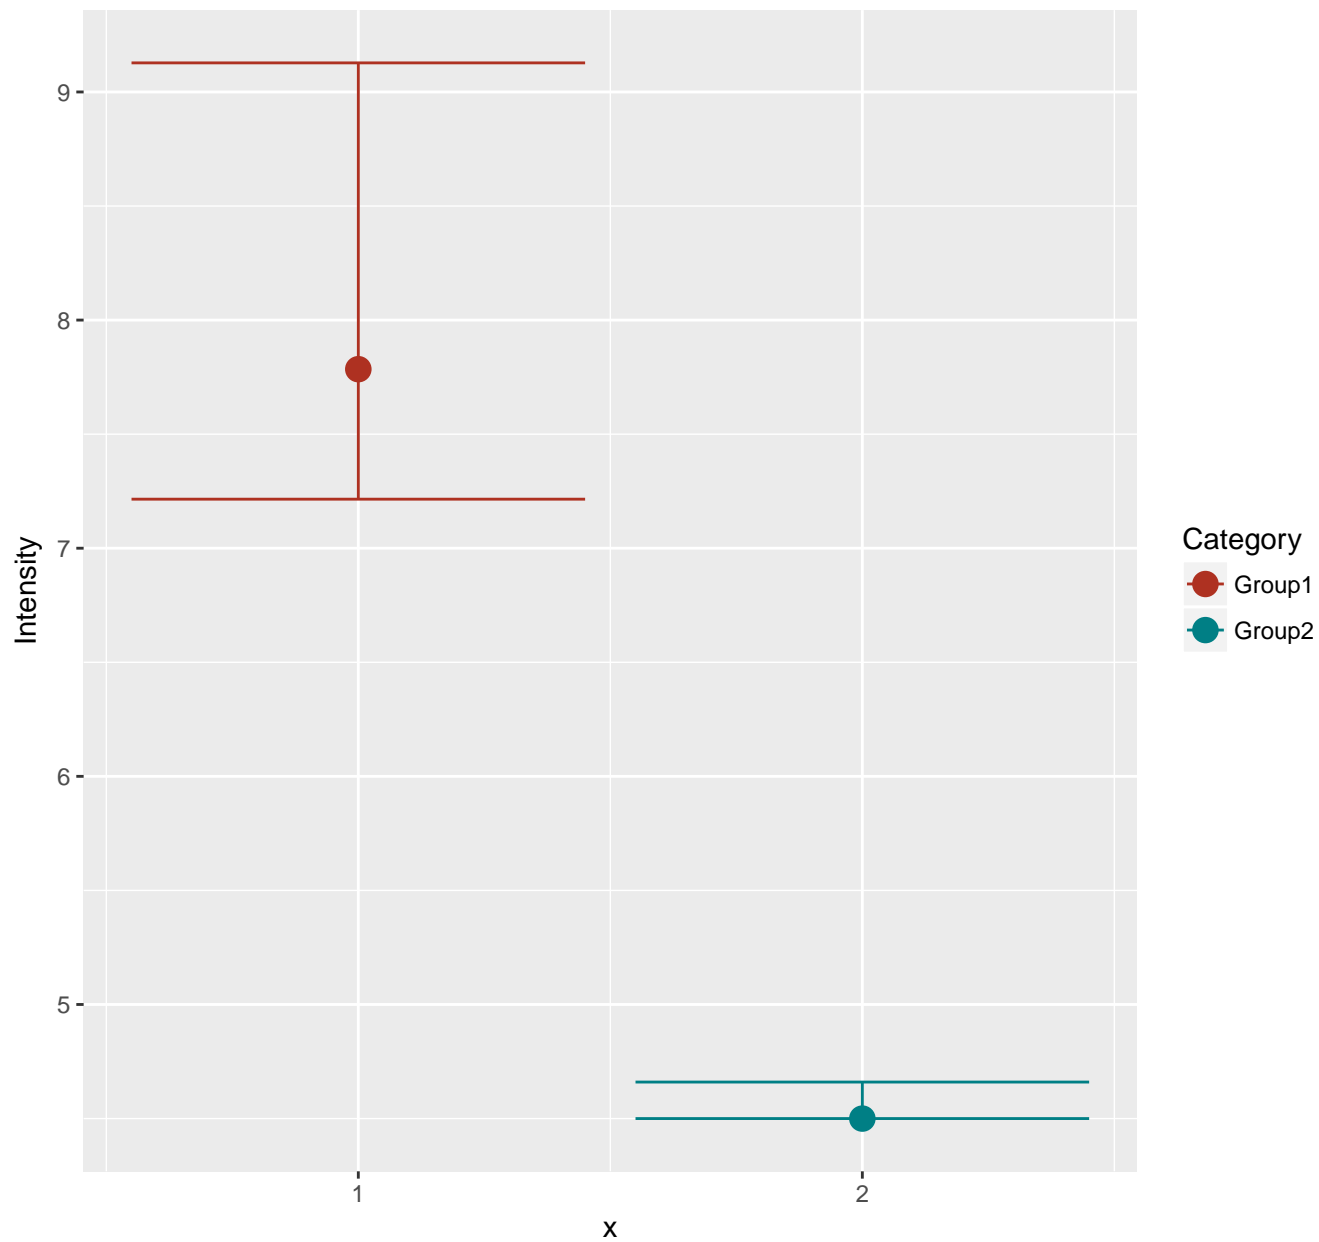

363.21618_42 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

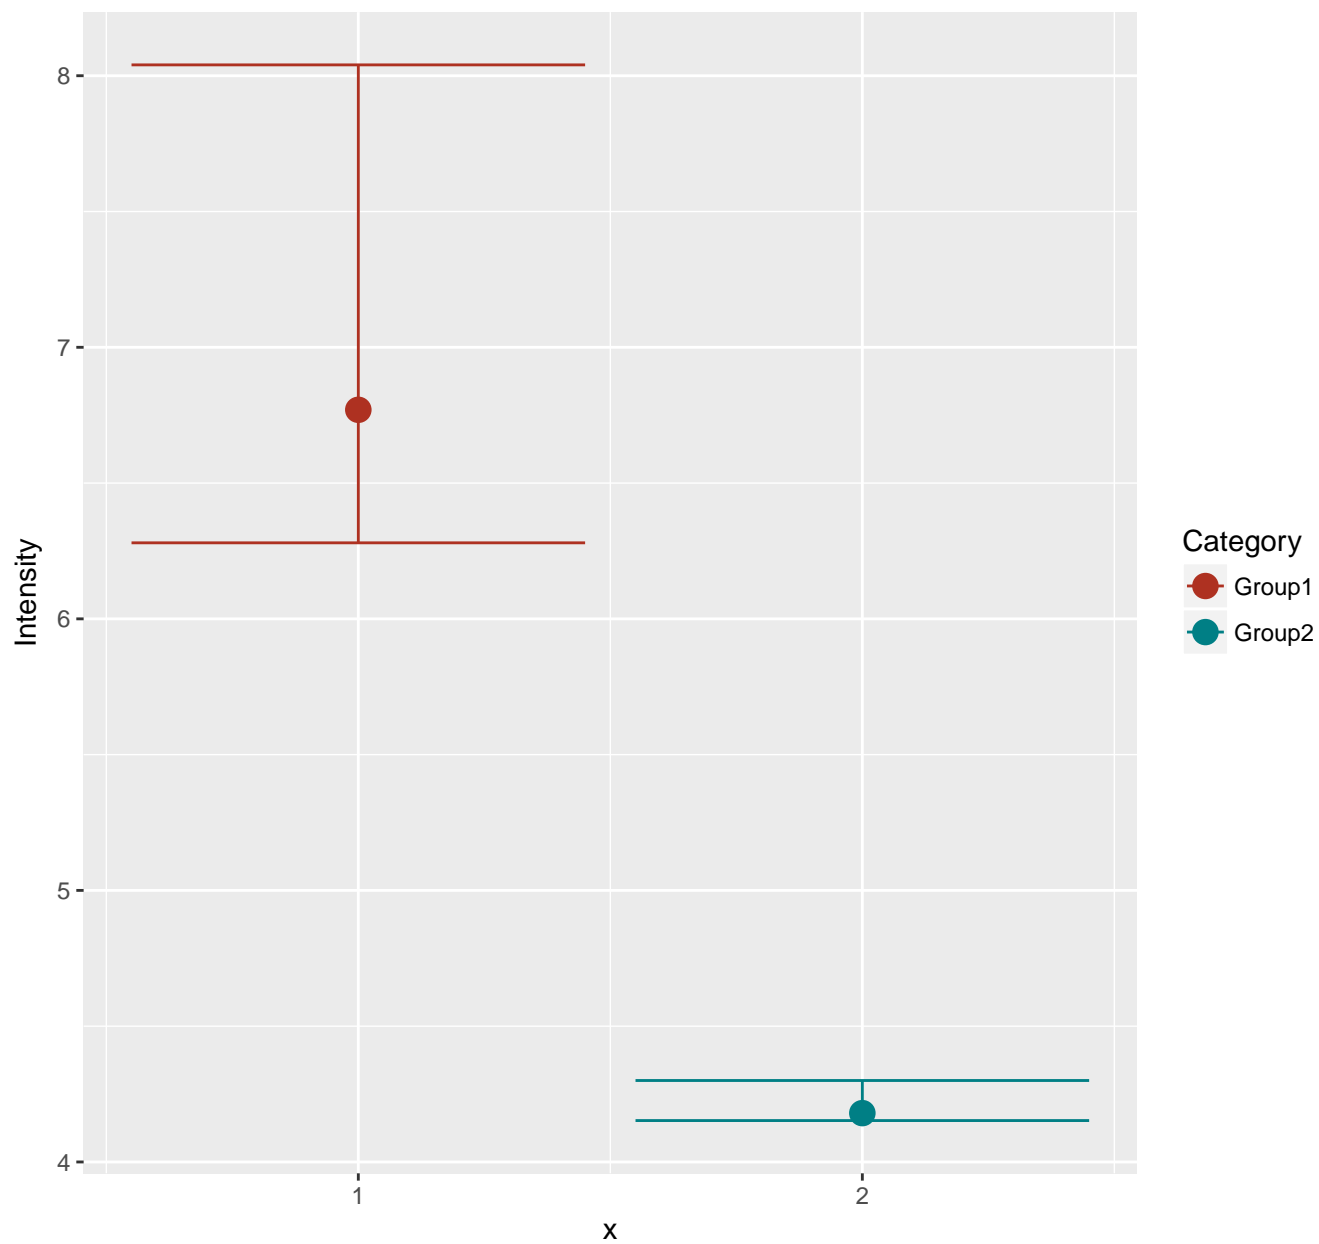

377.14538_60.5 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

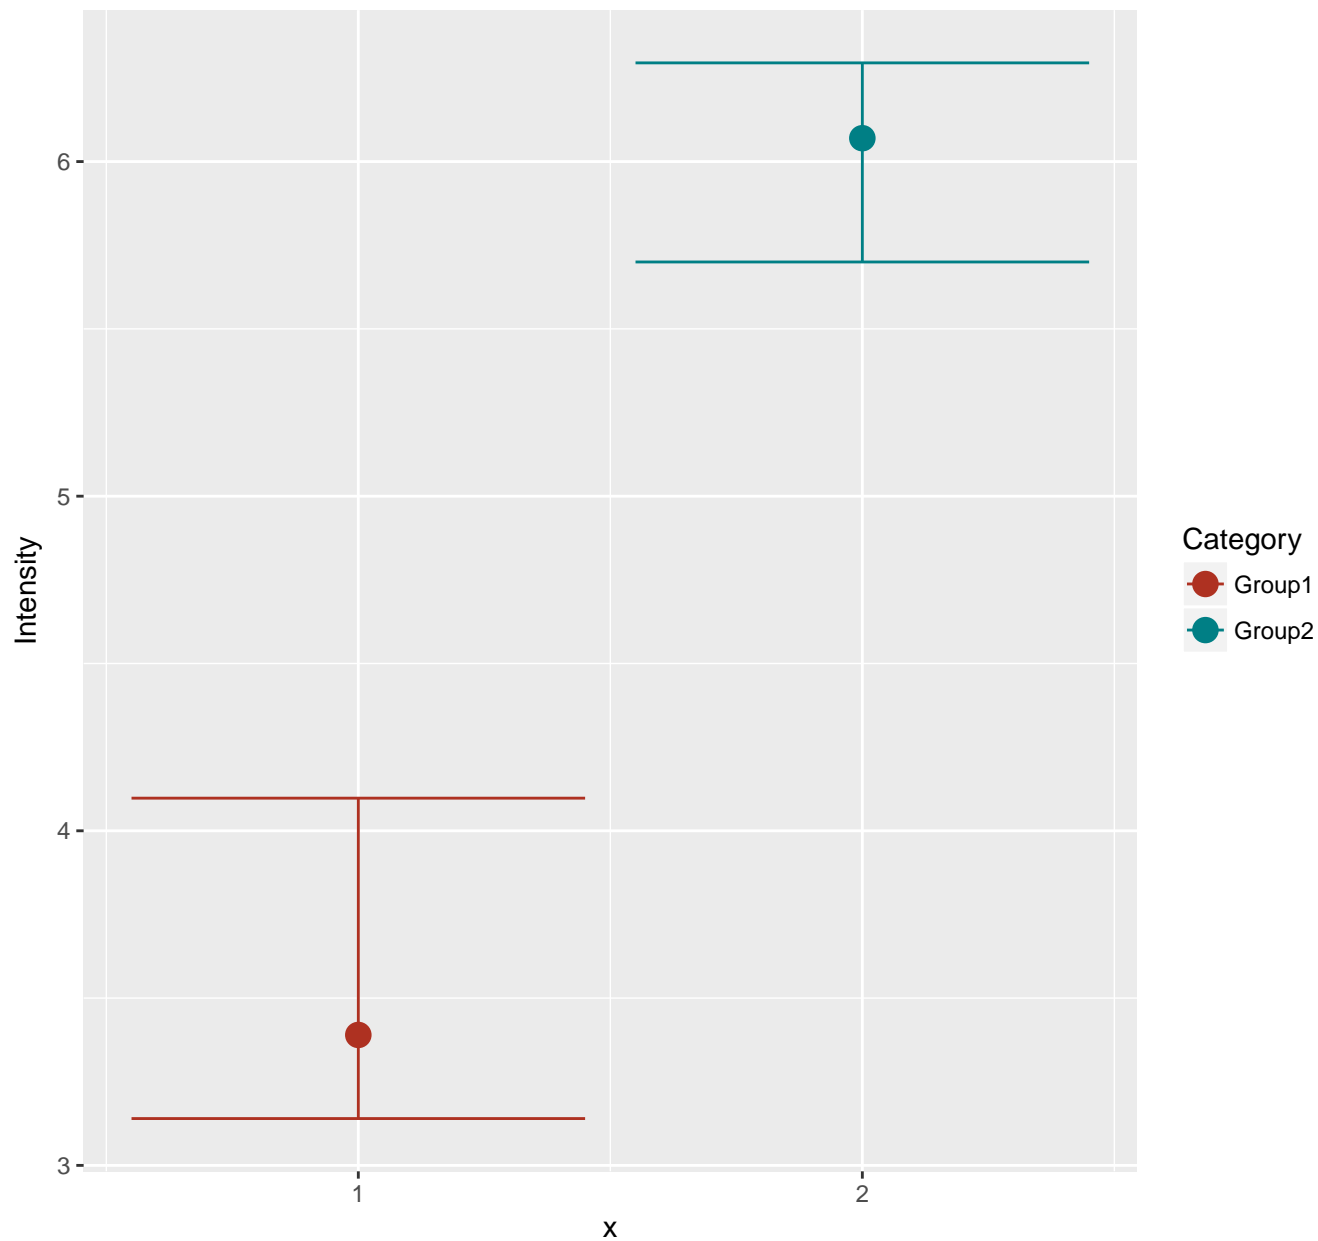

156.07674_126.3 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

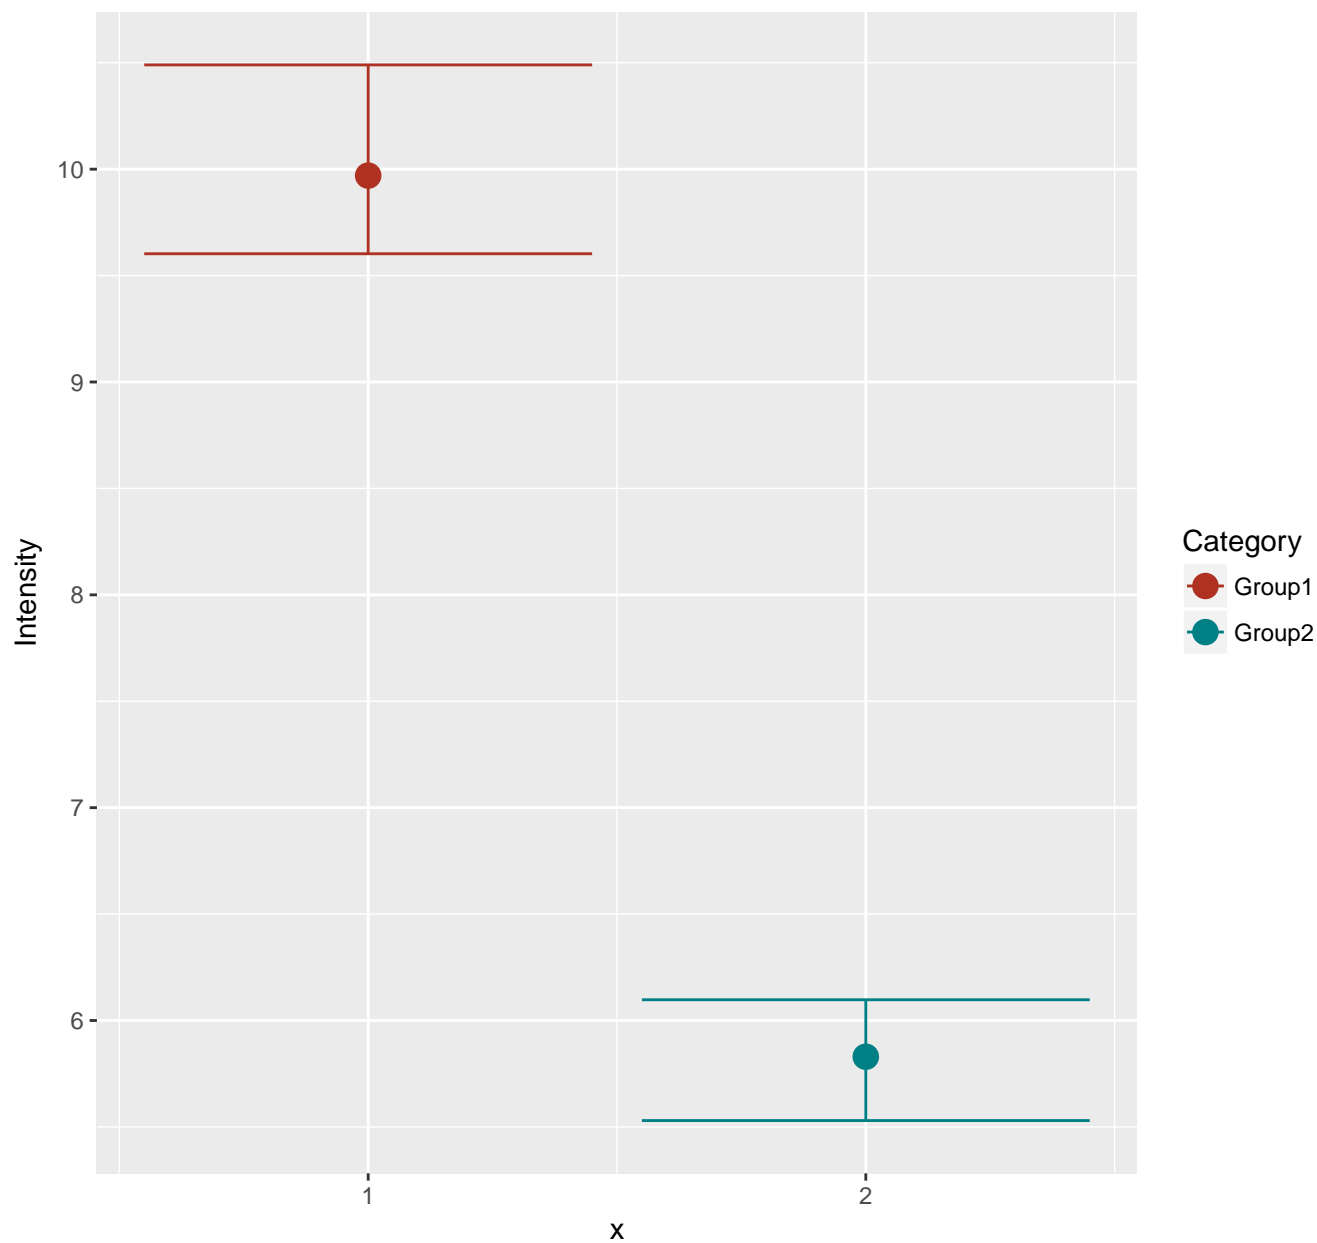

258.10967_132.6 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

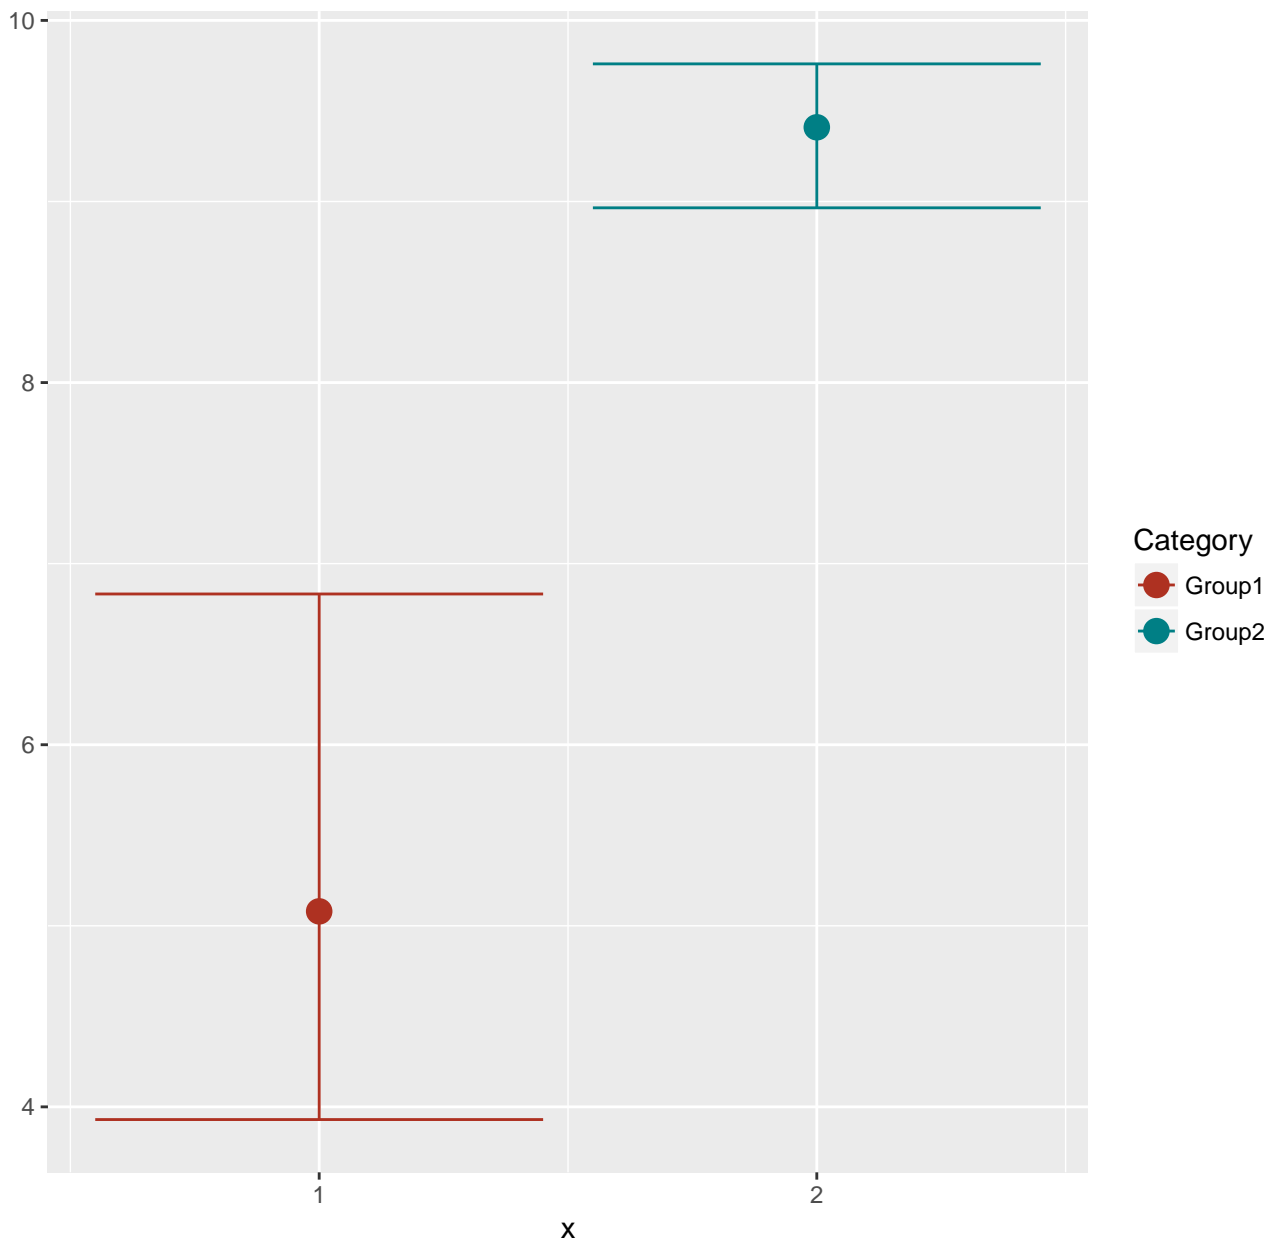

400.34156_112.9 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

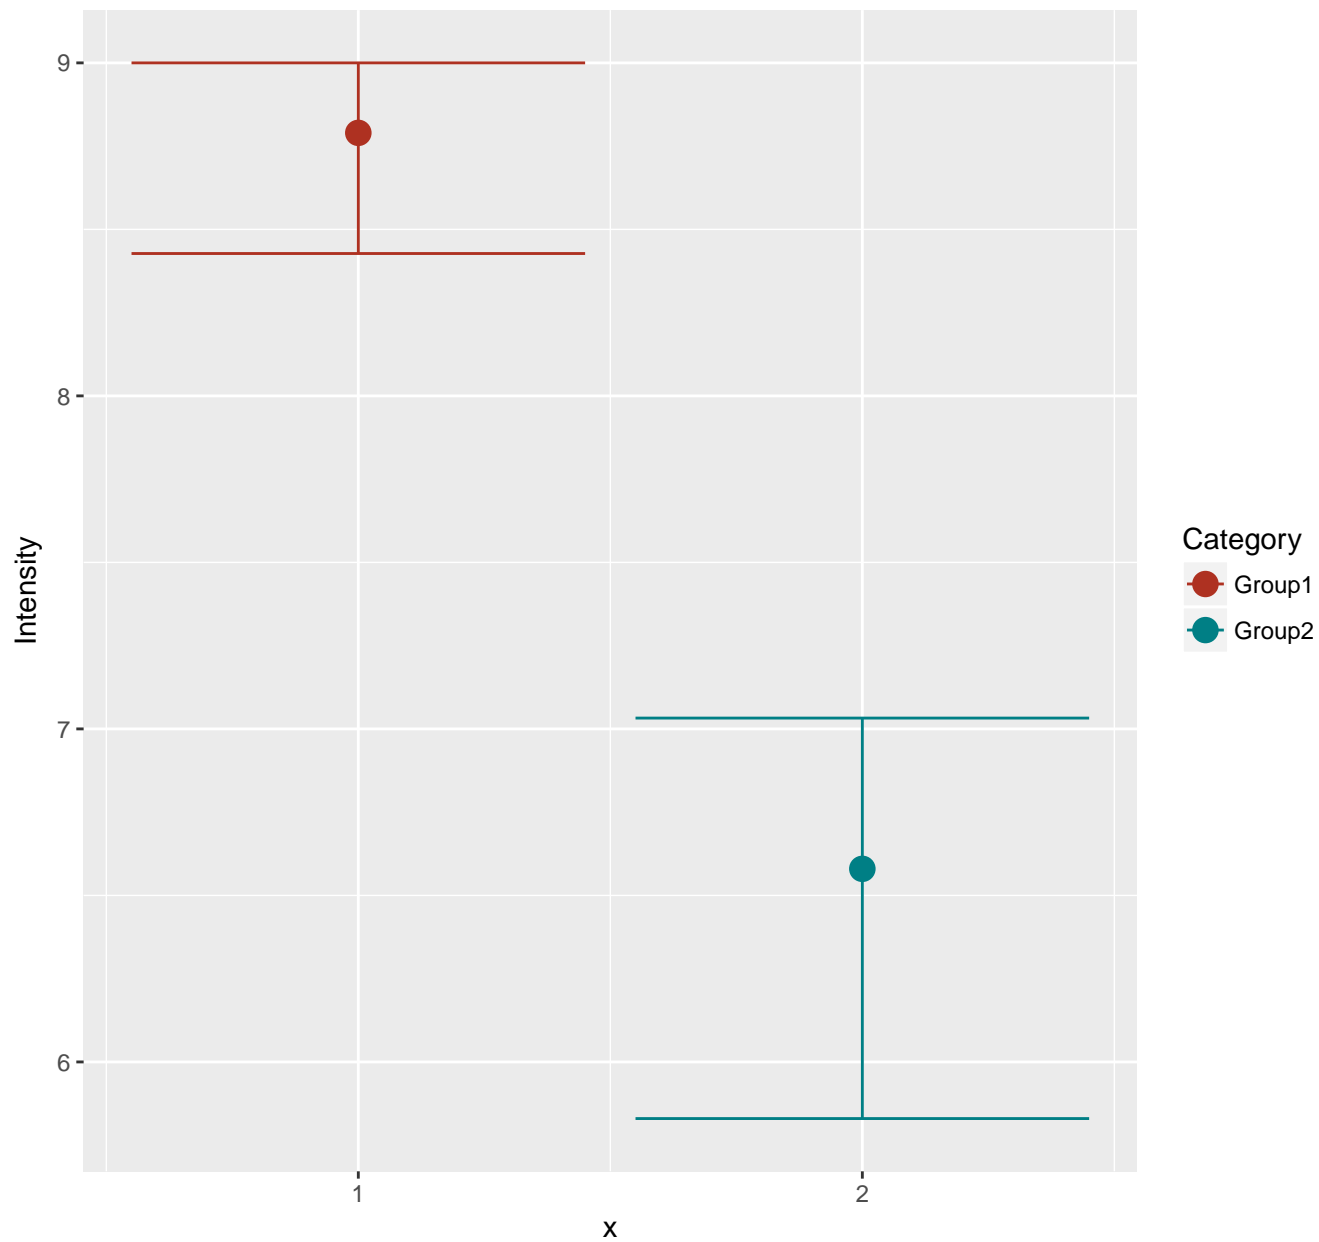

255.06537_122.8 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

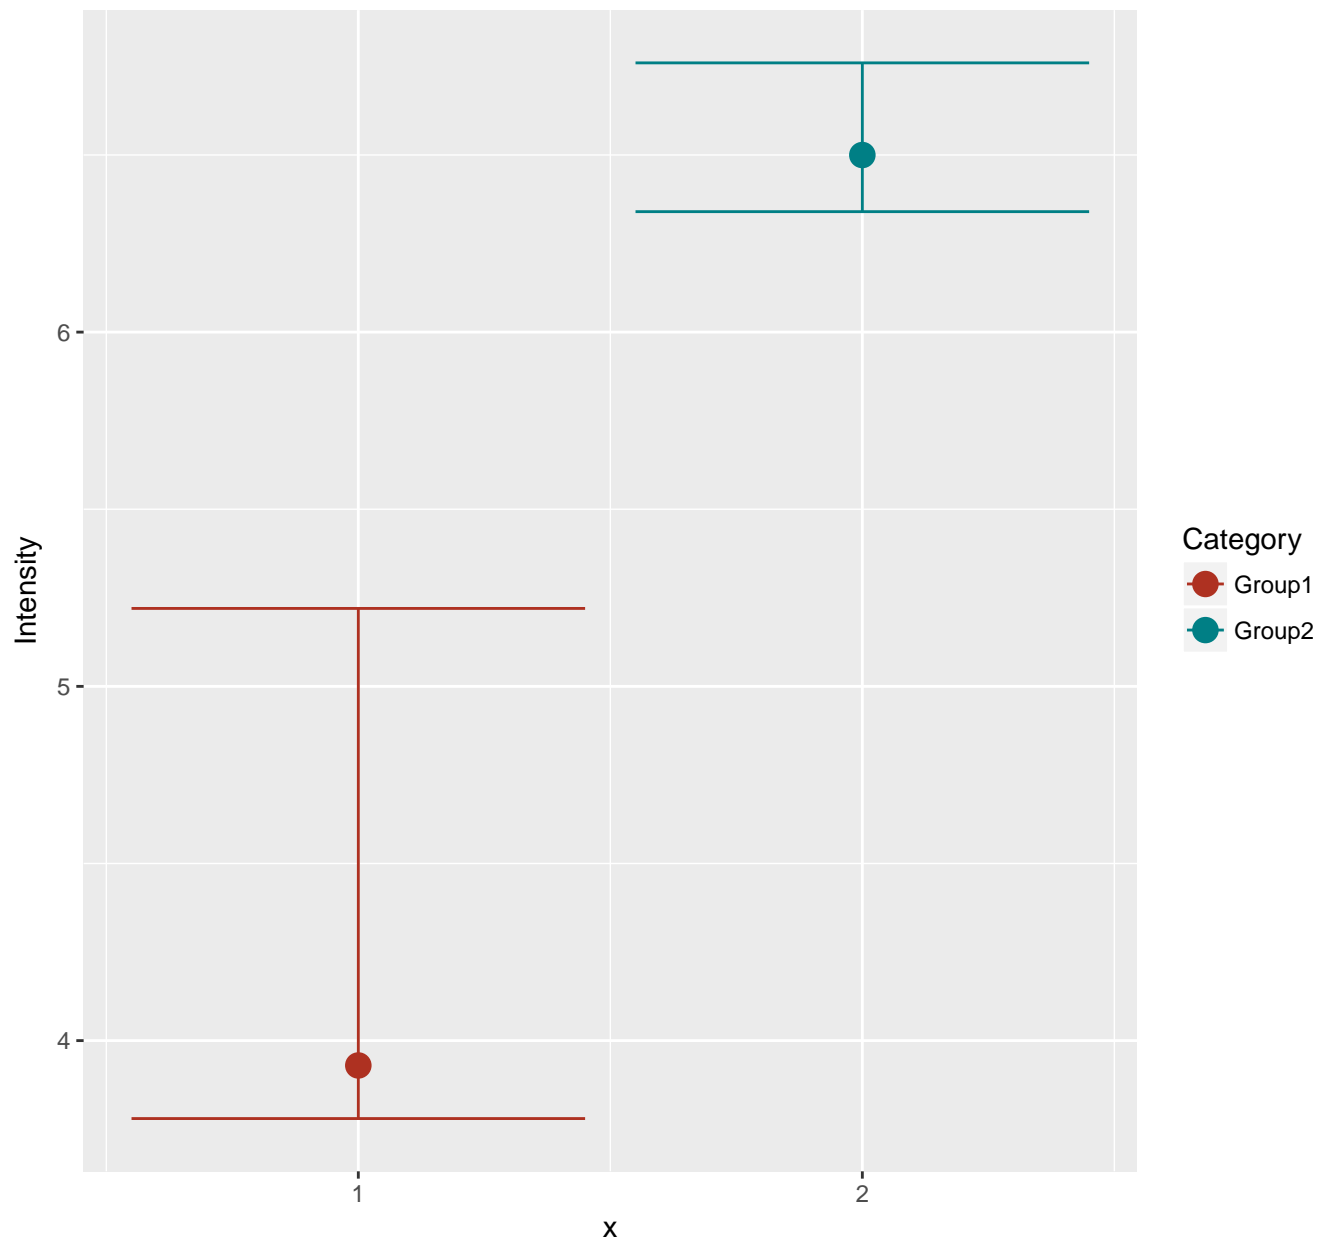

137.05966_112.2 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

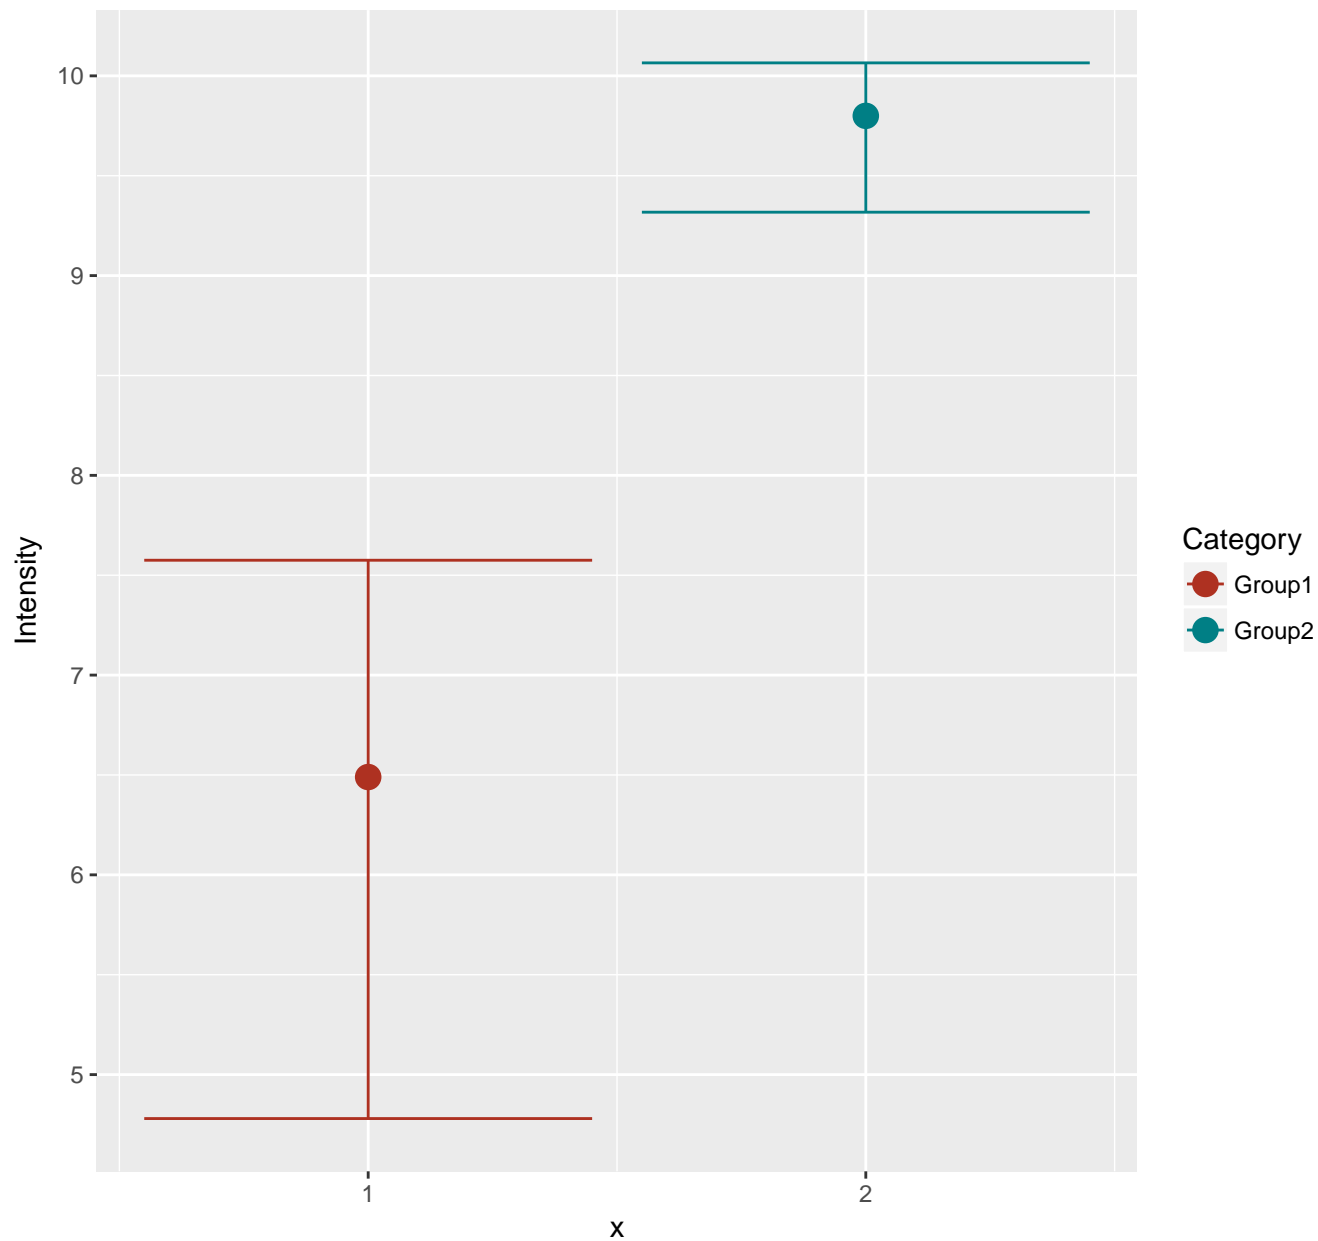

175.11883_124.2 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

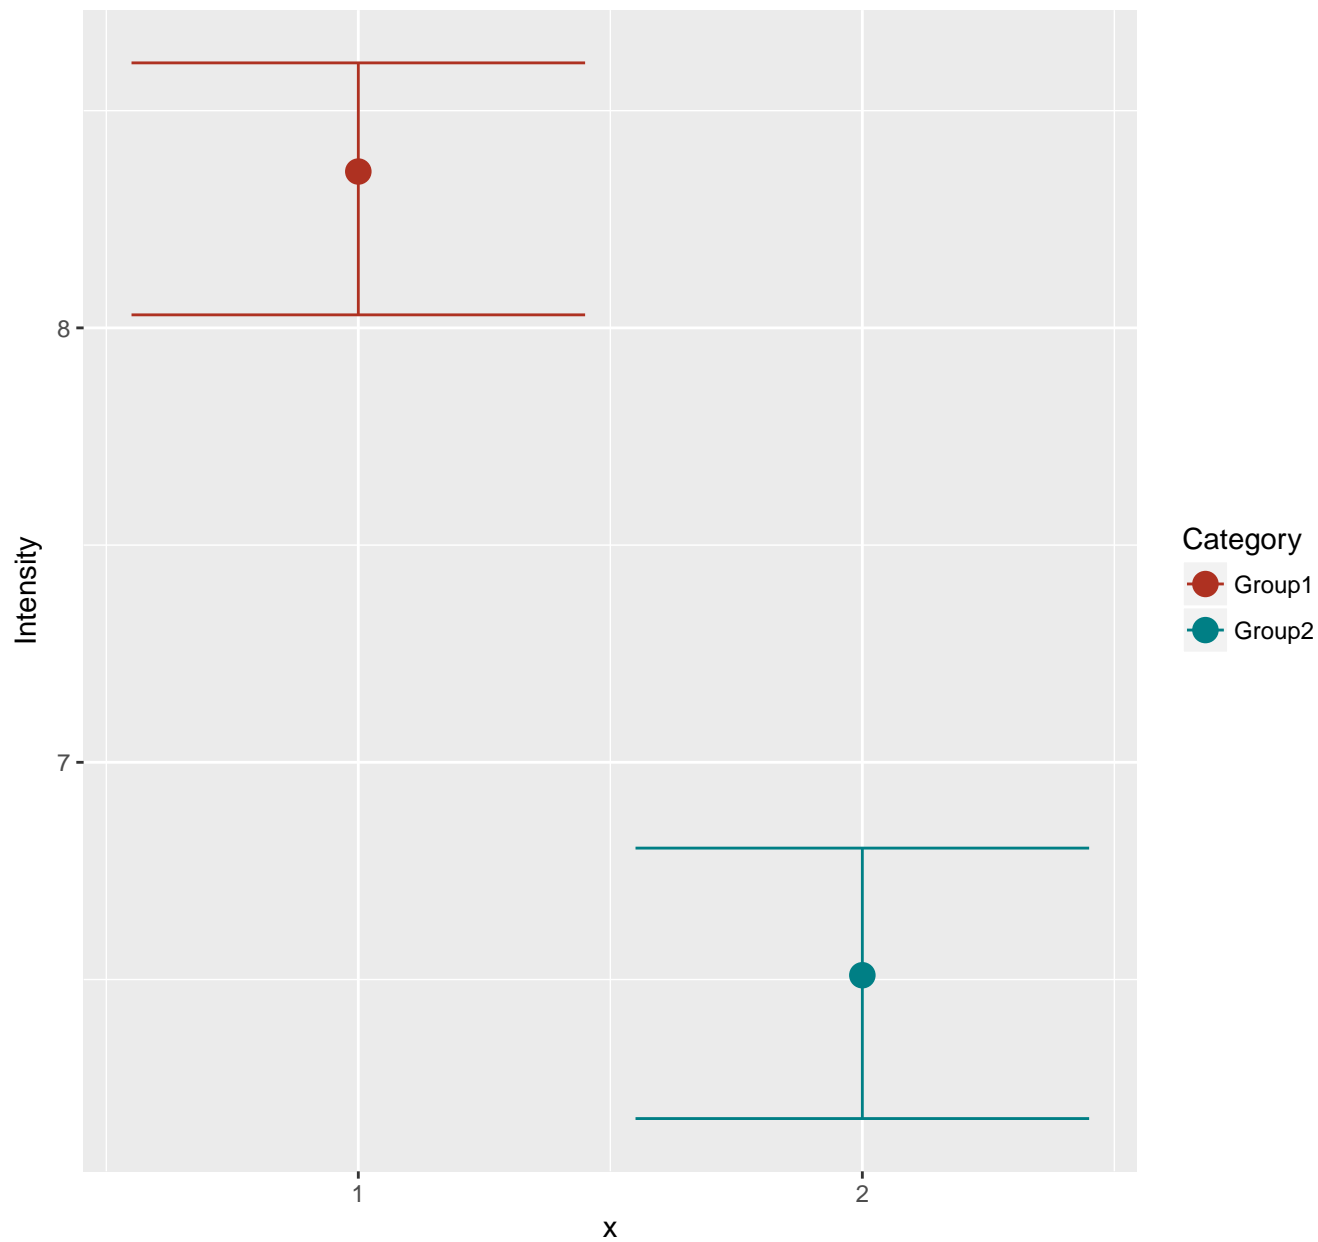

257.24728_78.7 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

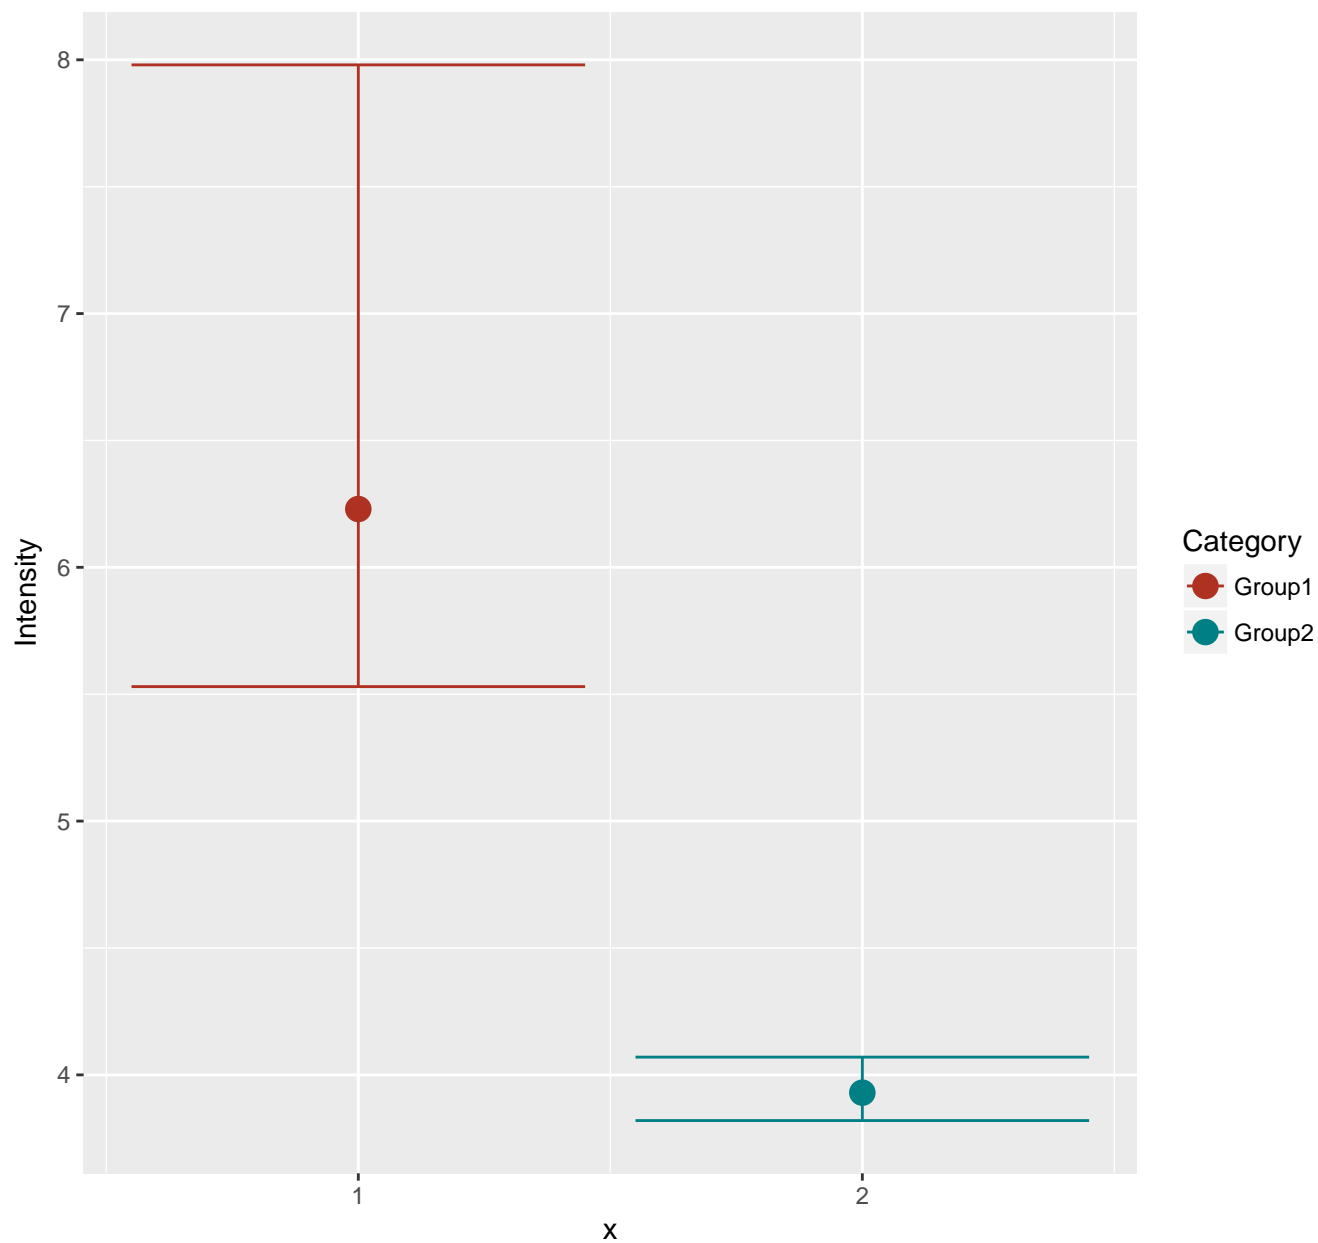

363.21618_42 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

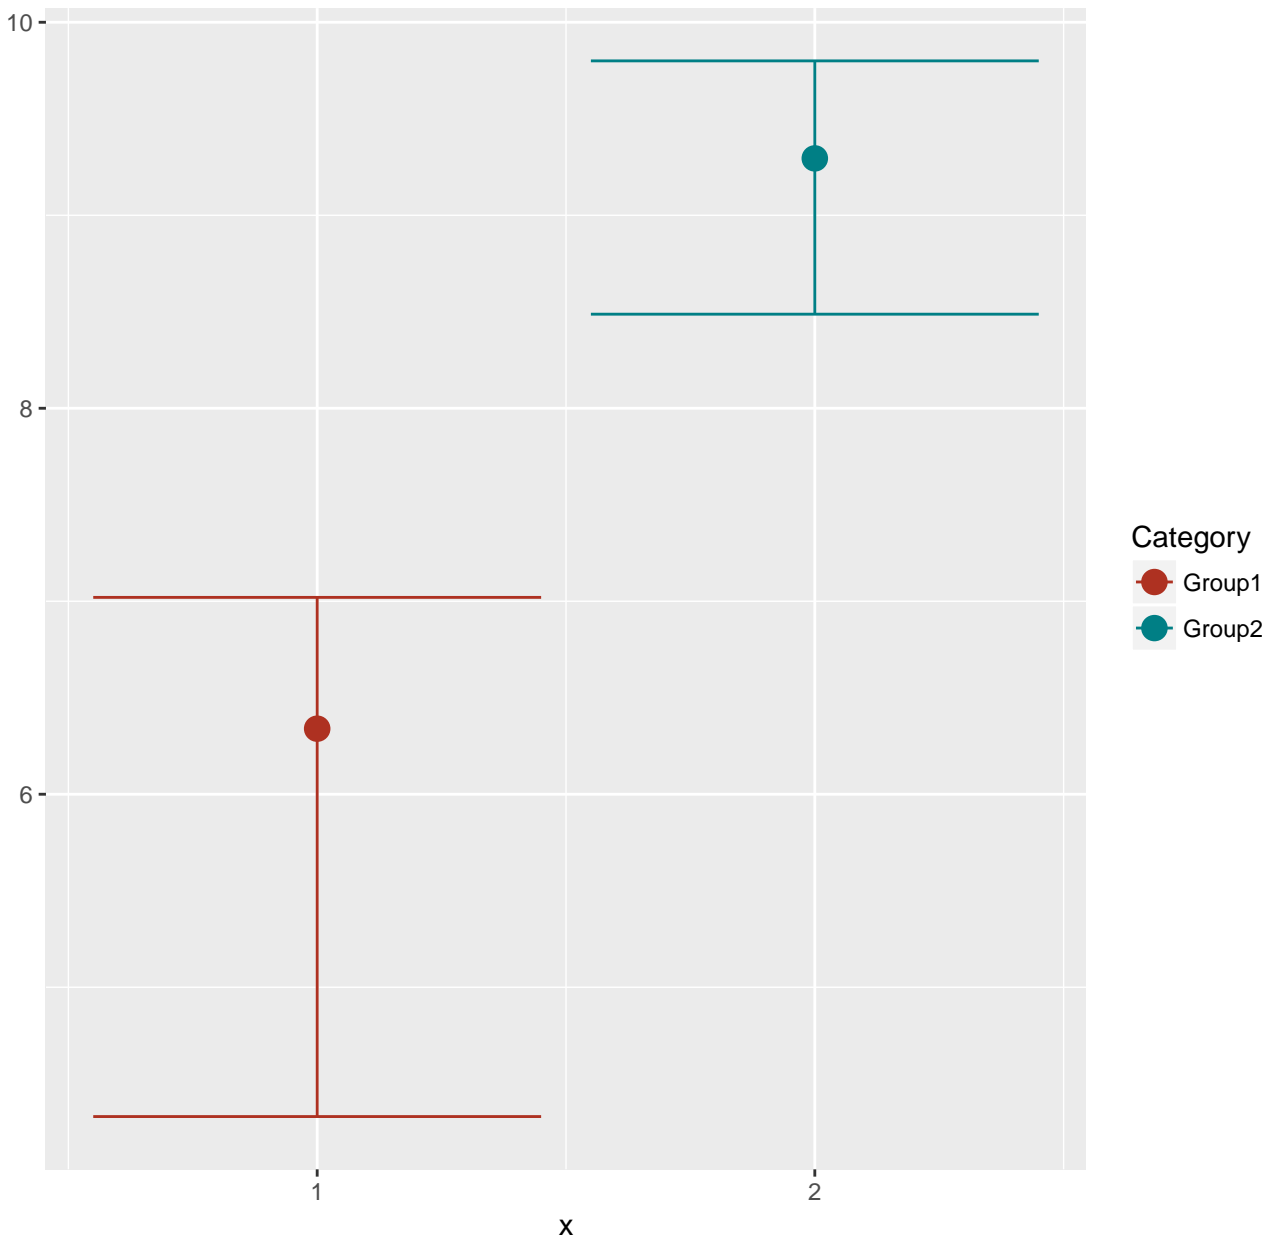

90.05544_114.3 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

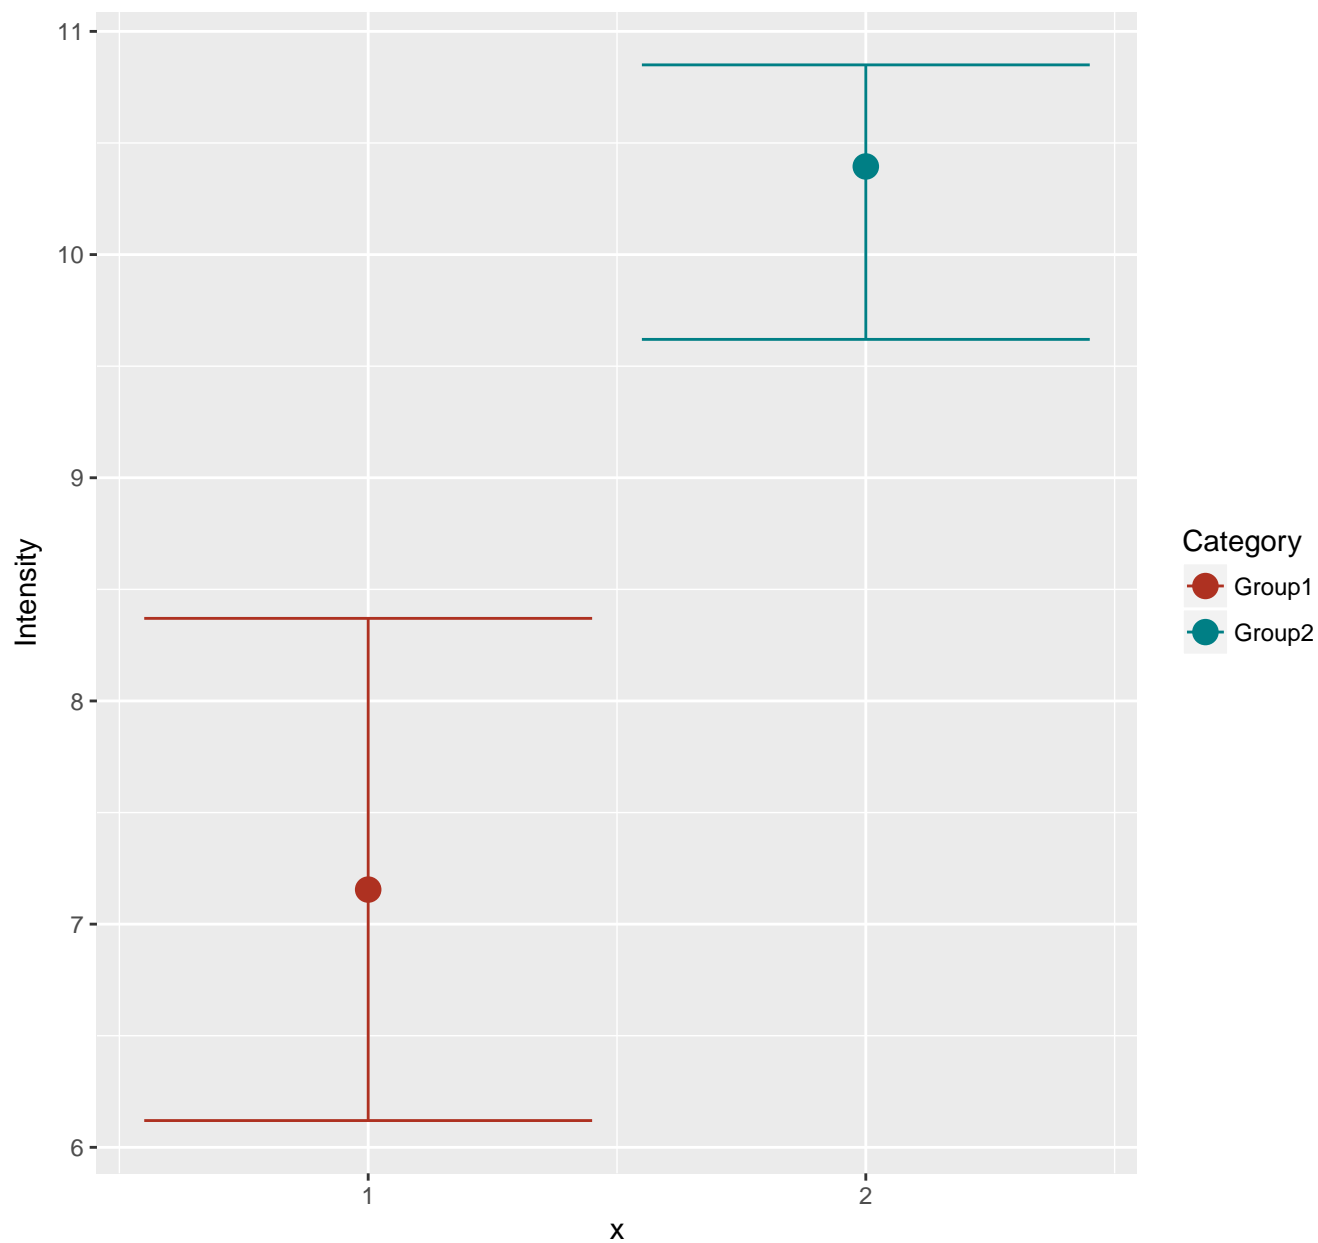

90.05544_114.3 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

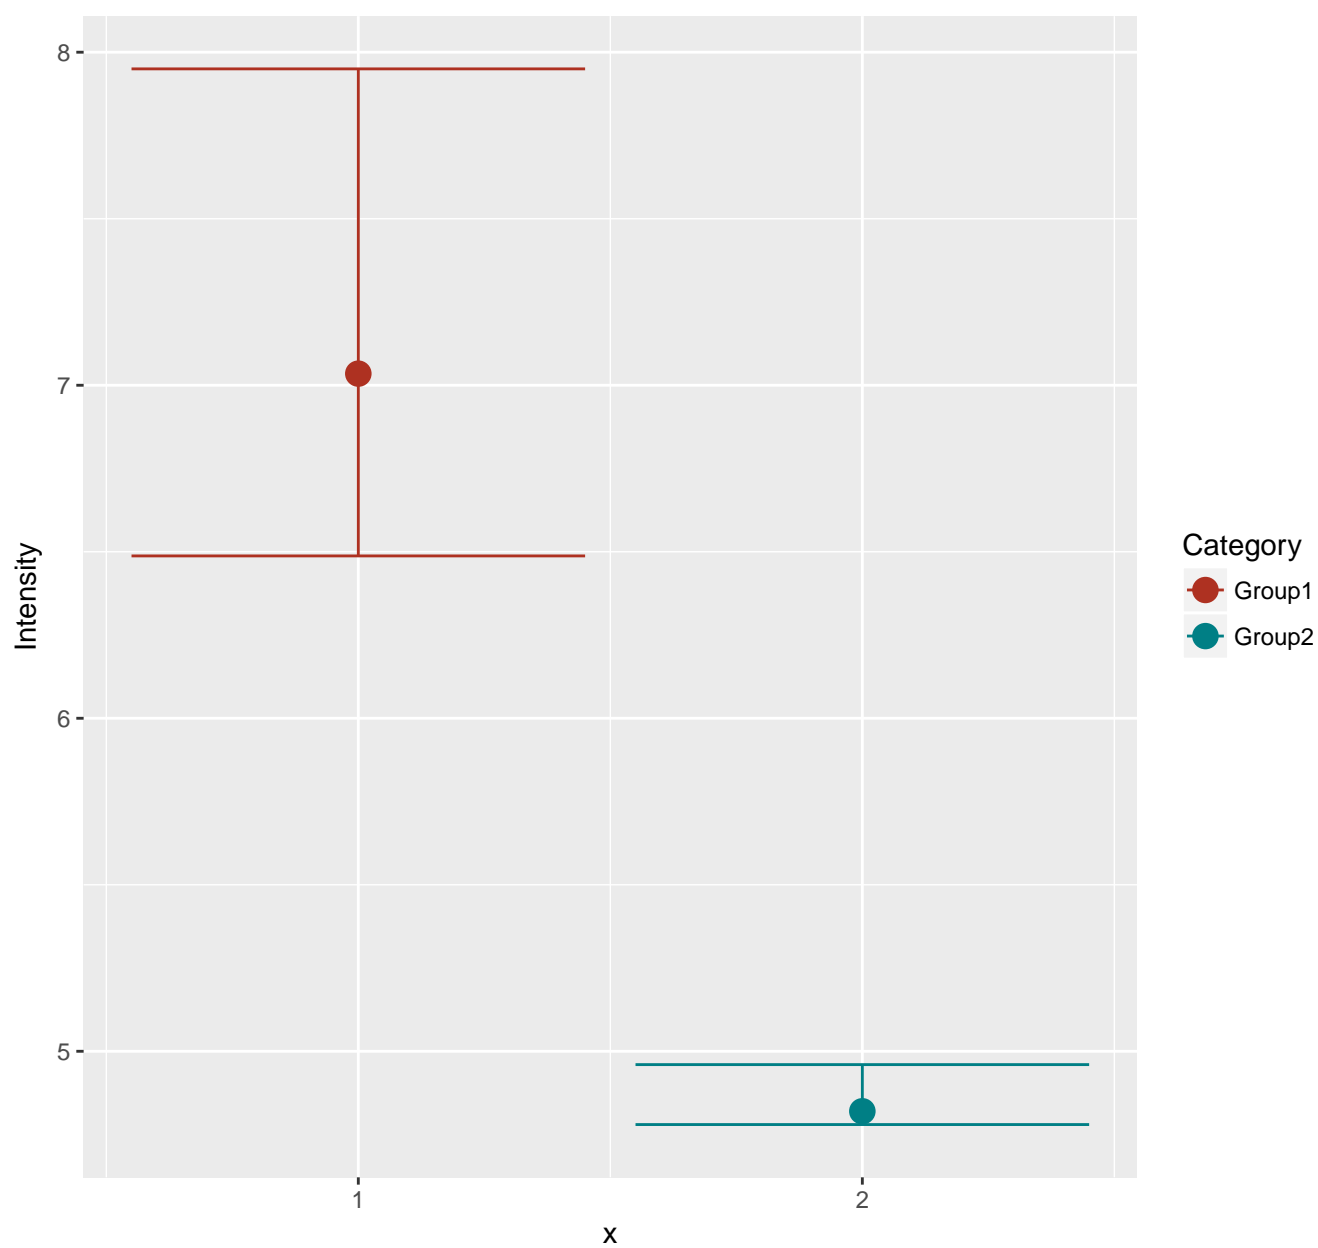

203.05242_59.5 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

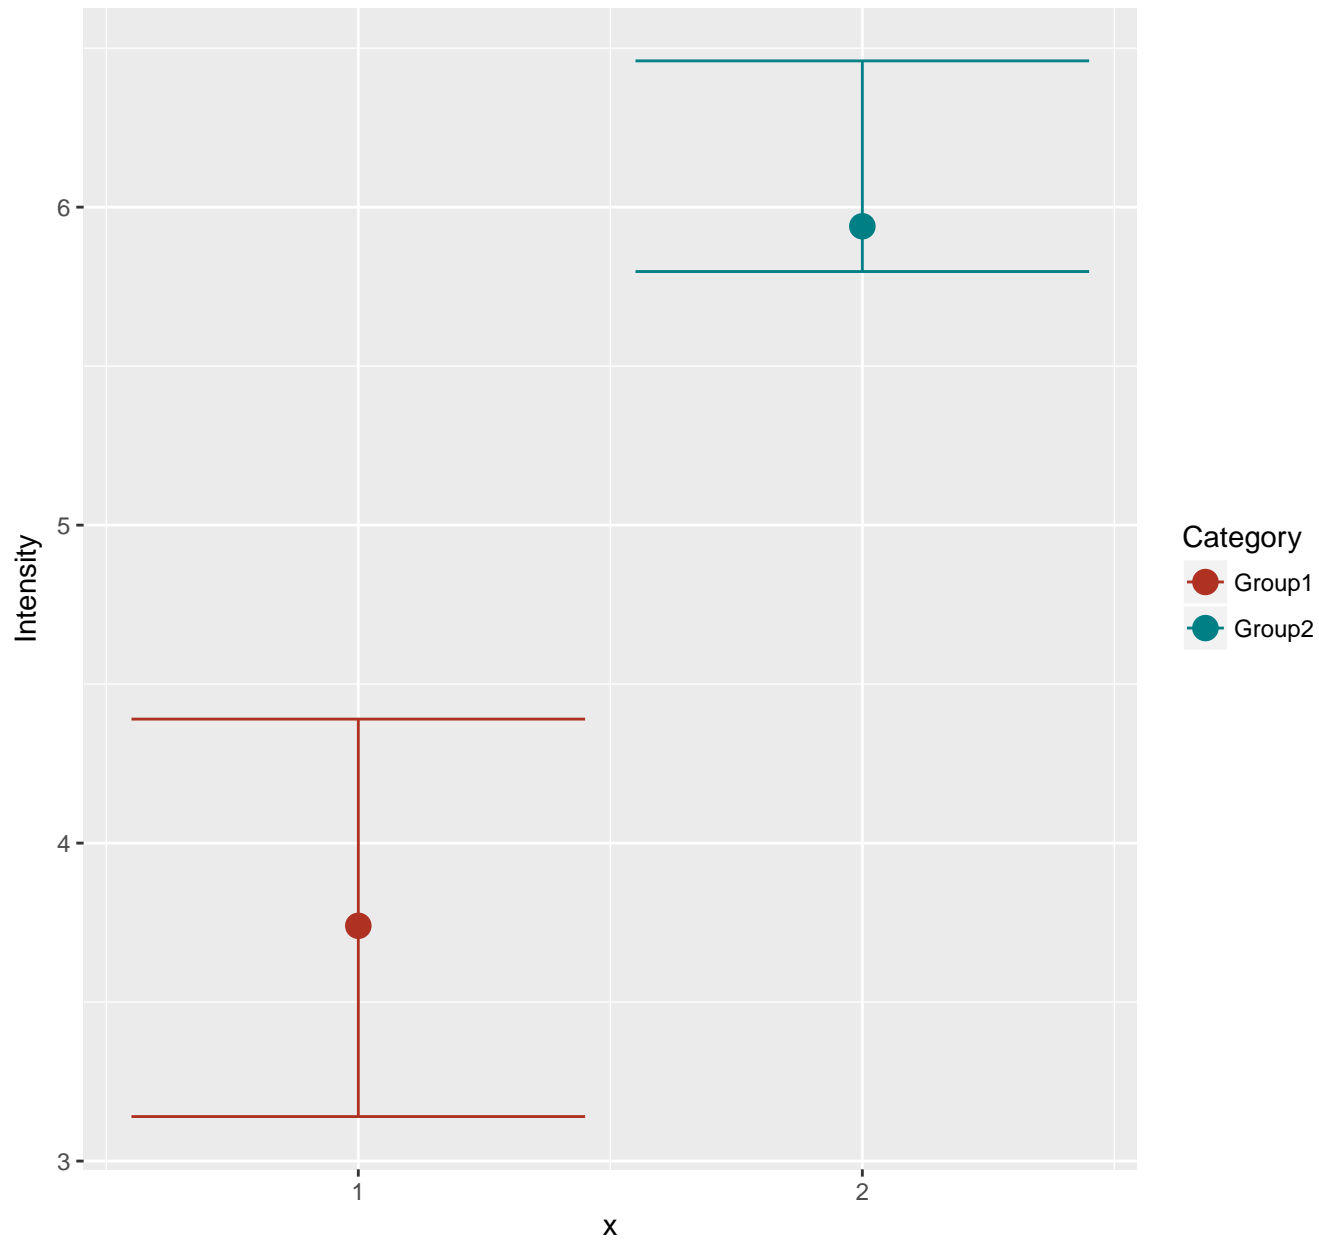

258.1096_129.2 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

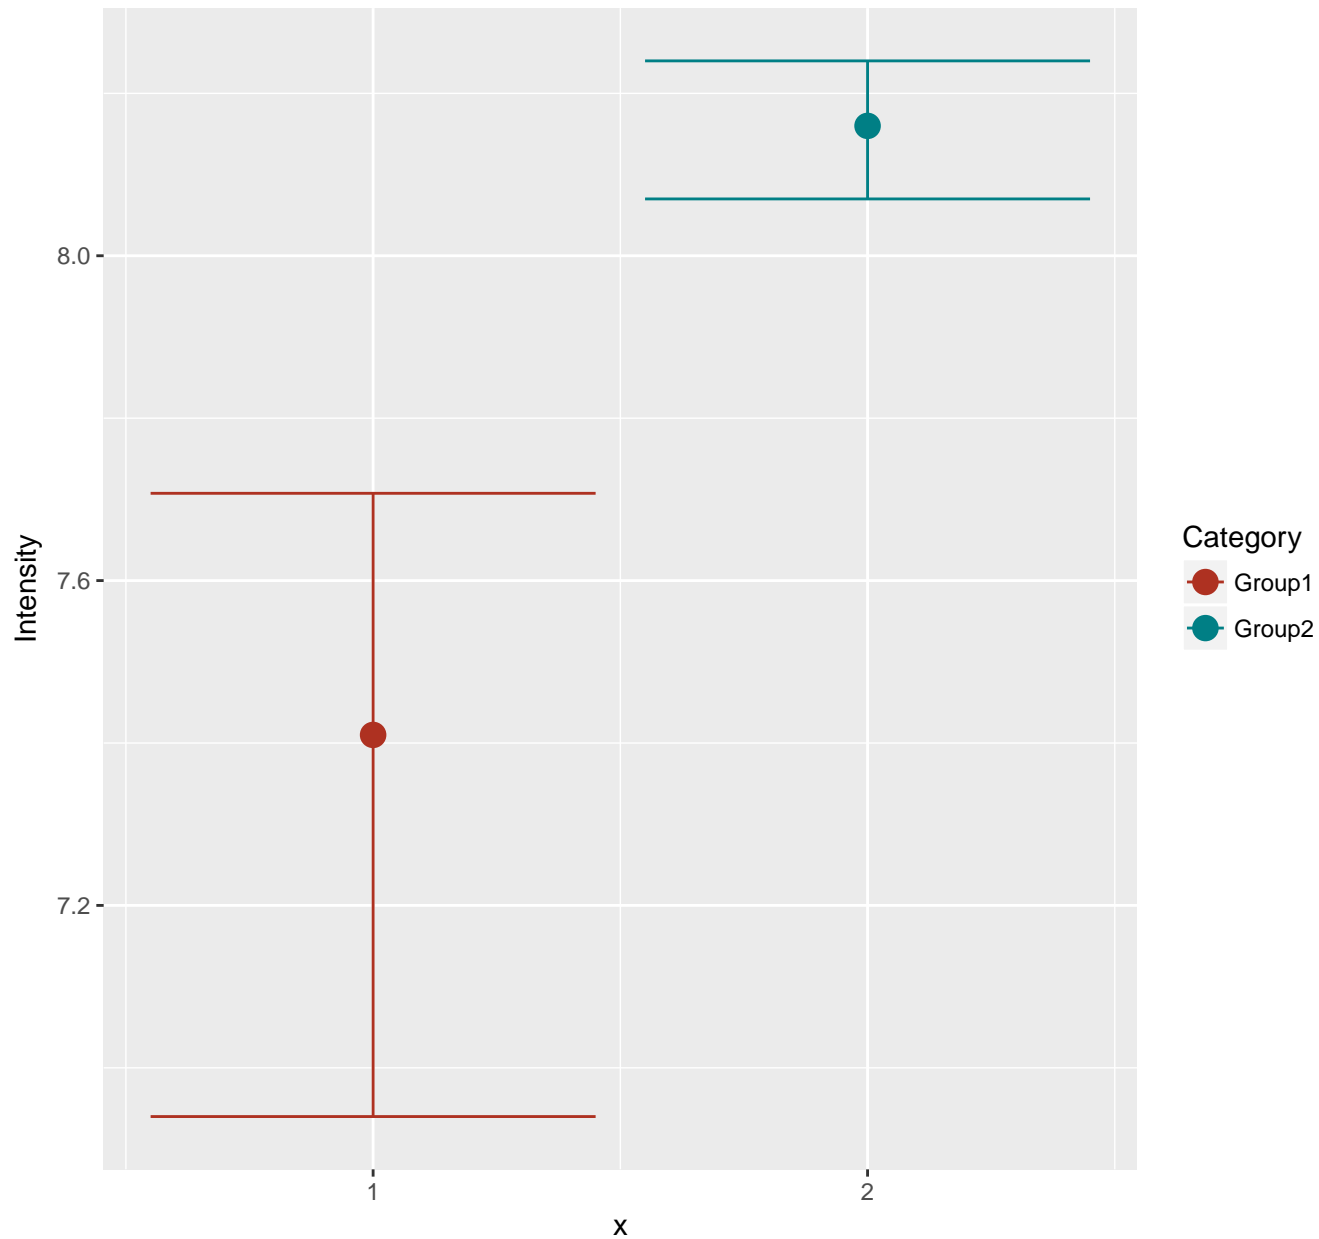

161.0196_80.2 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

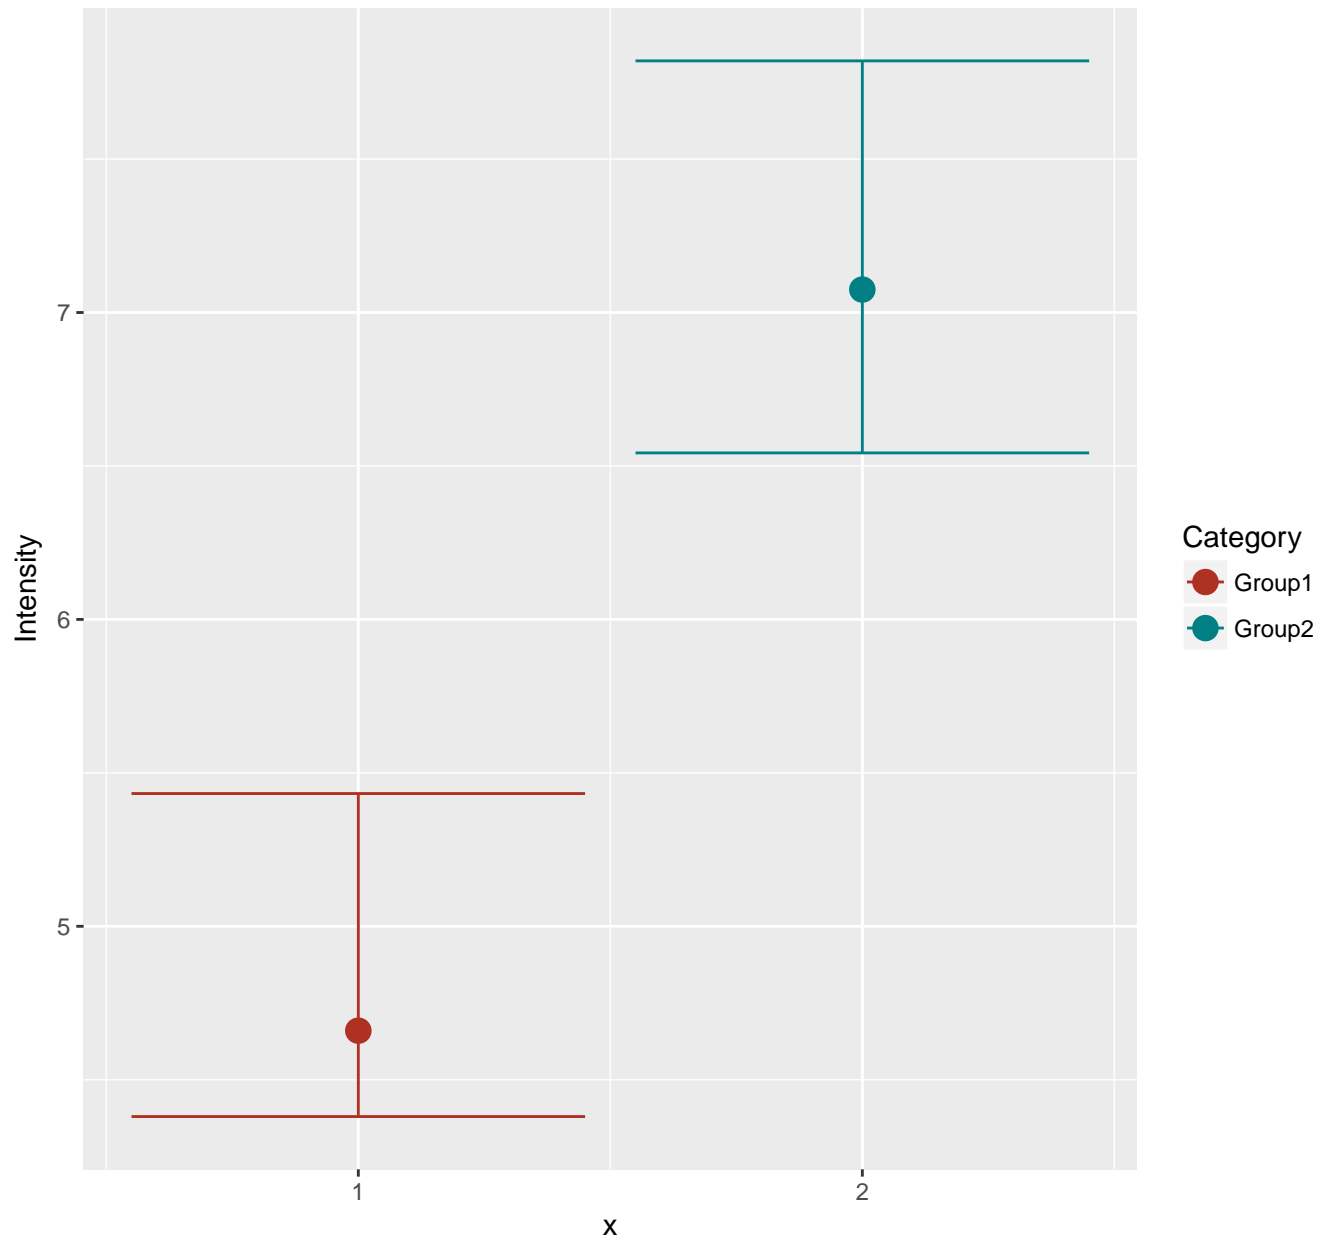

195.0875_1.4 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

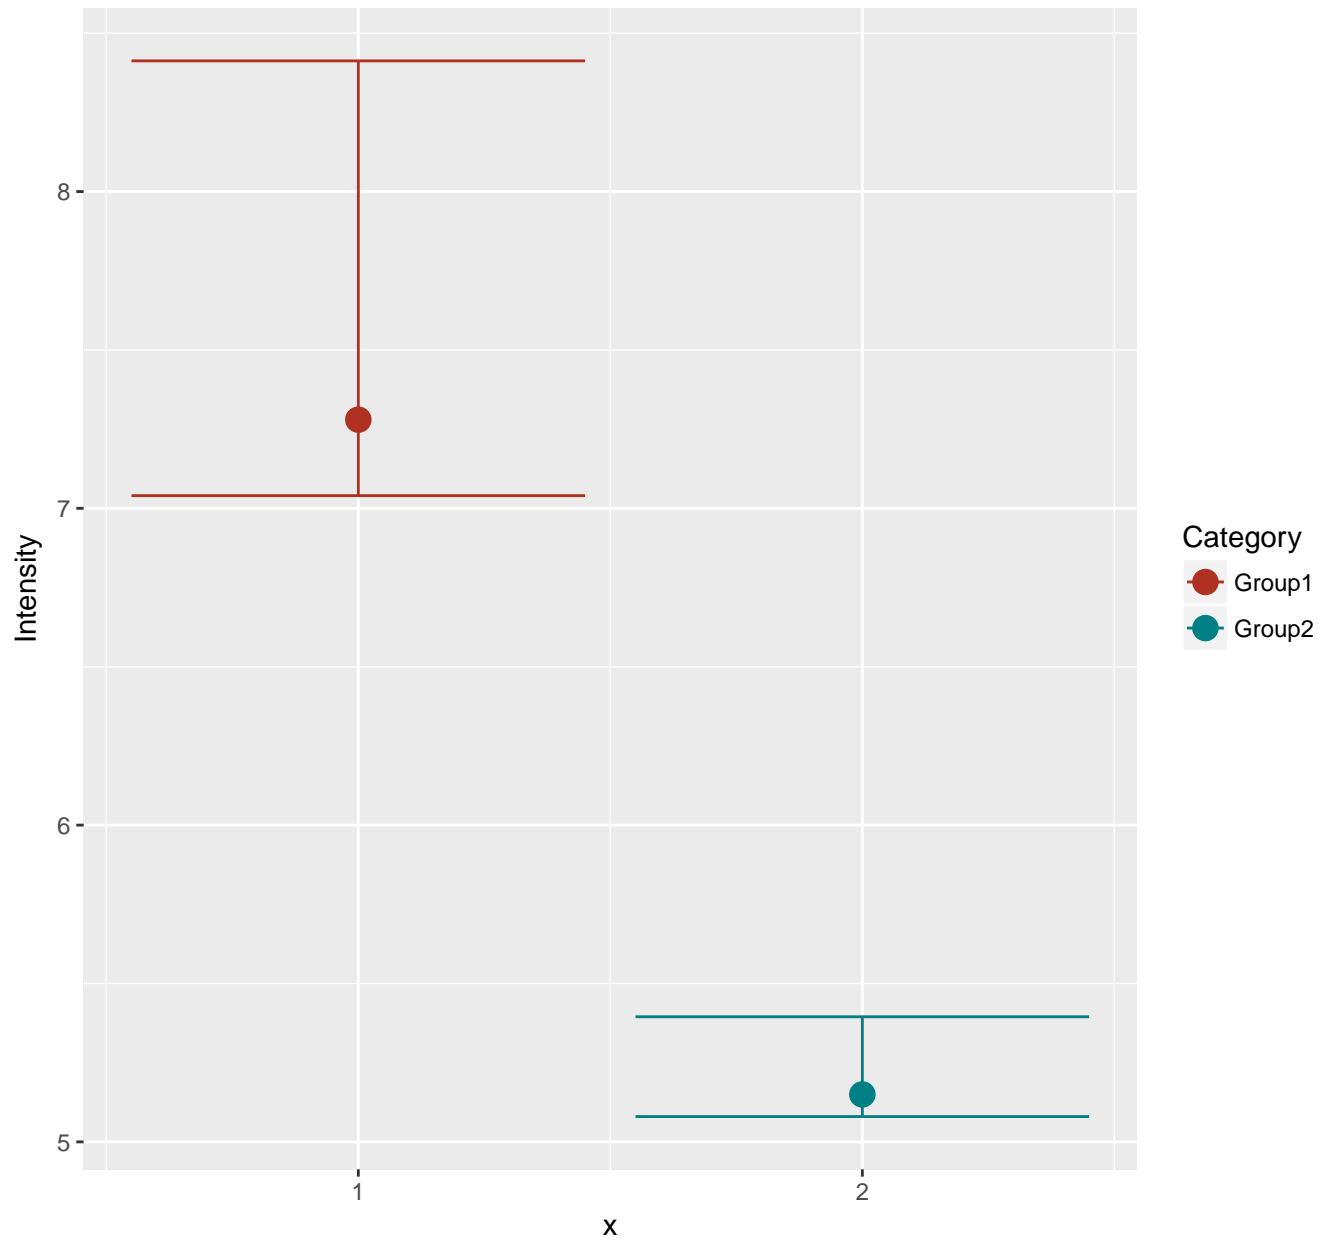

206.08117_107.7 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

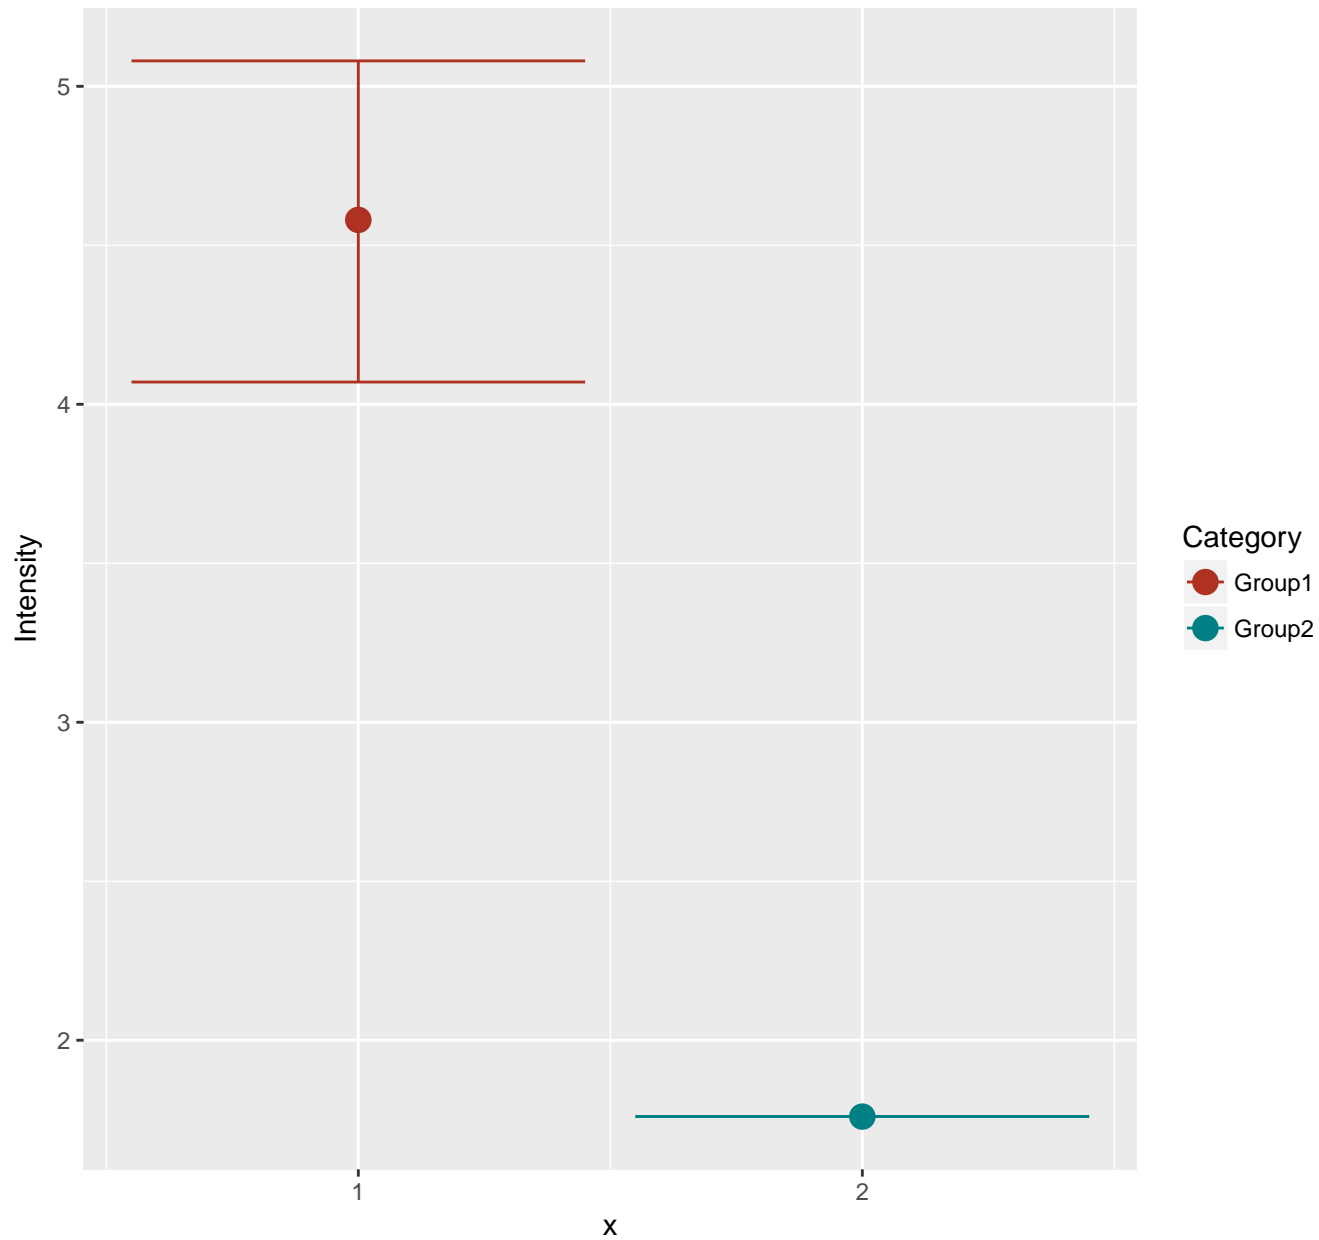

123.05531_52.8 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

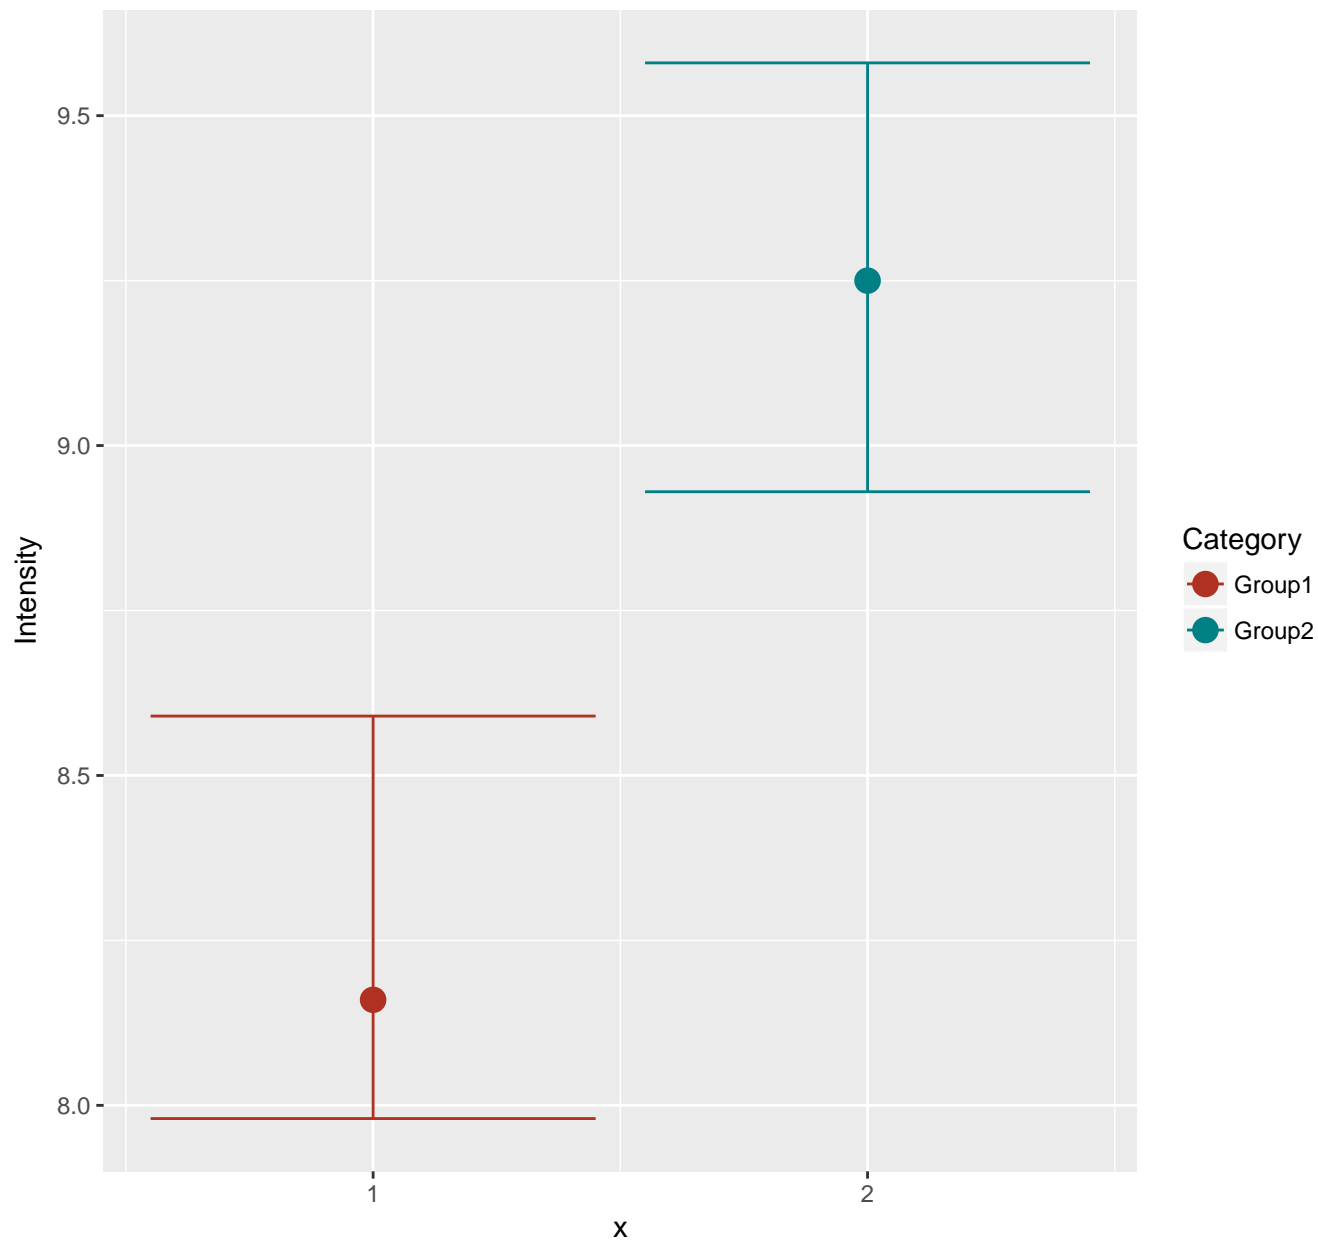

170.08106_30 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

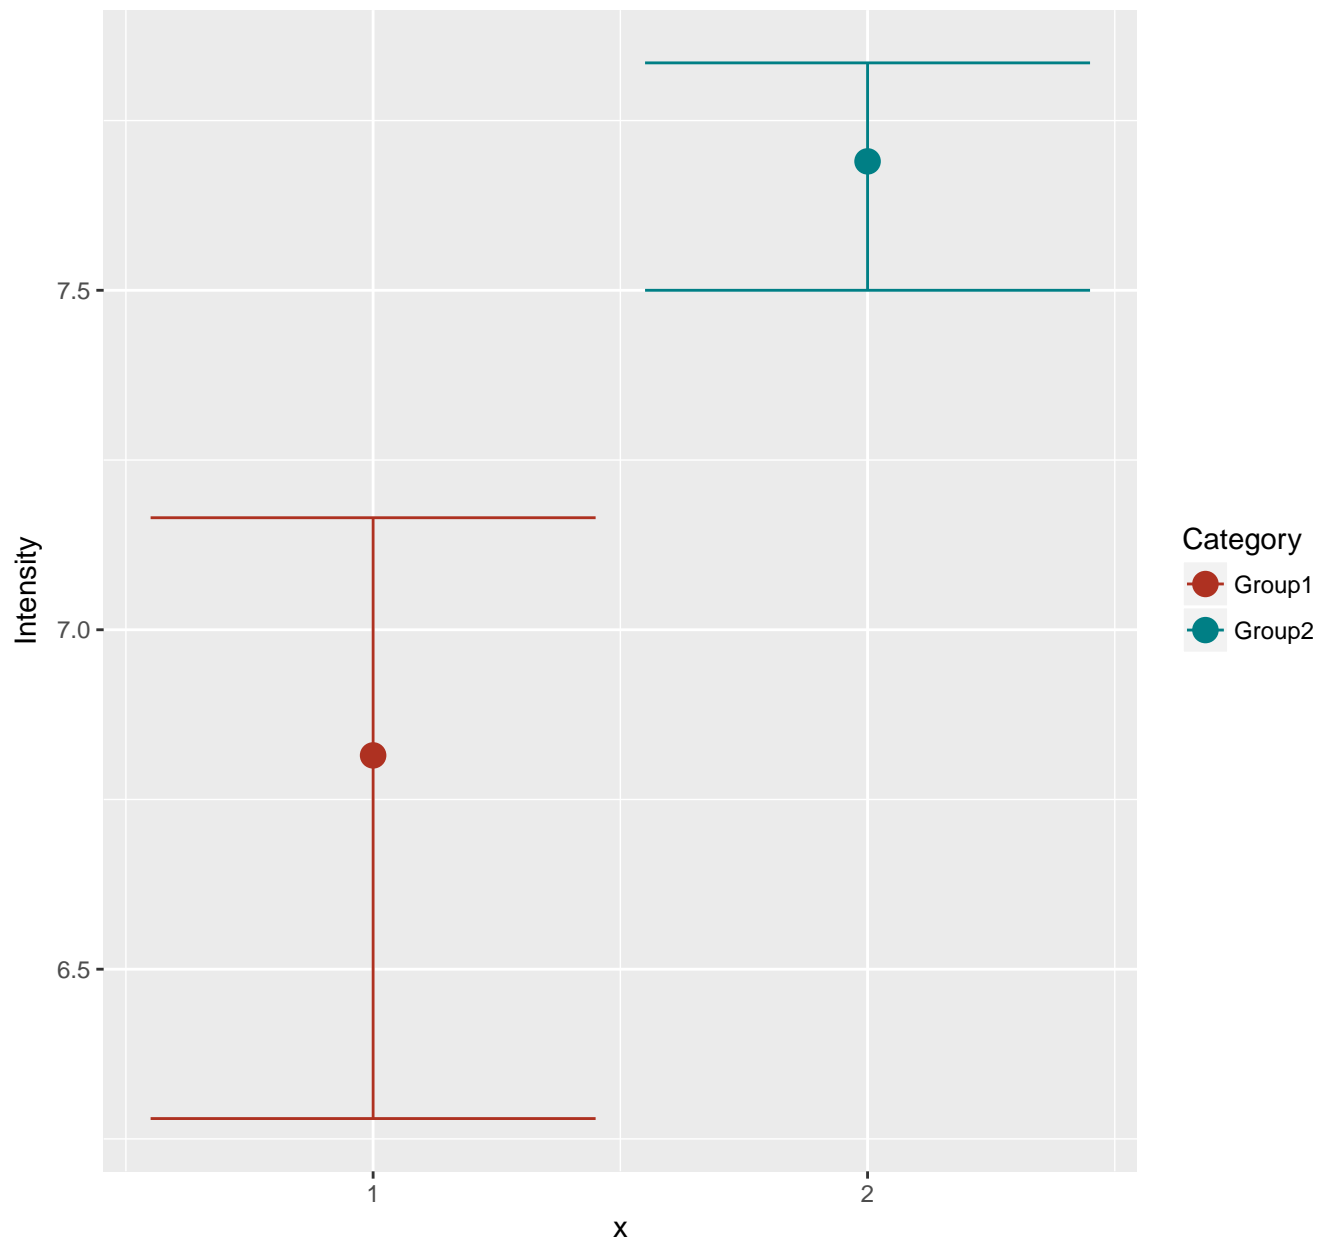

181.20718_95.6 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

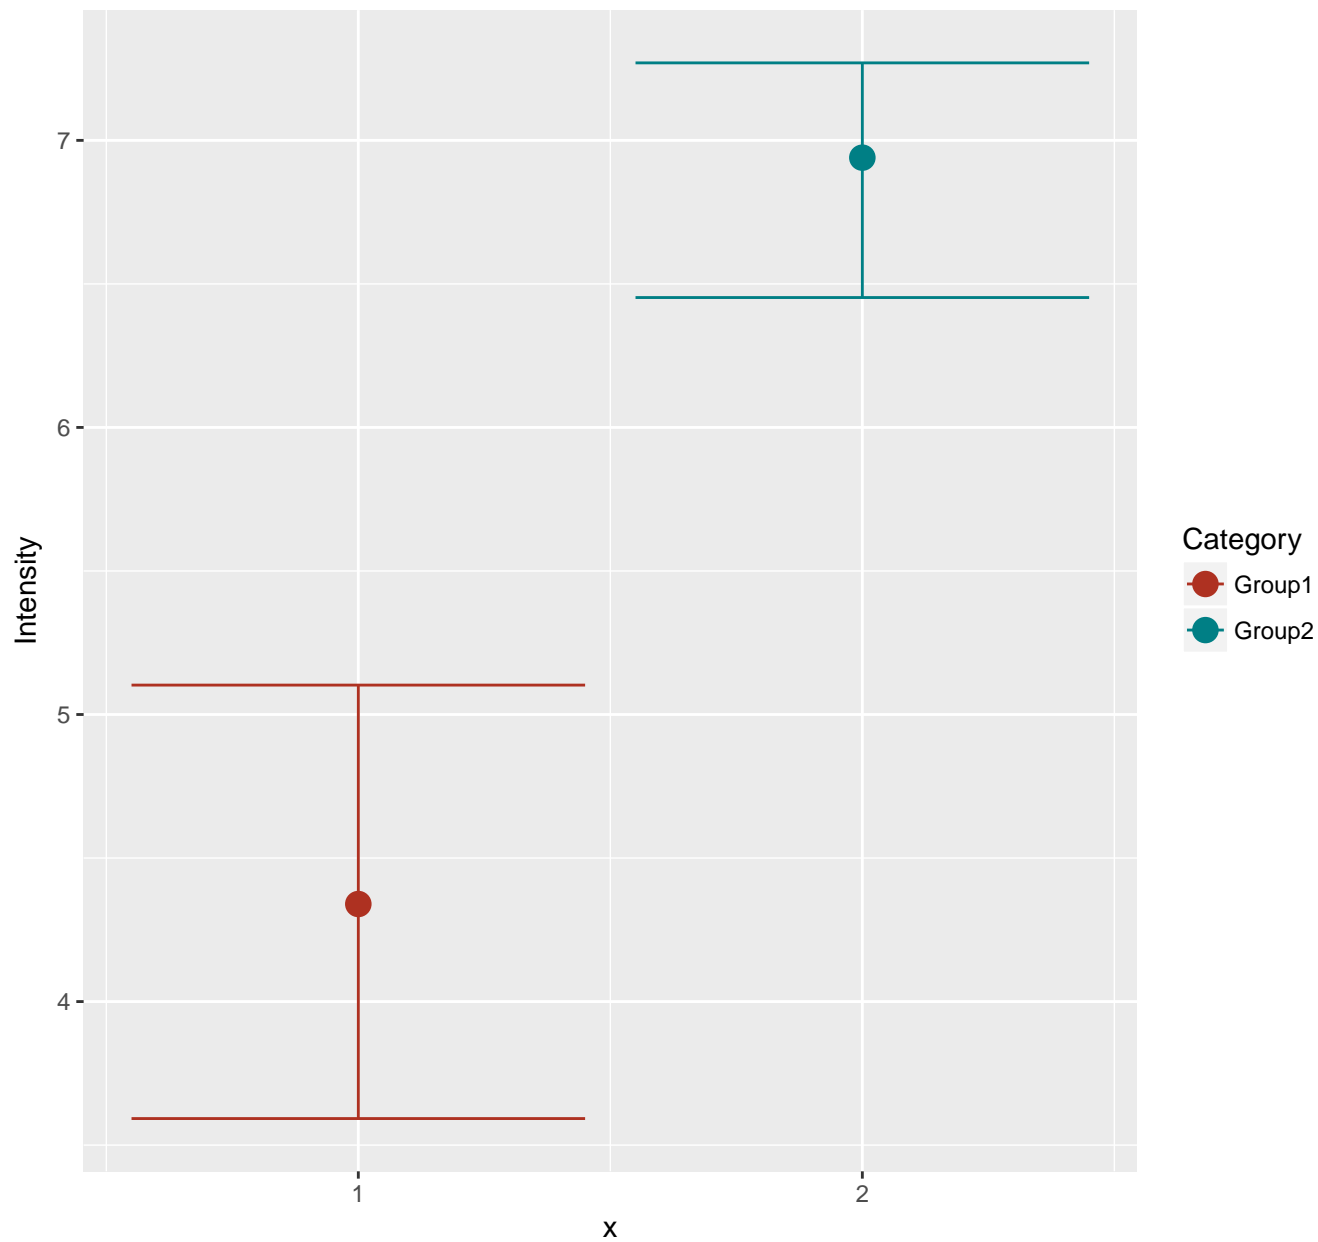

258.10637_63.3 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

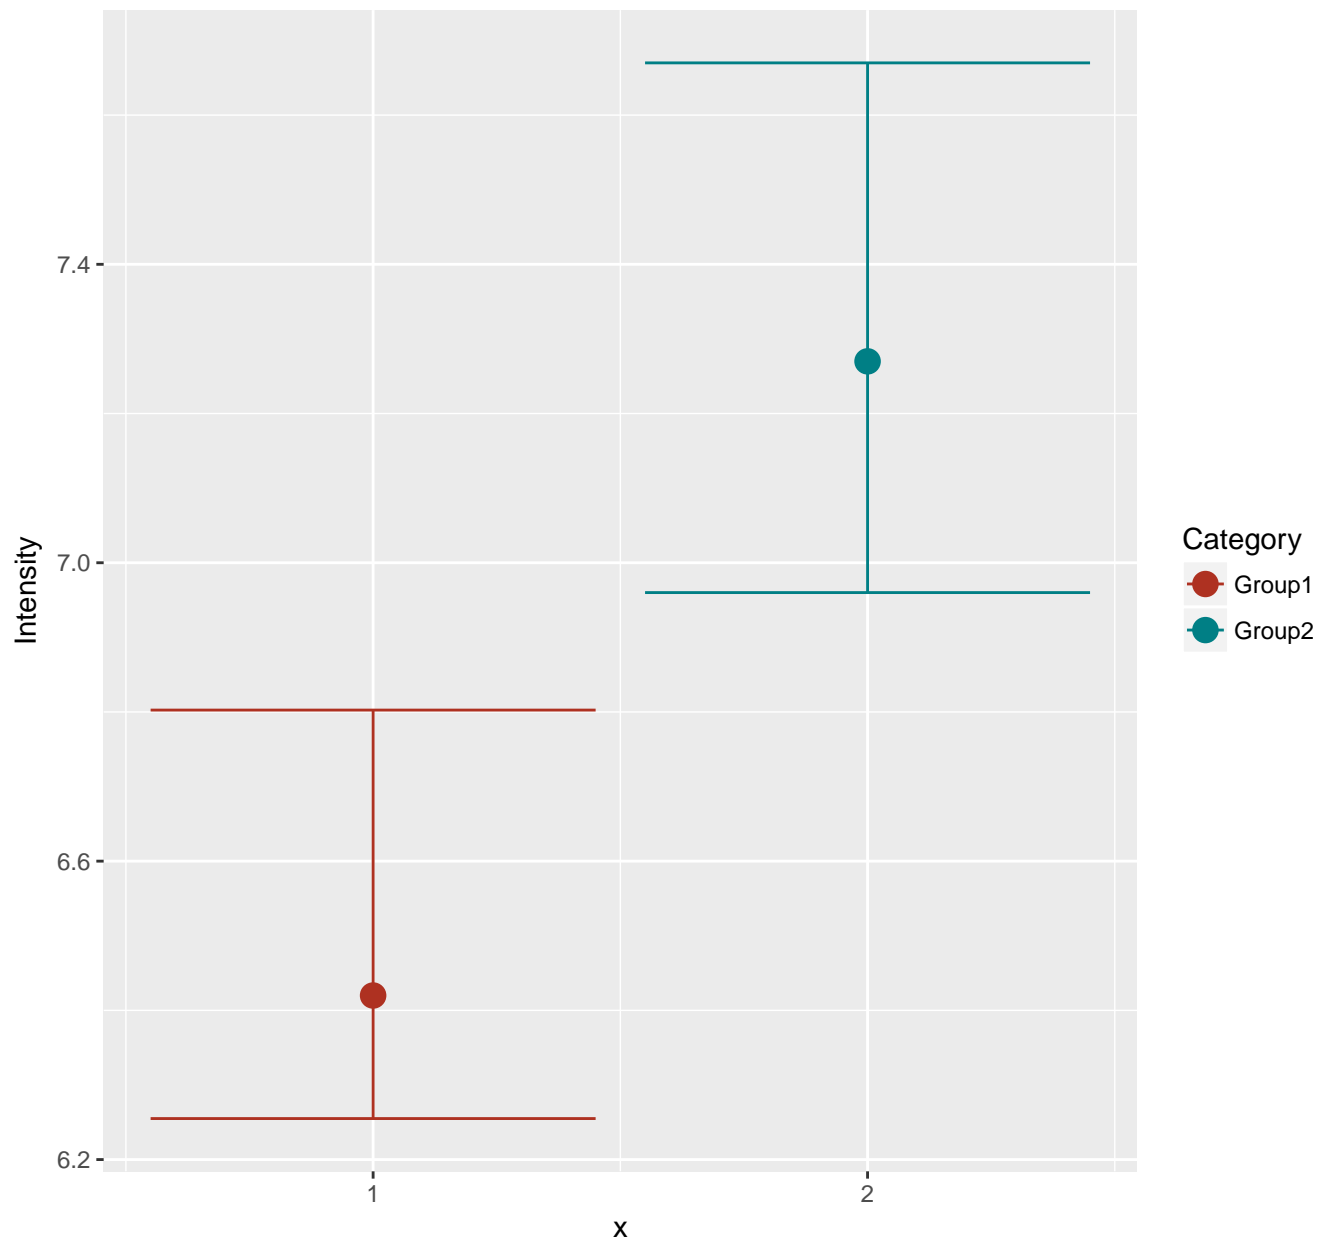

265.11181_92.3 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

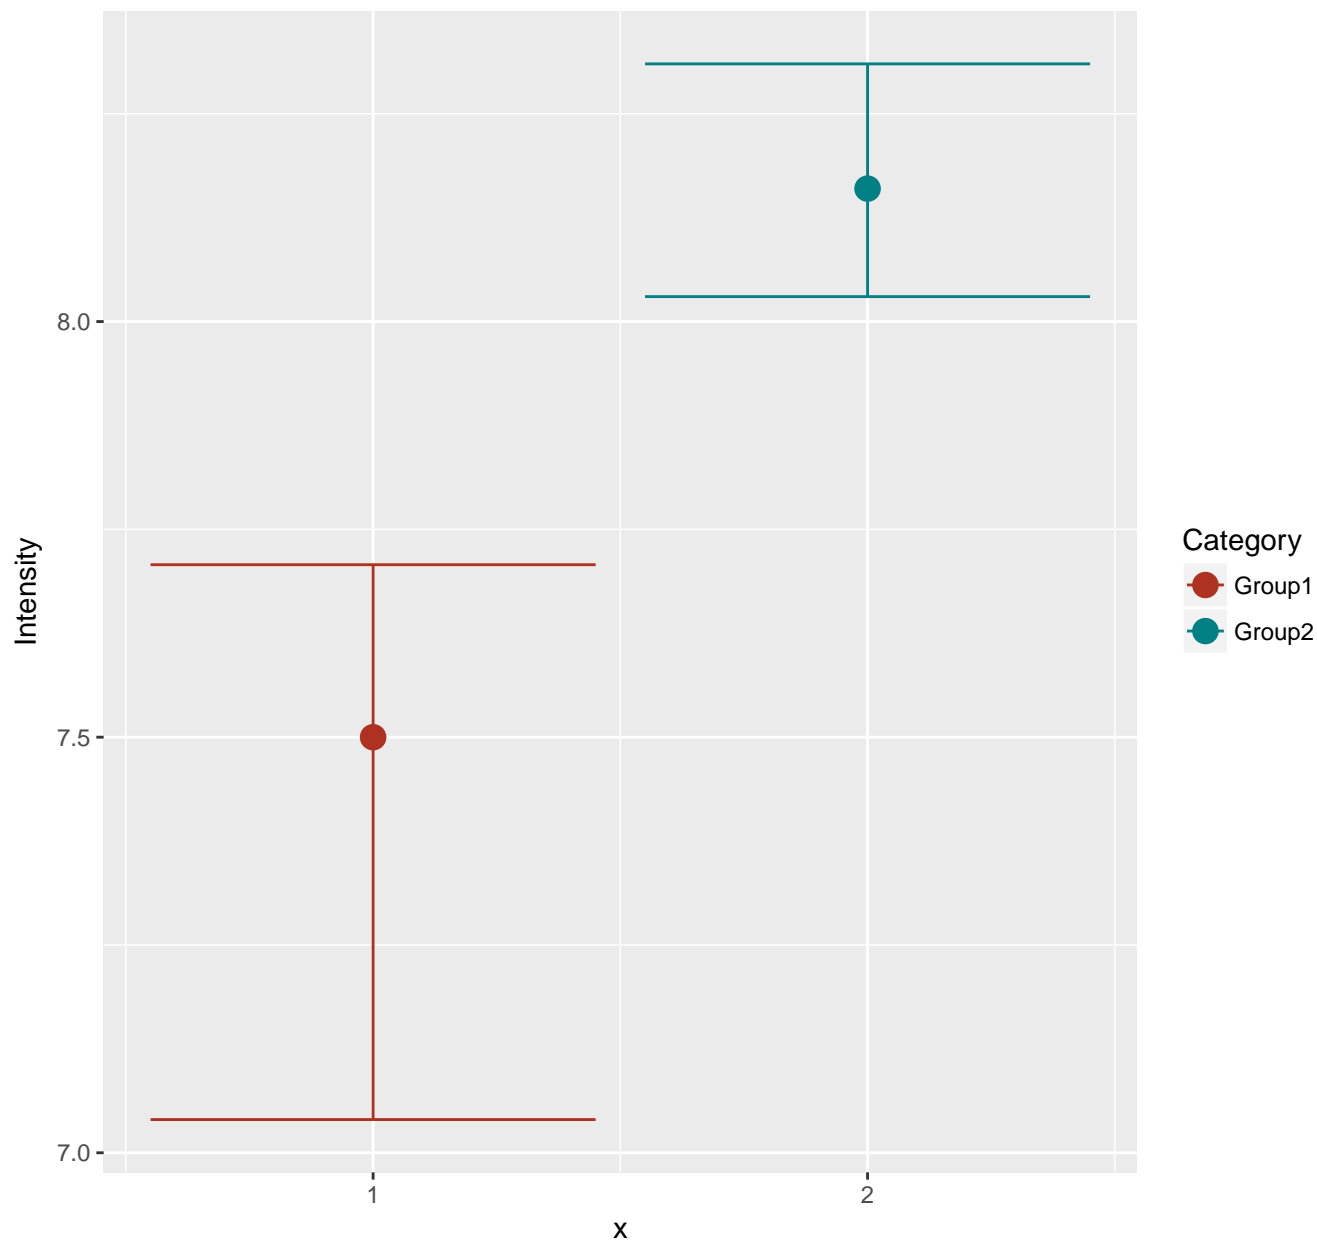

205.09699_107.5 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

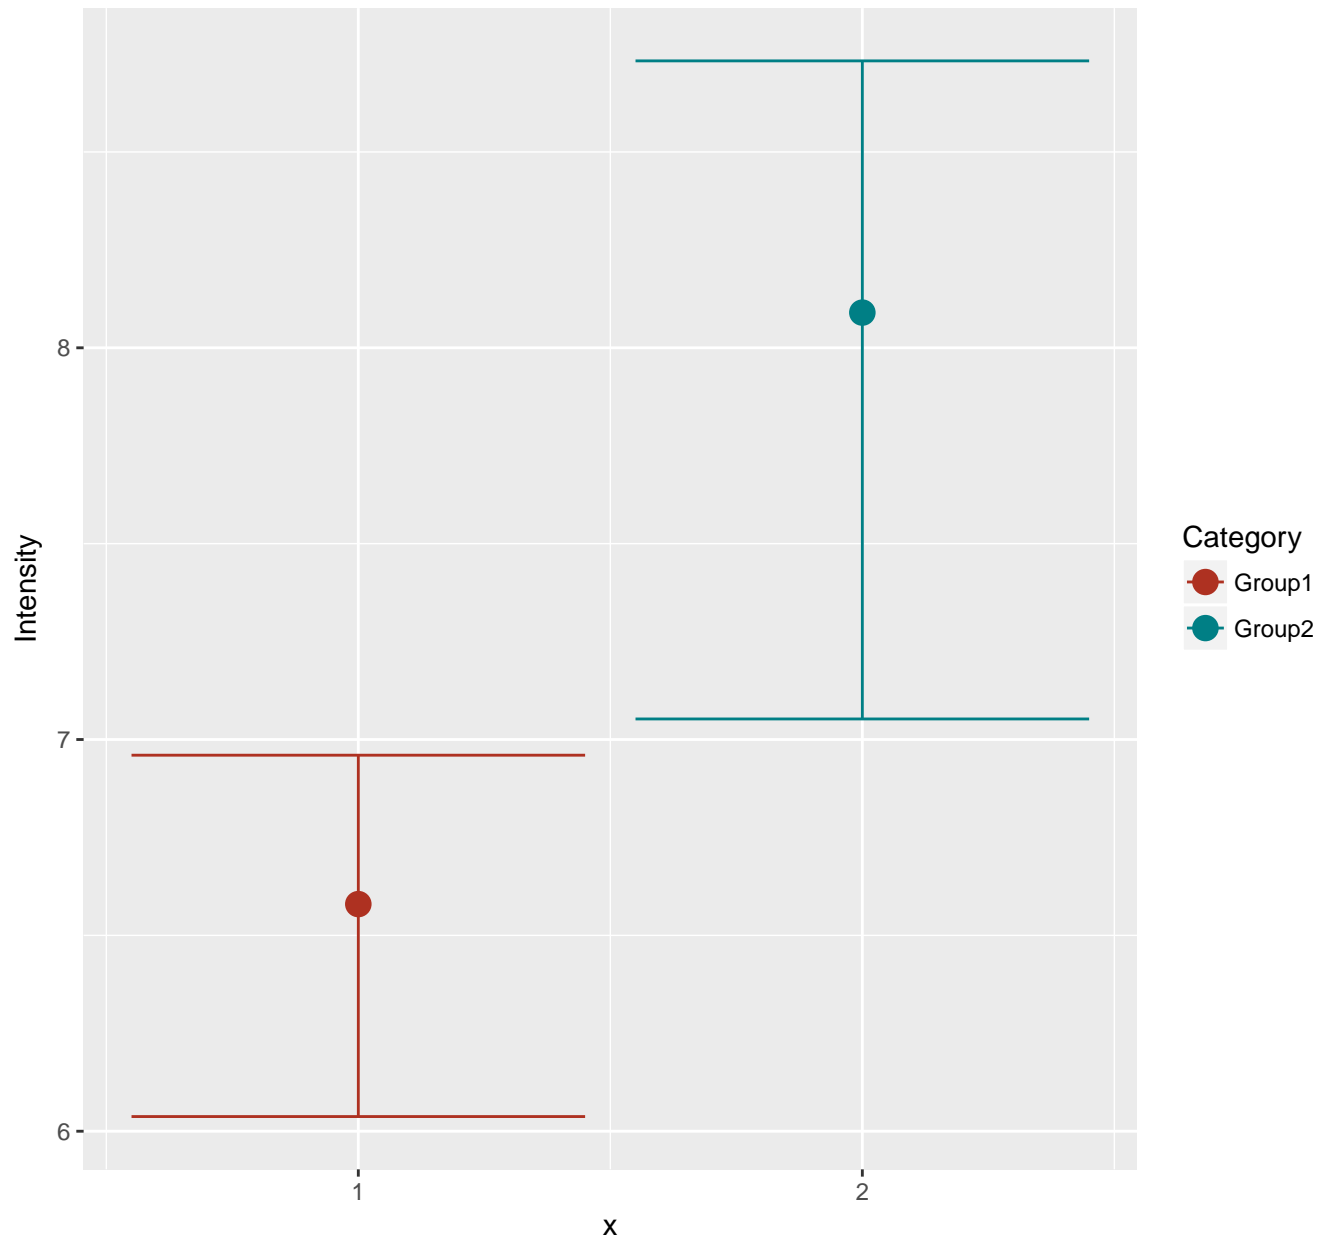

204.12302_70.5 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

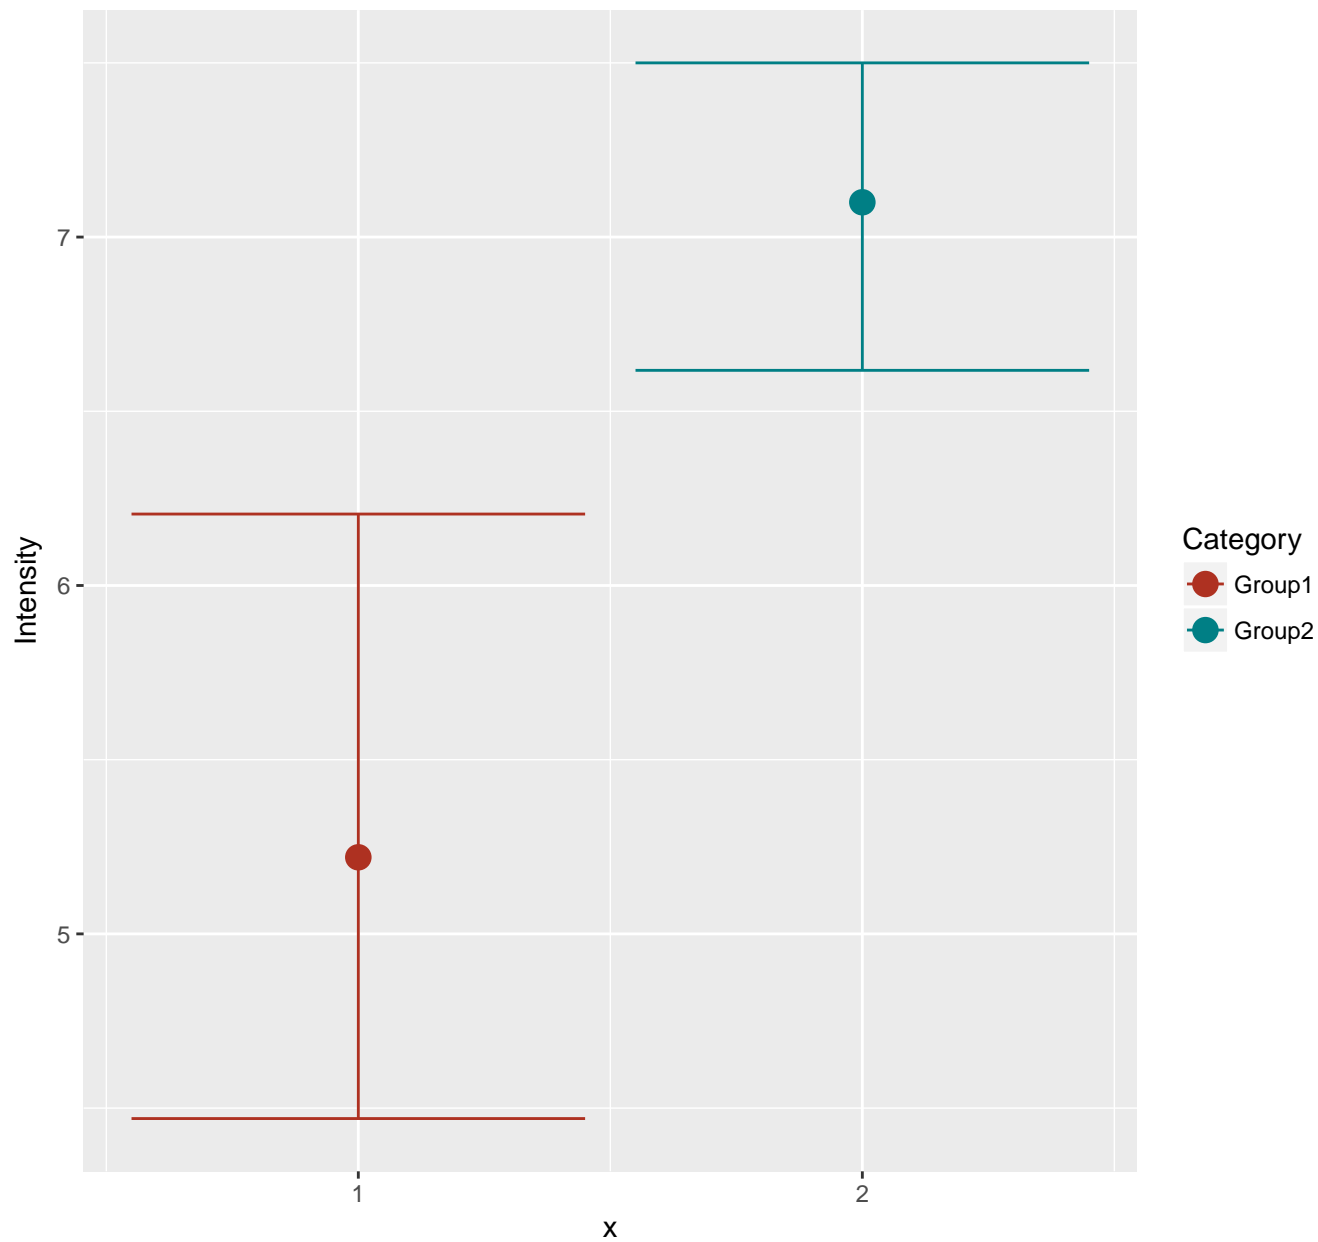

206.08117_107.7 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

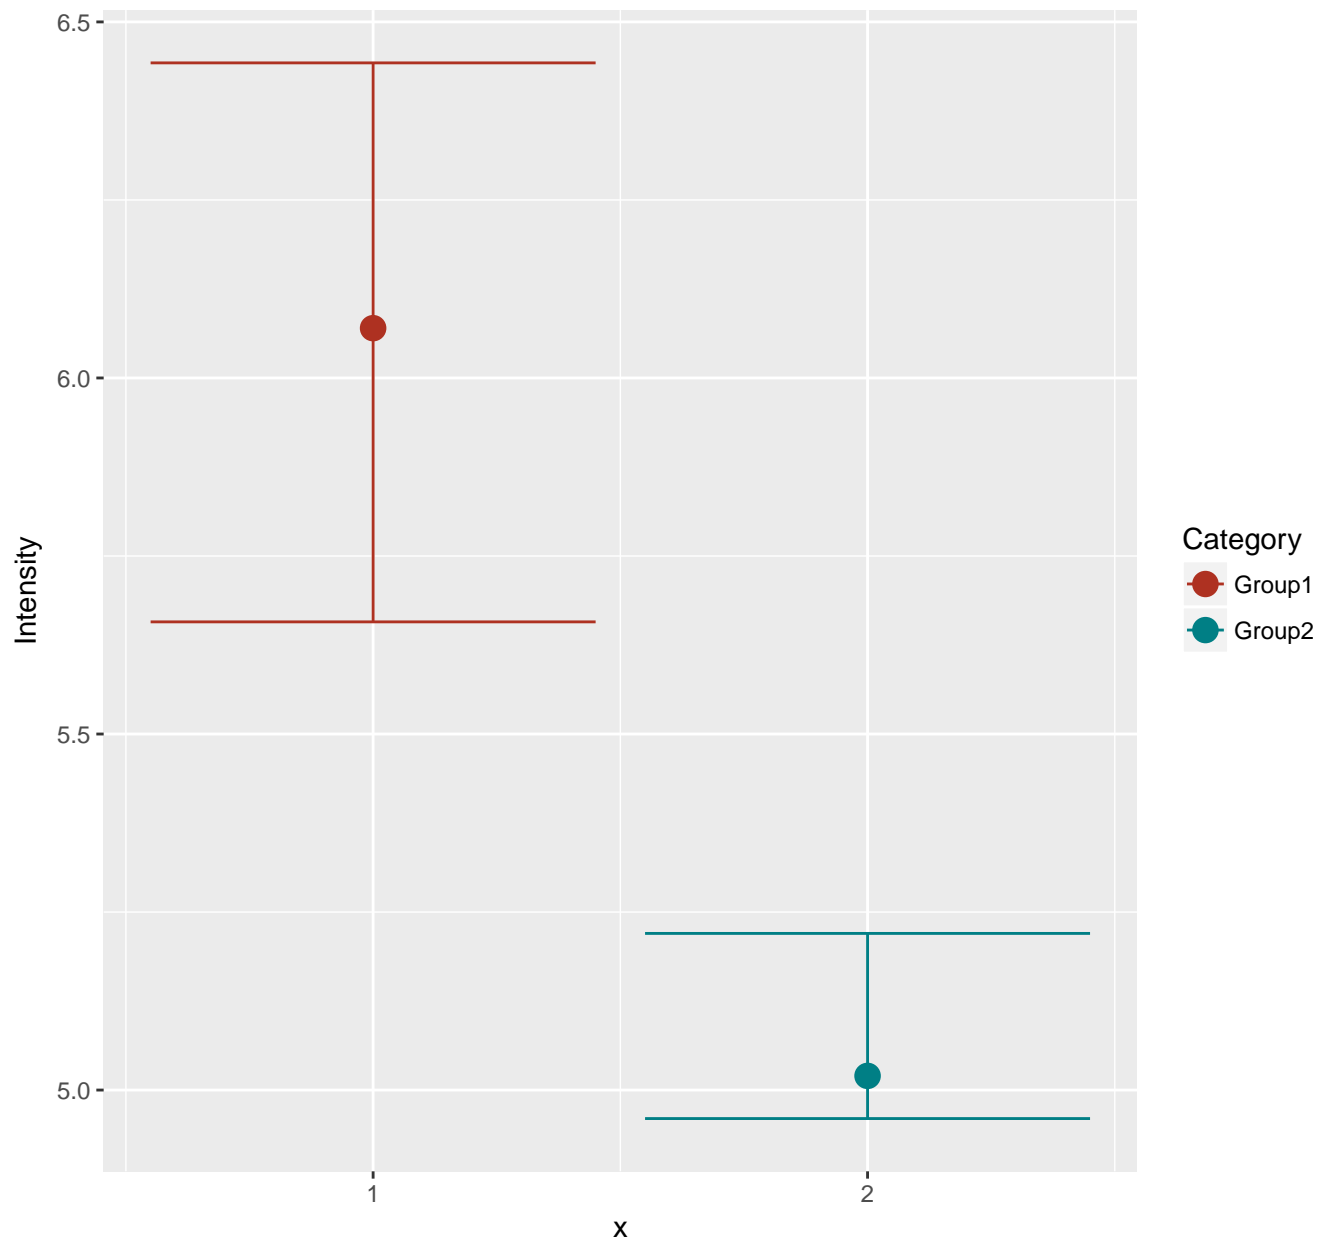

193.03409_126.7 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

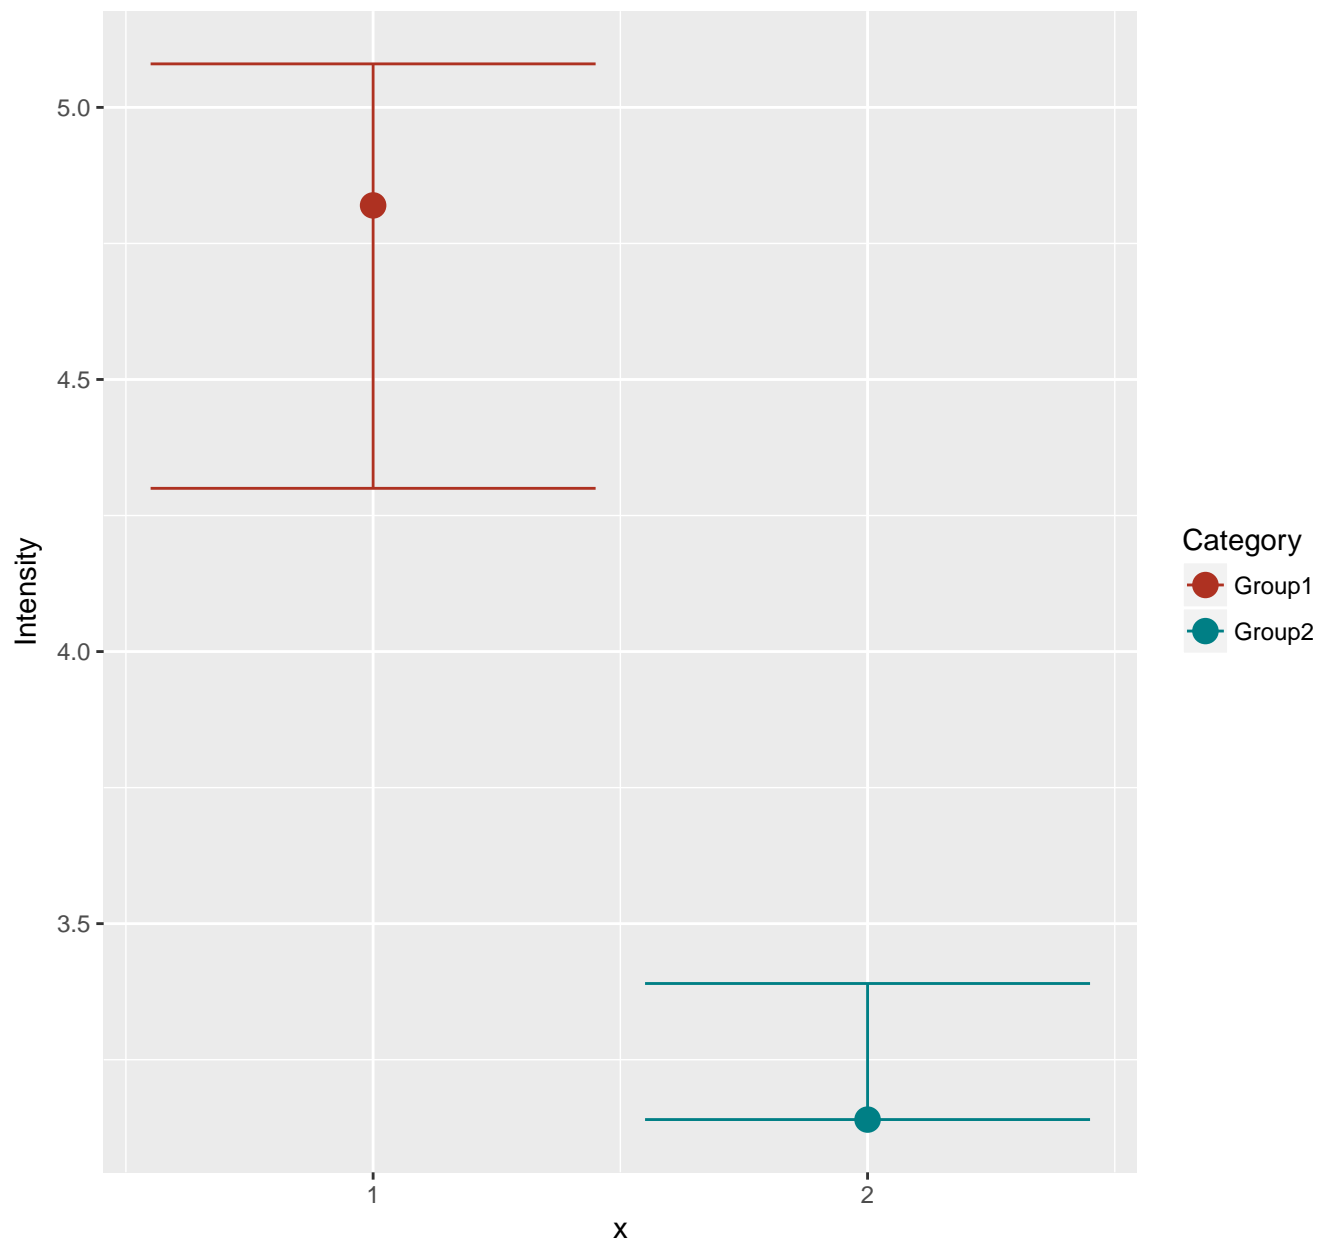

169.04828_128.9 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

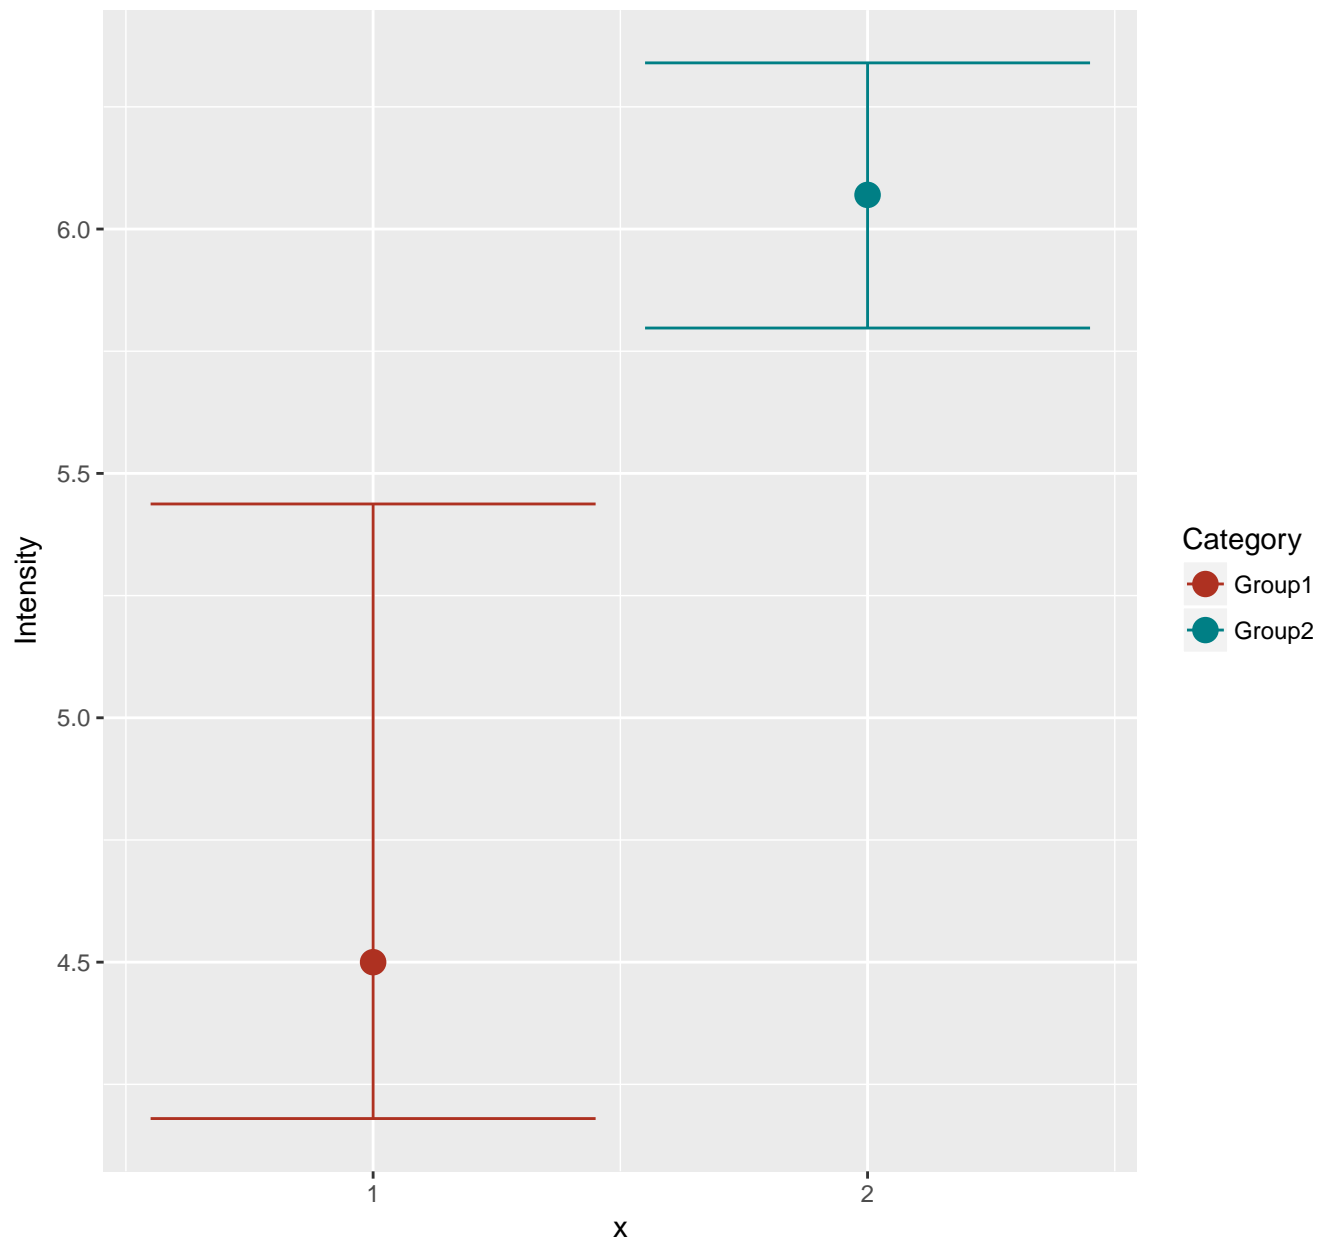

500.30408_161.1 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

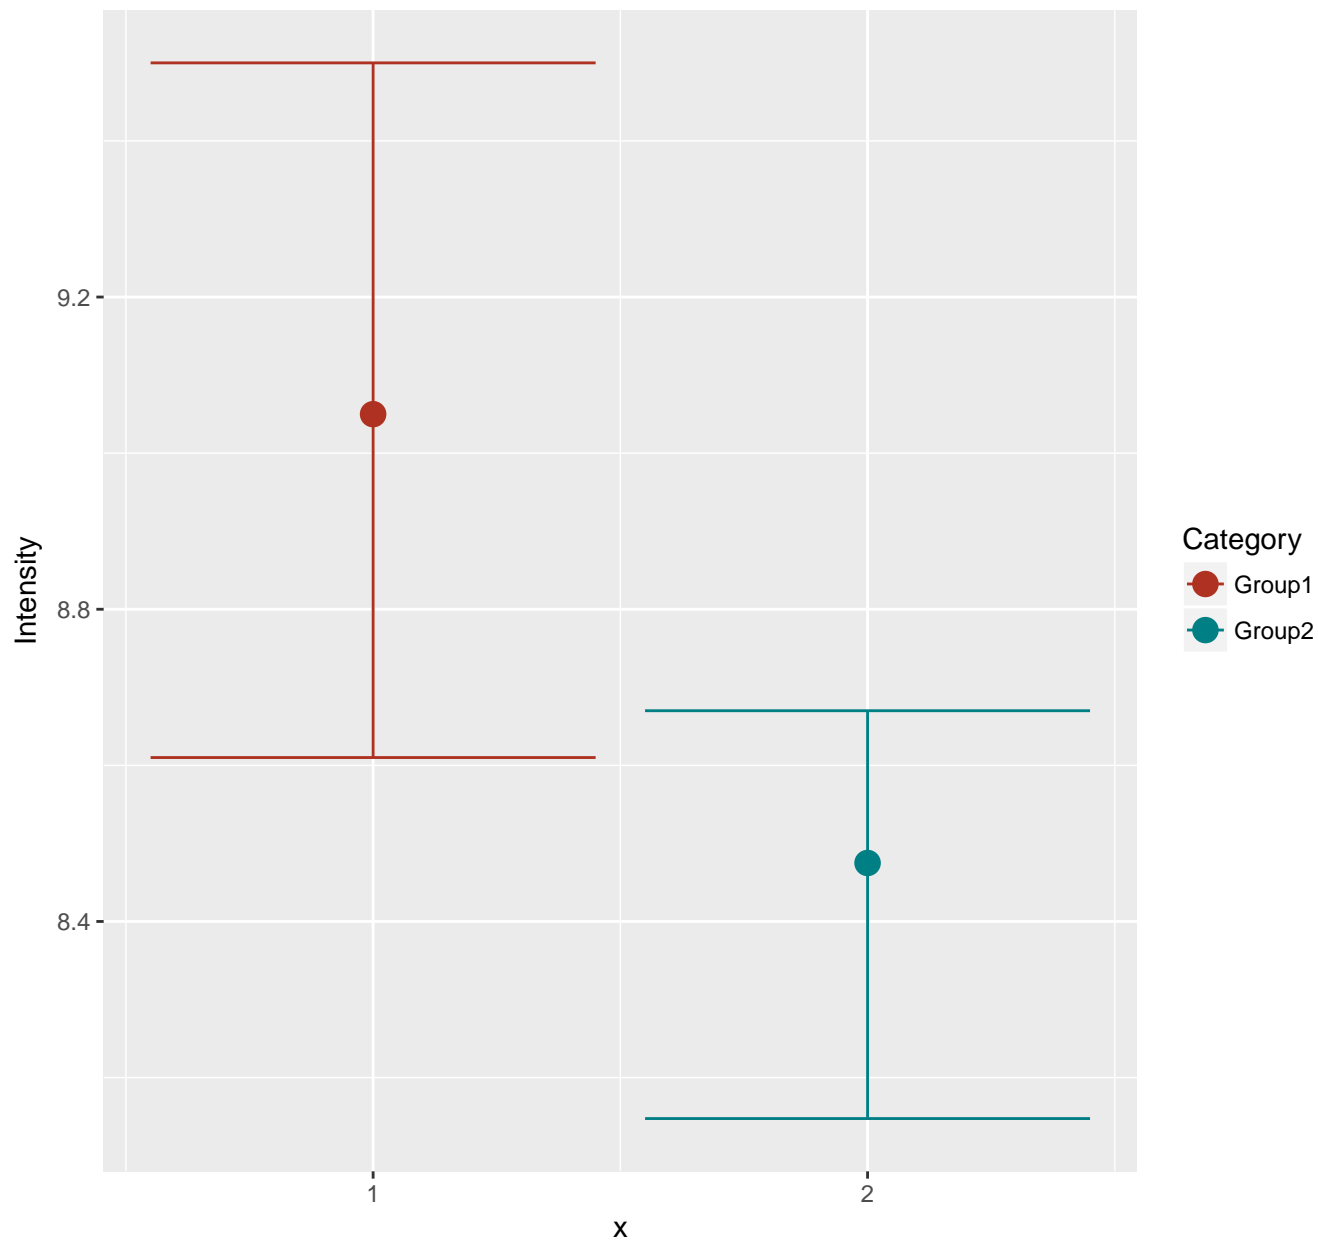

193.03409_126.7 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

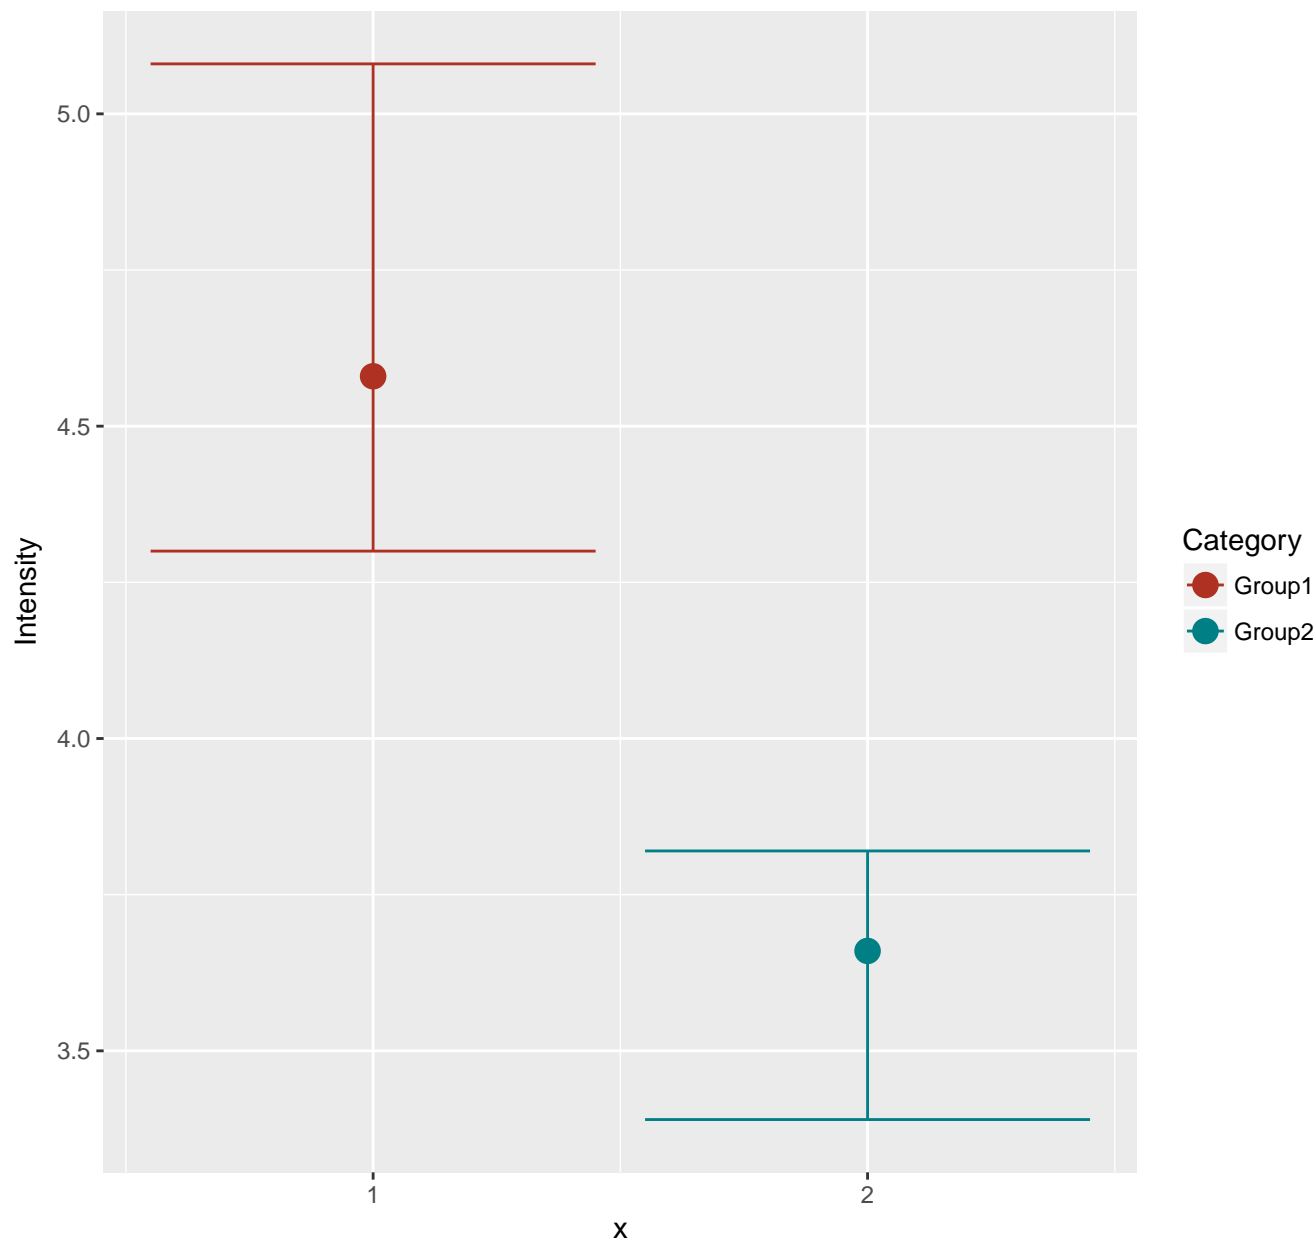

124.04031_125 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

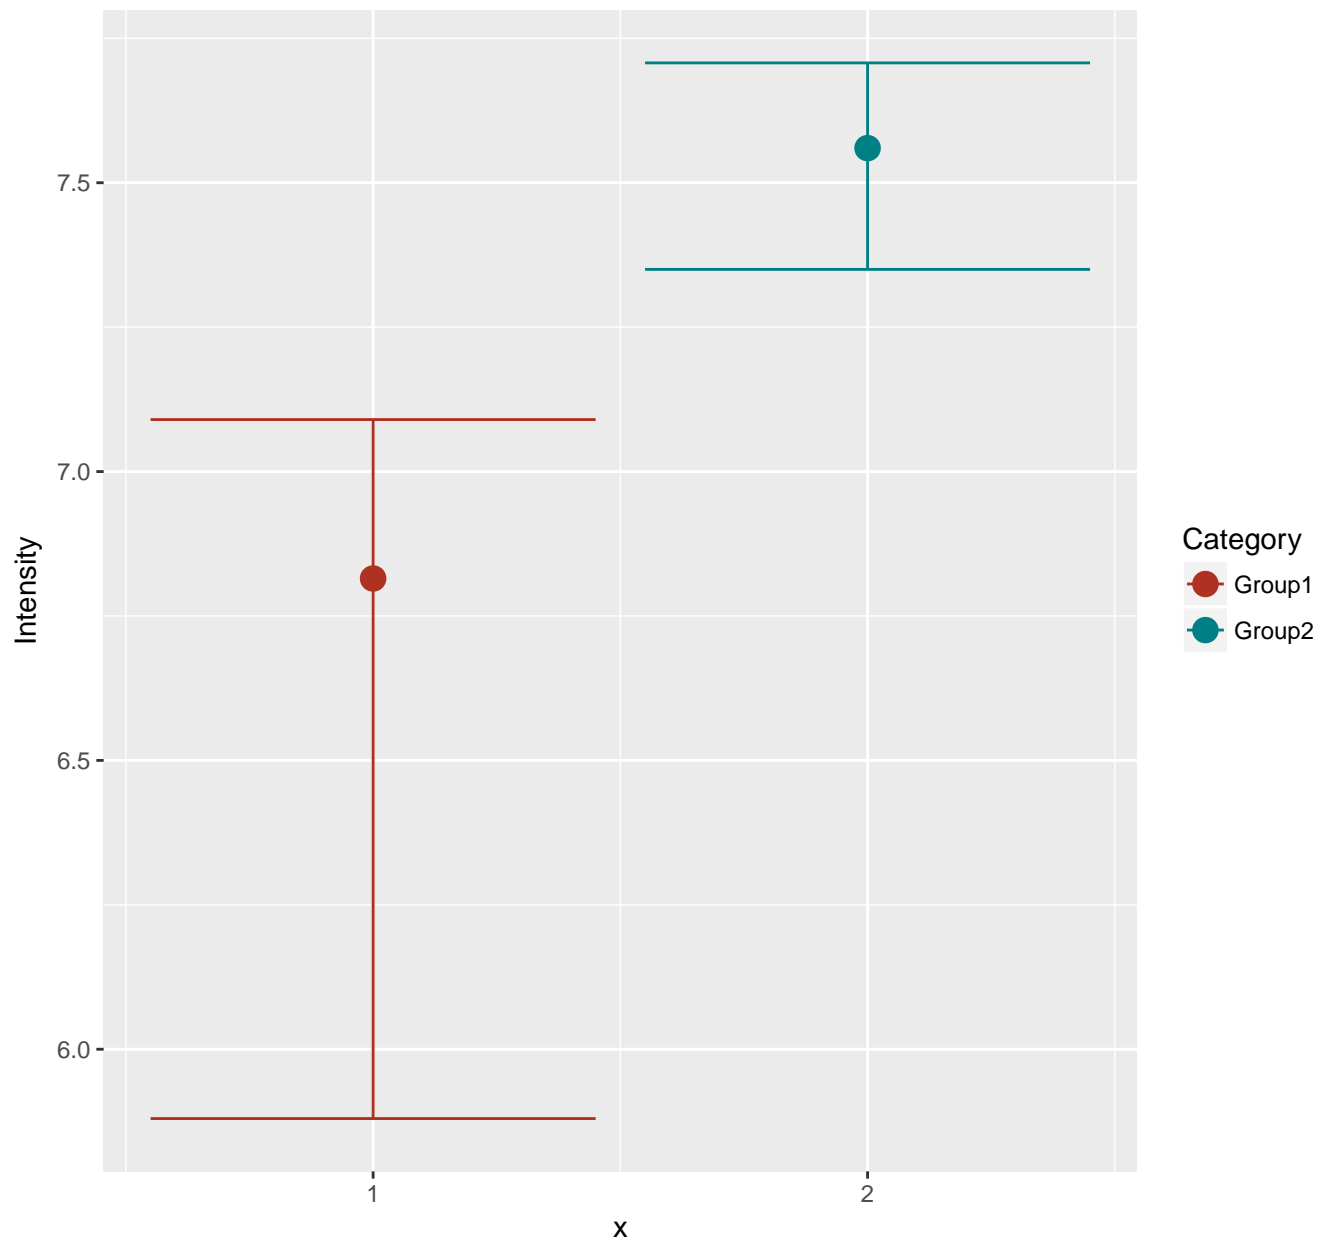

137.04564_76.3 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

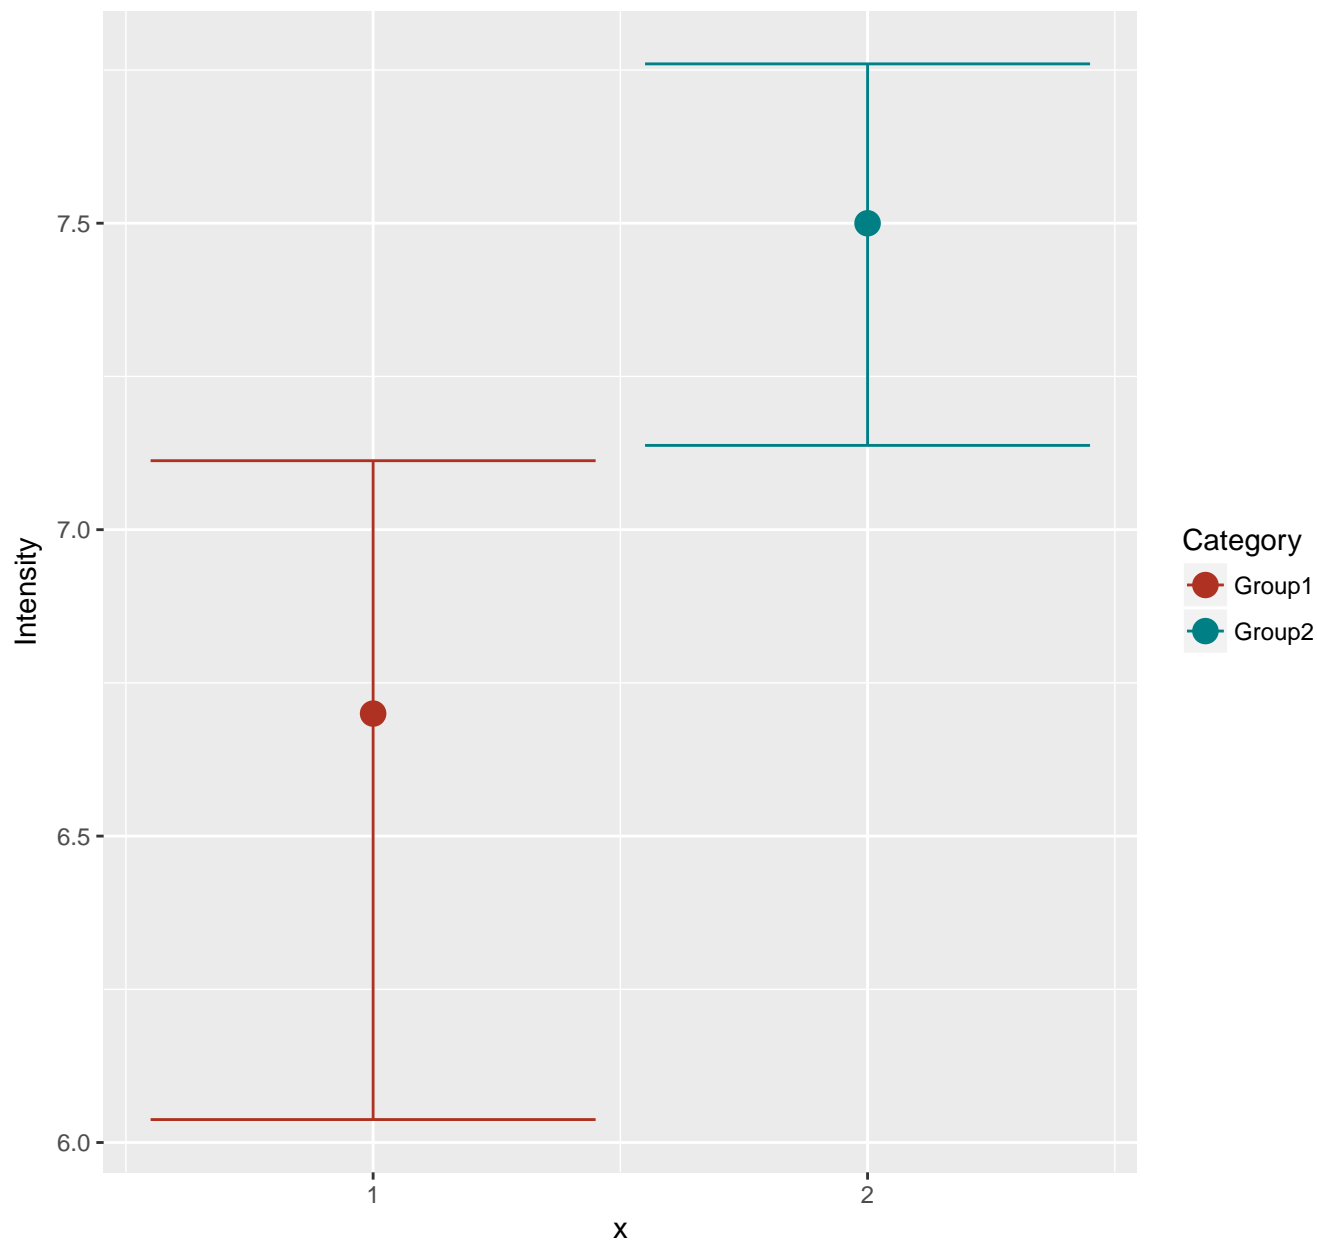

484.30826_104.7 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

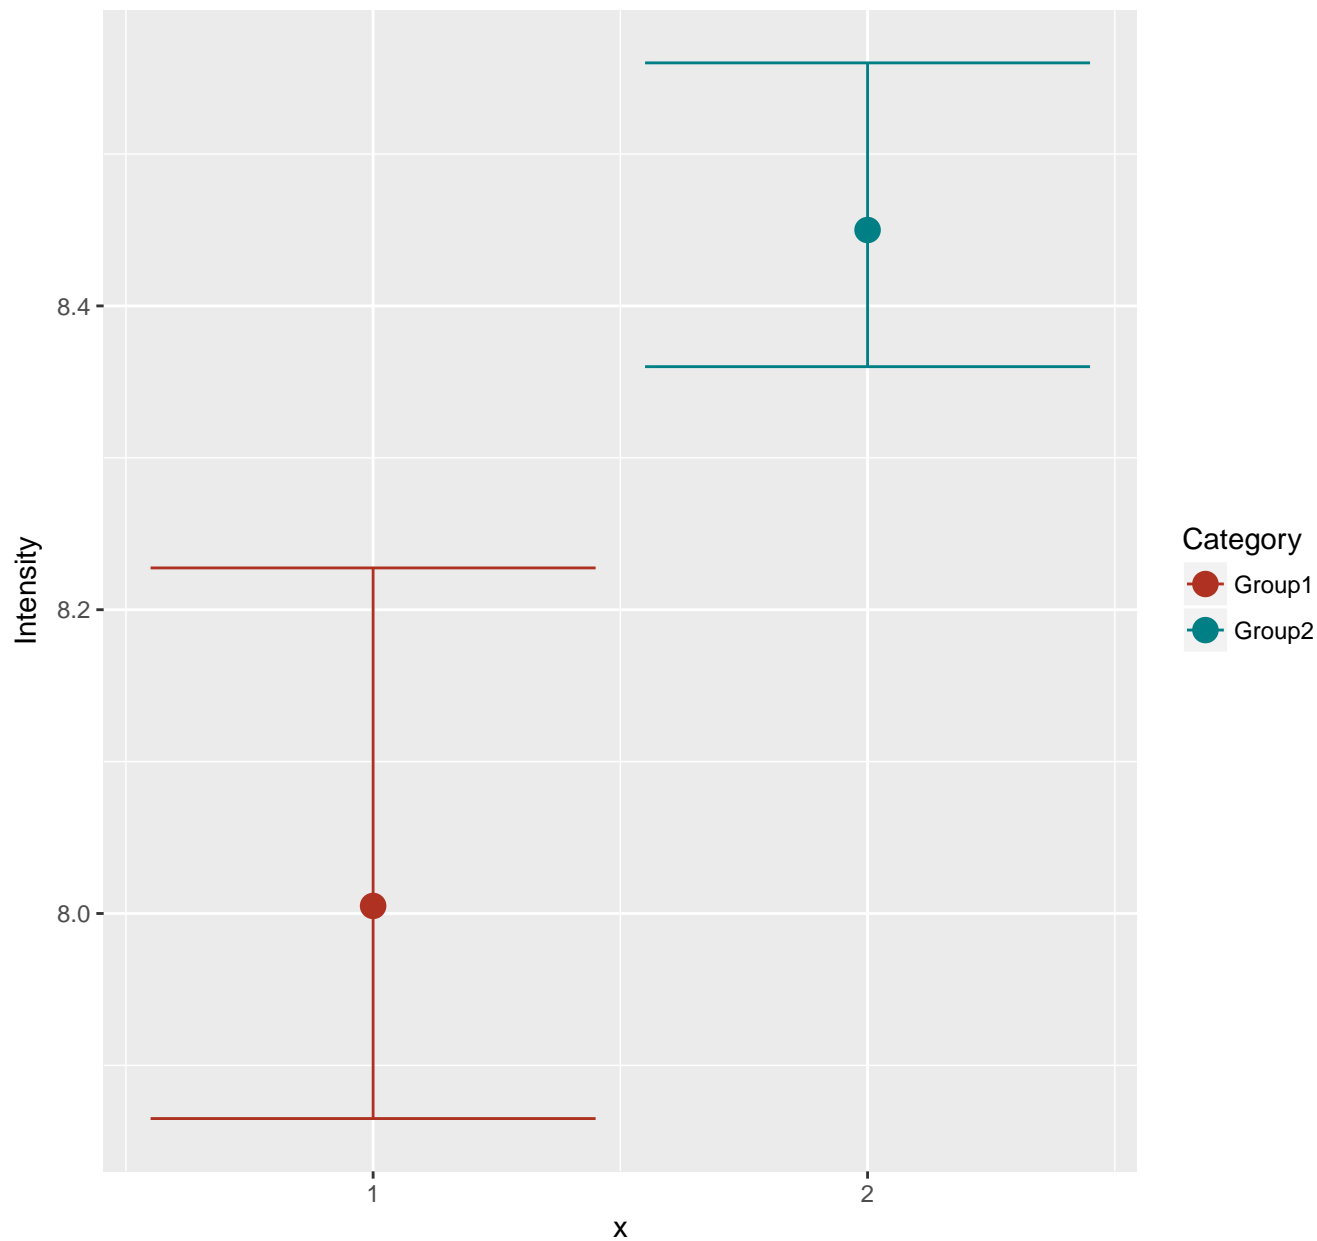

138.05501_18 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

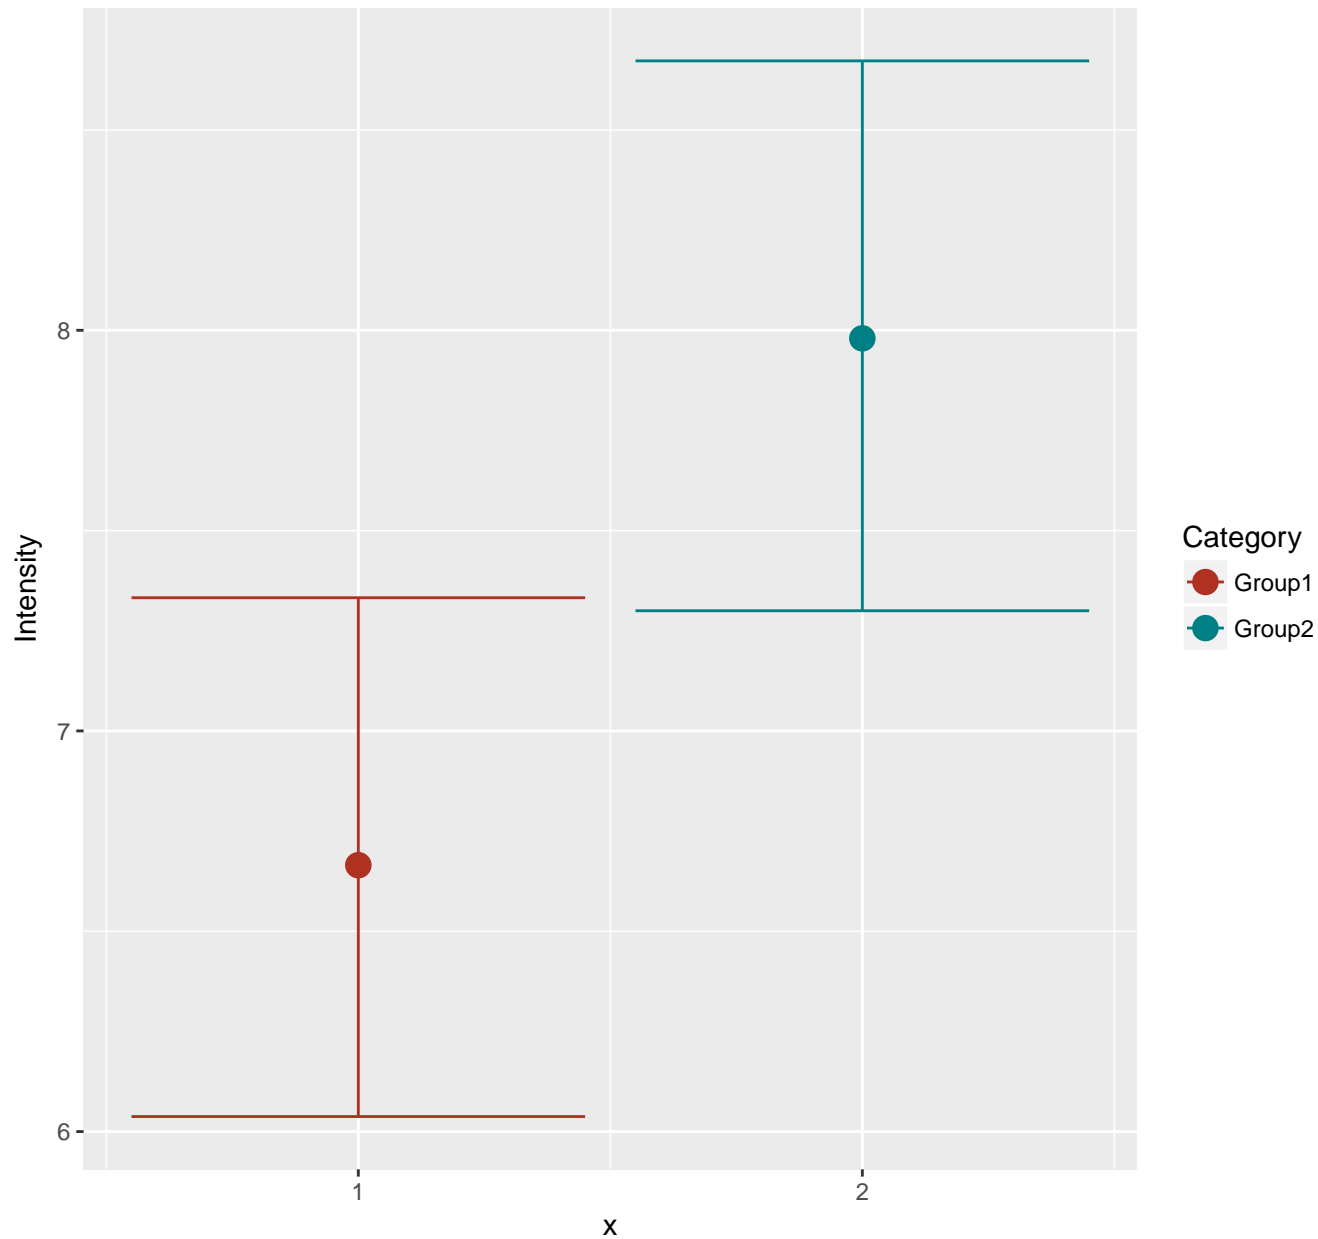

122.02708_124.2 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

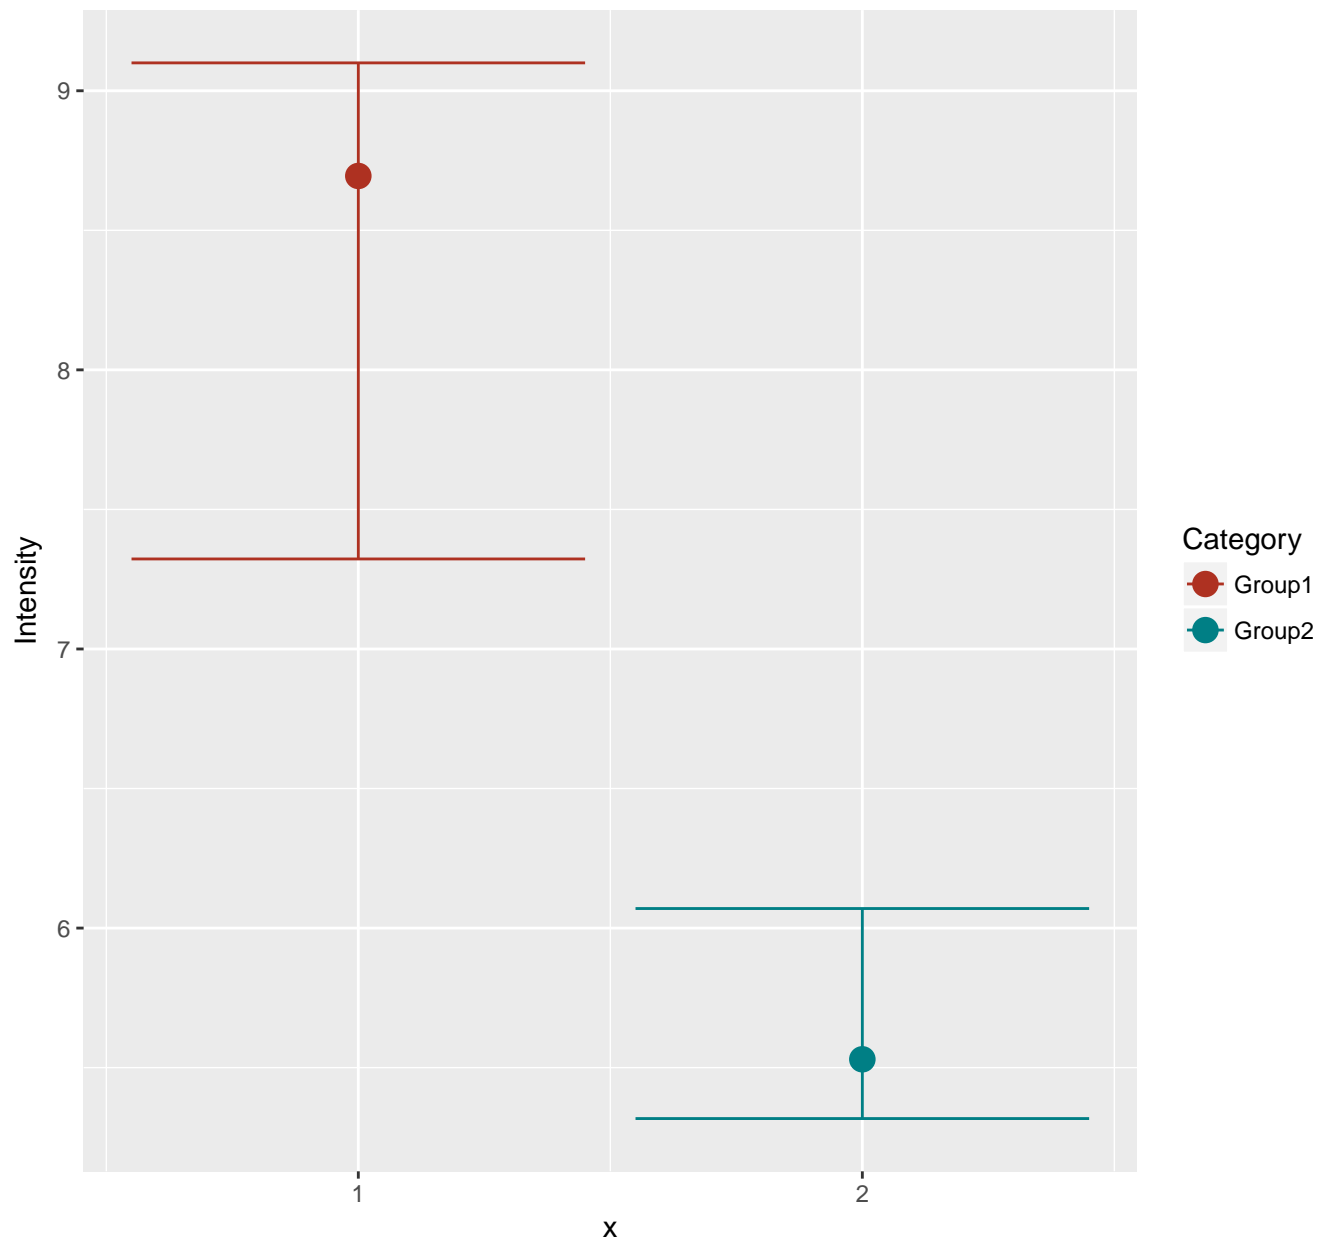

181.07197_146.7 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

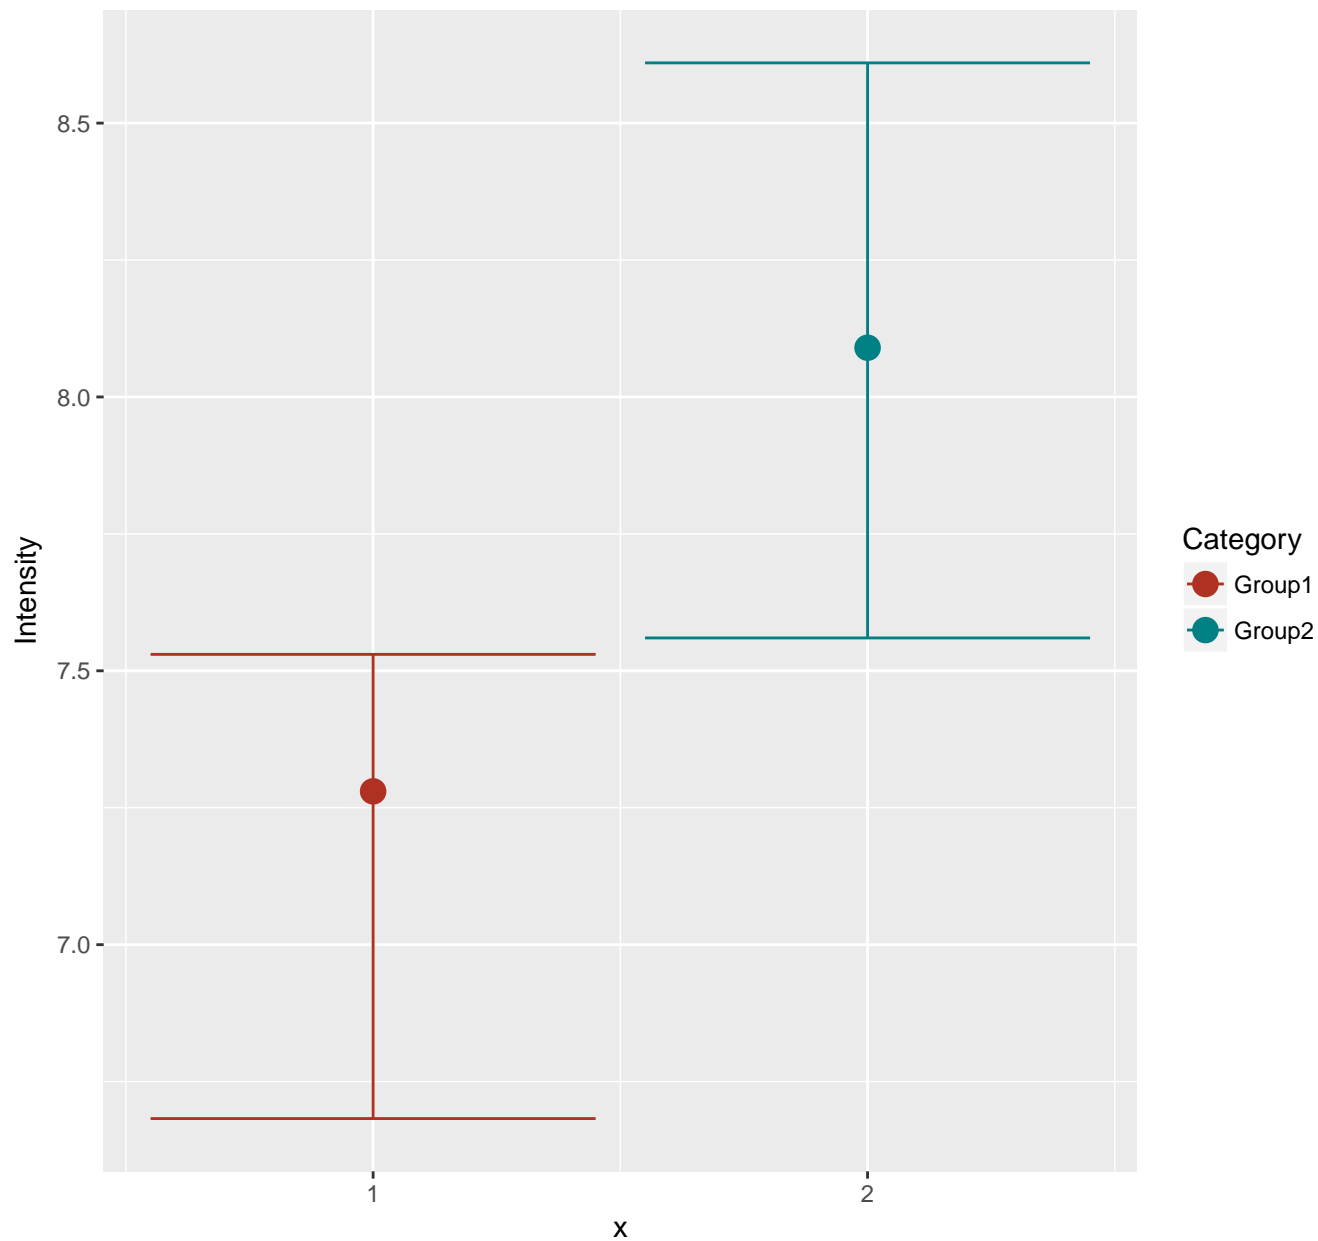

153.05442_152.2 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

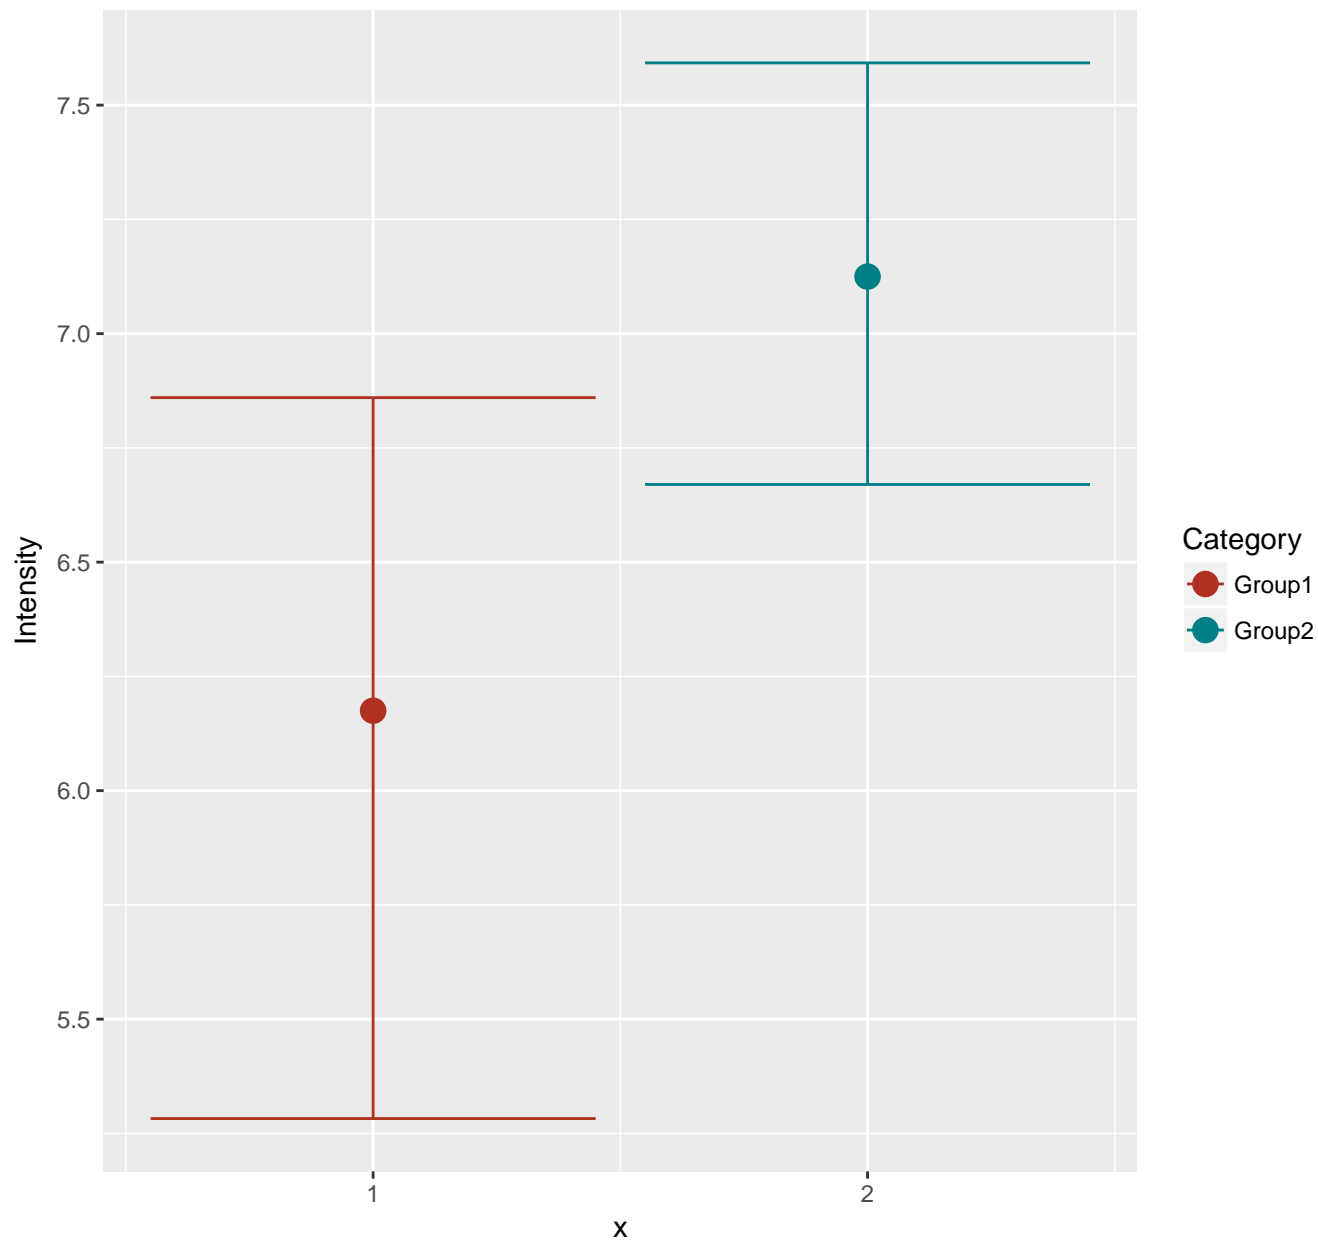

120.06562_119.5 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

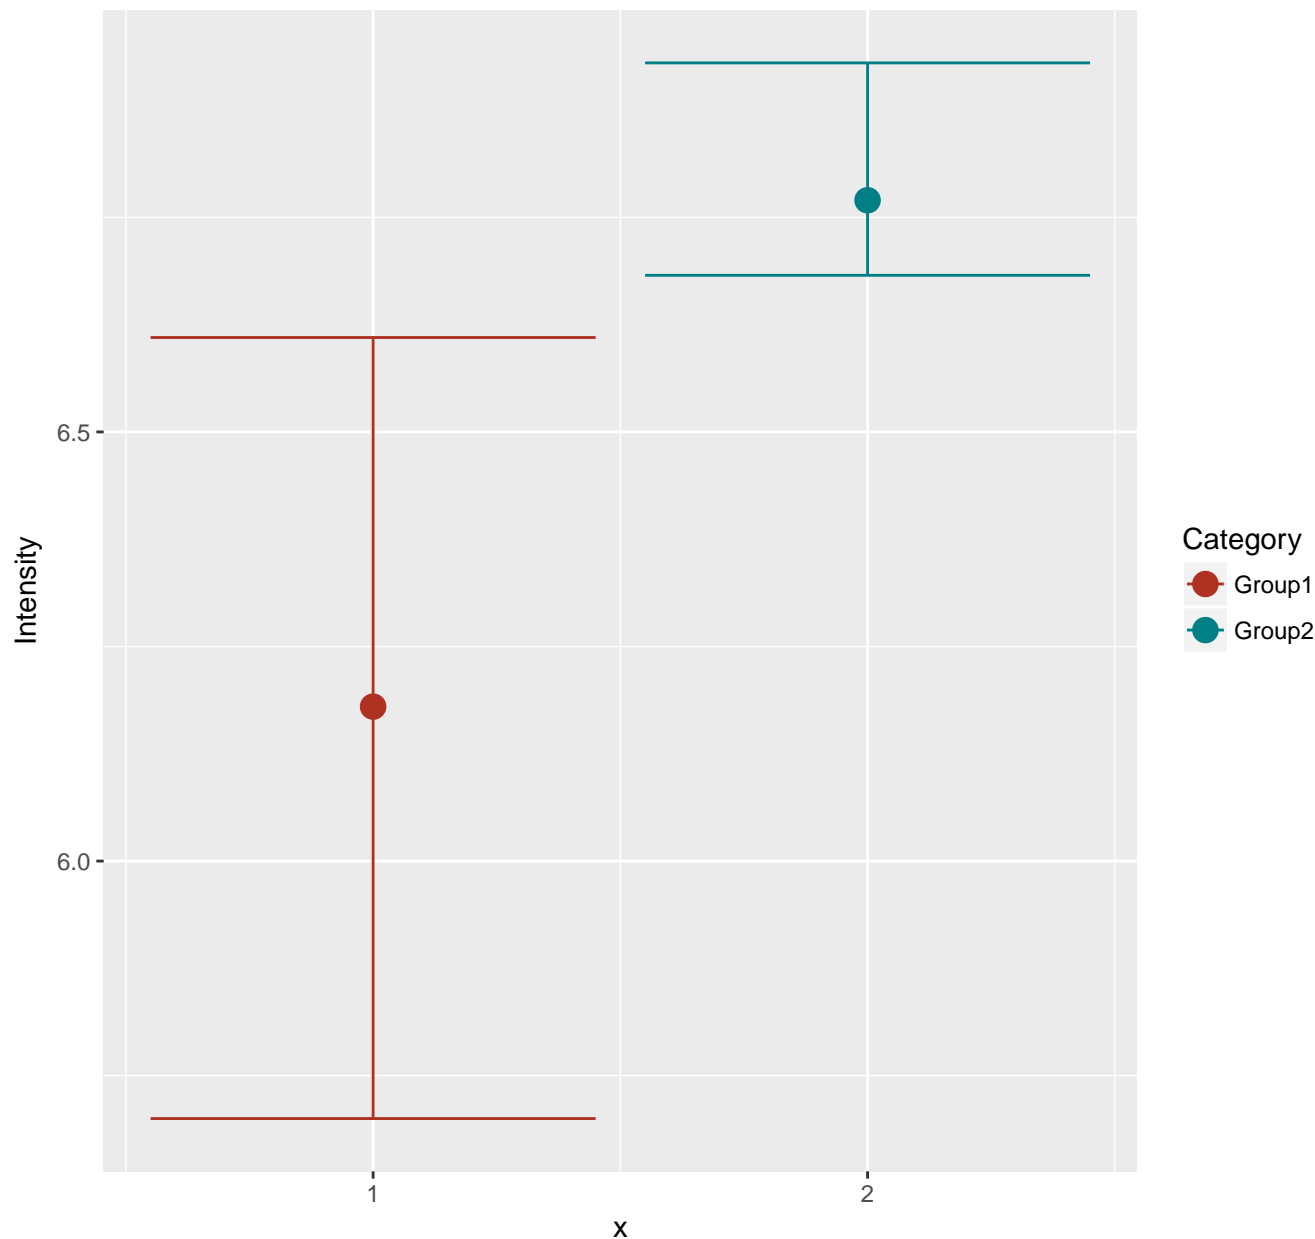

302.30549_16.7 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

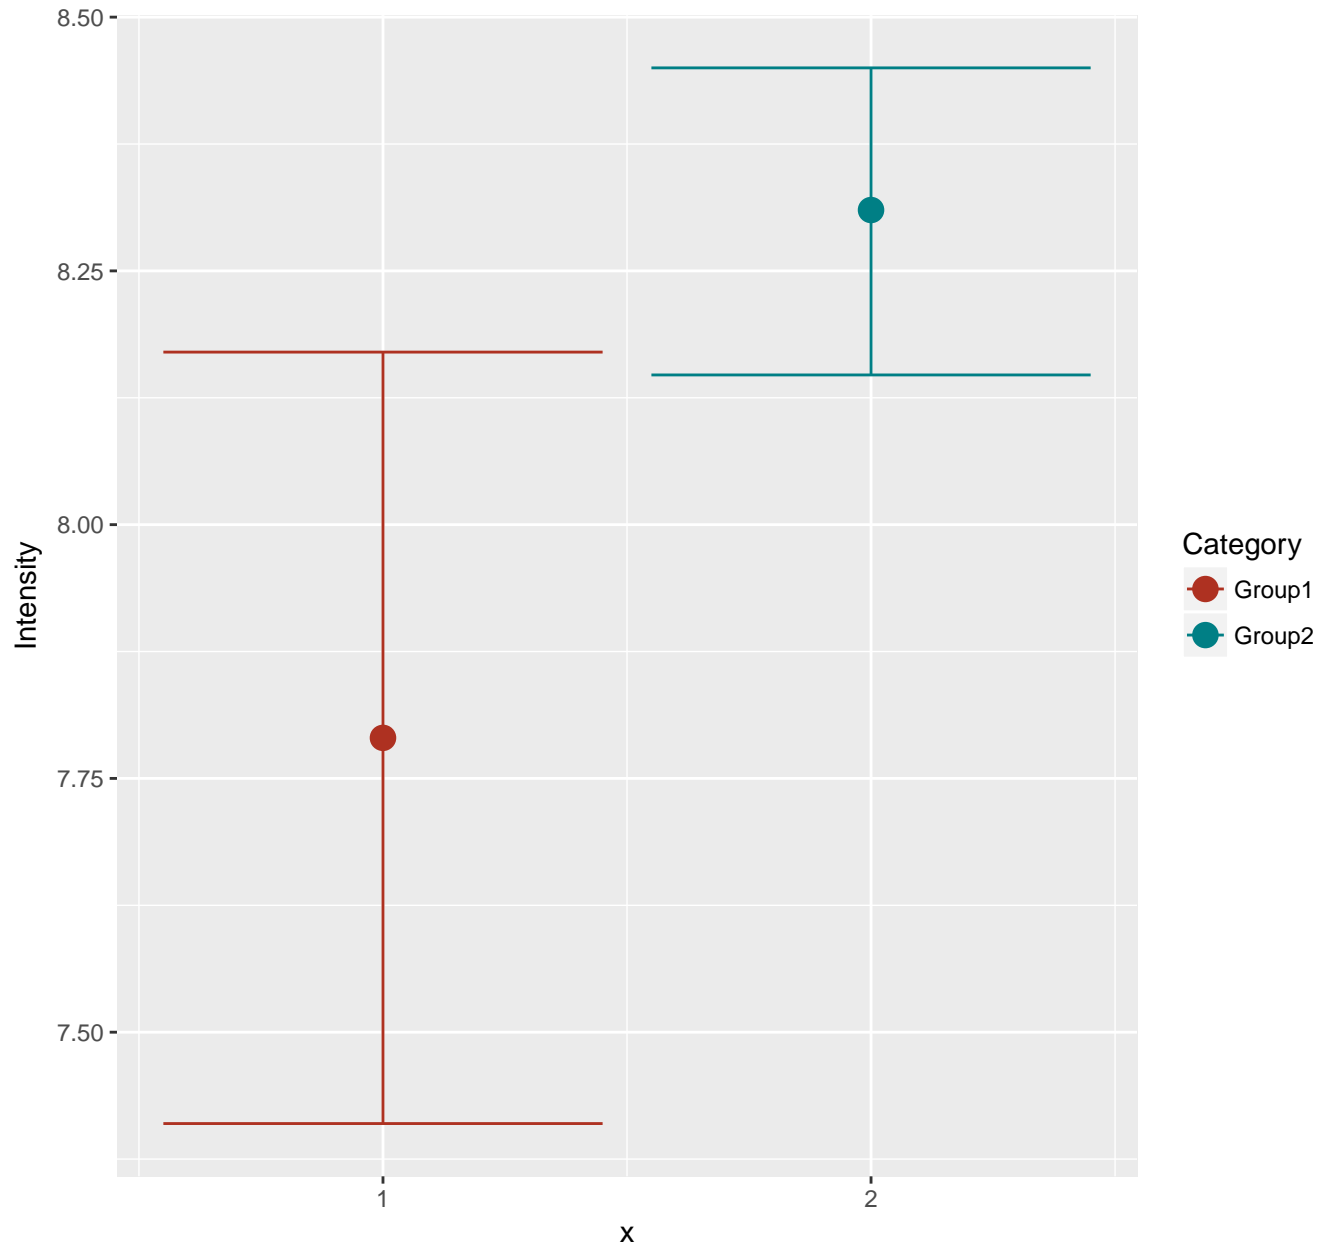

389.37781_89.9 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

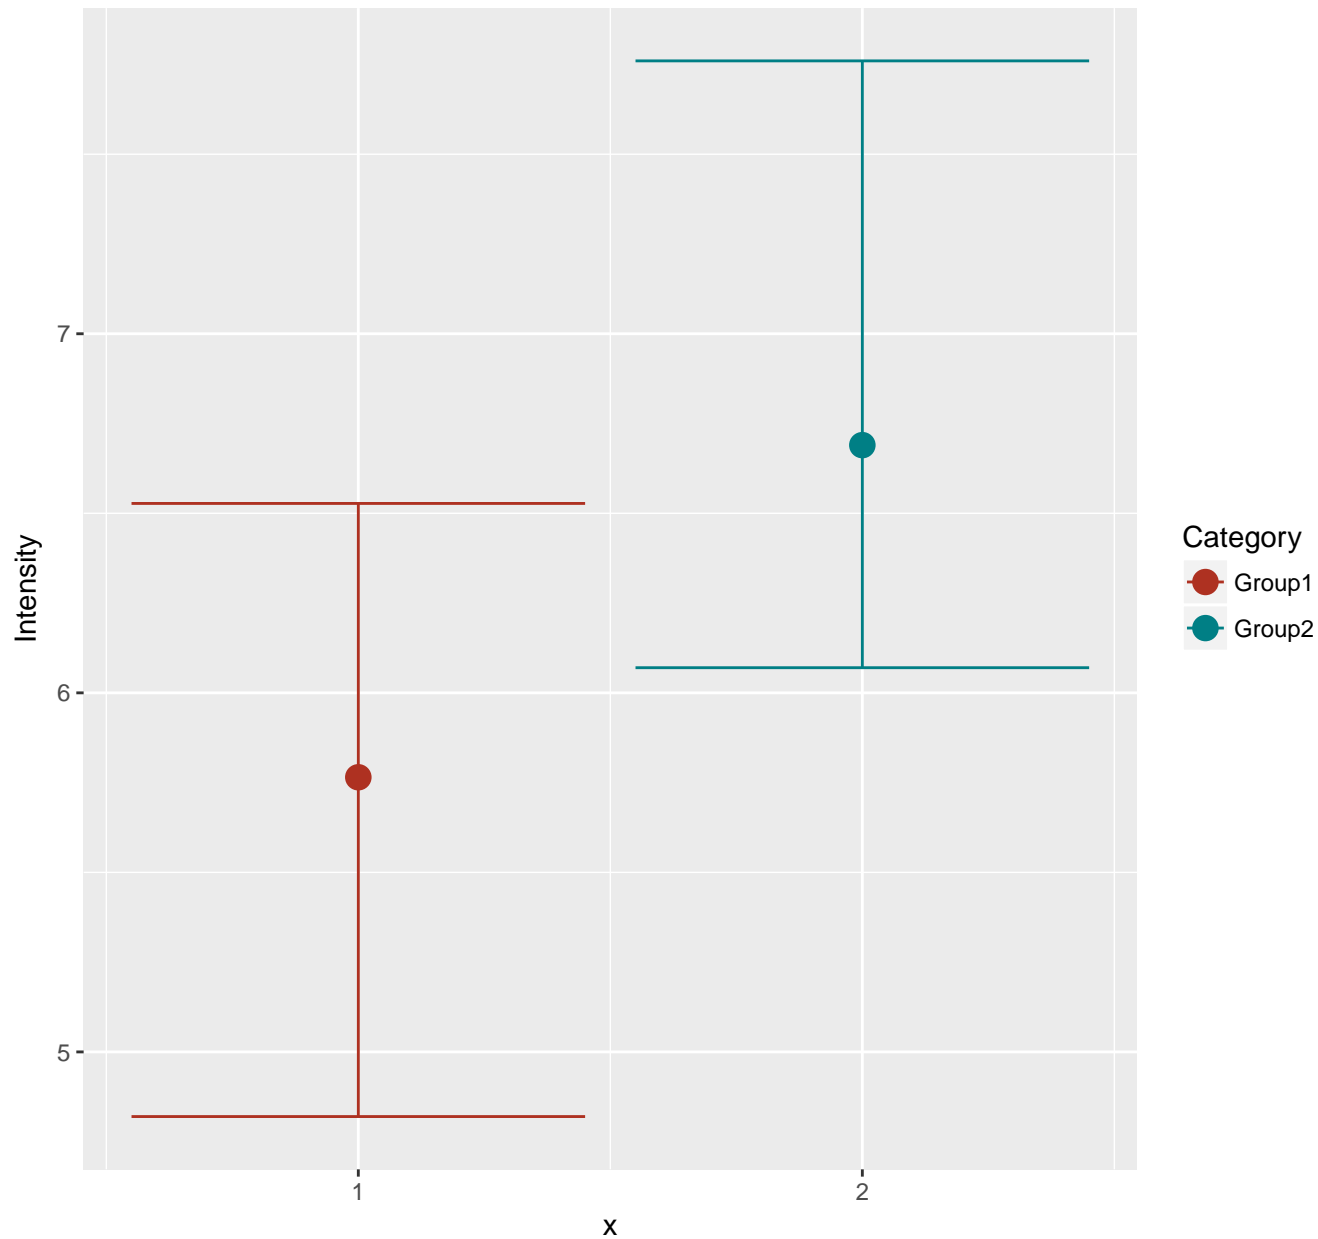

241.03079_130.8 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

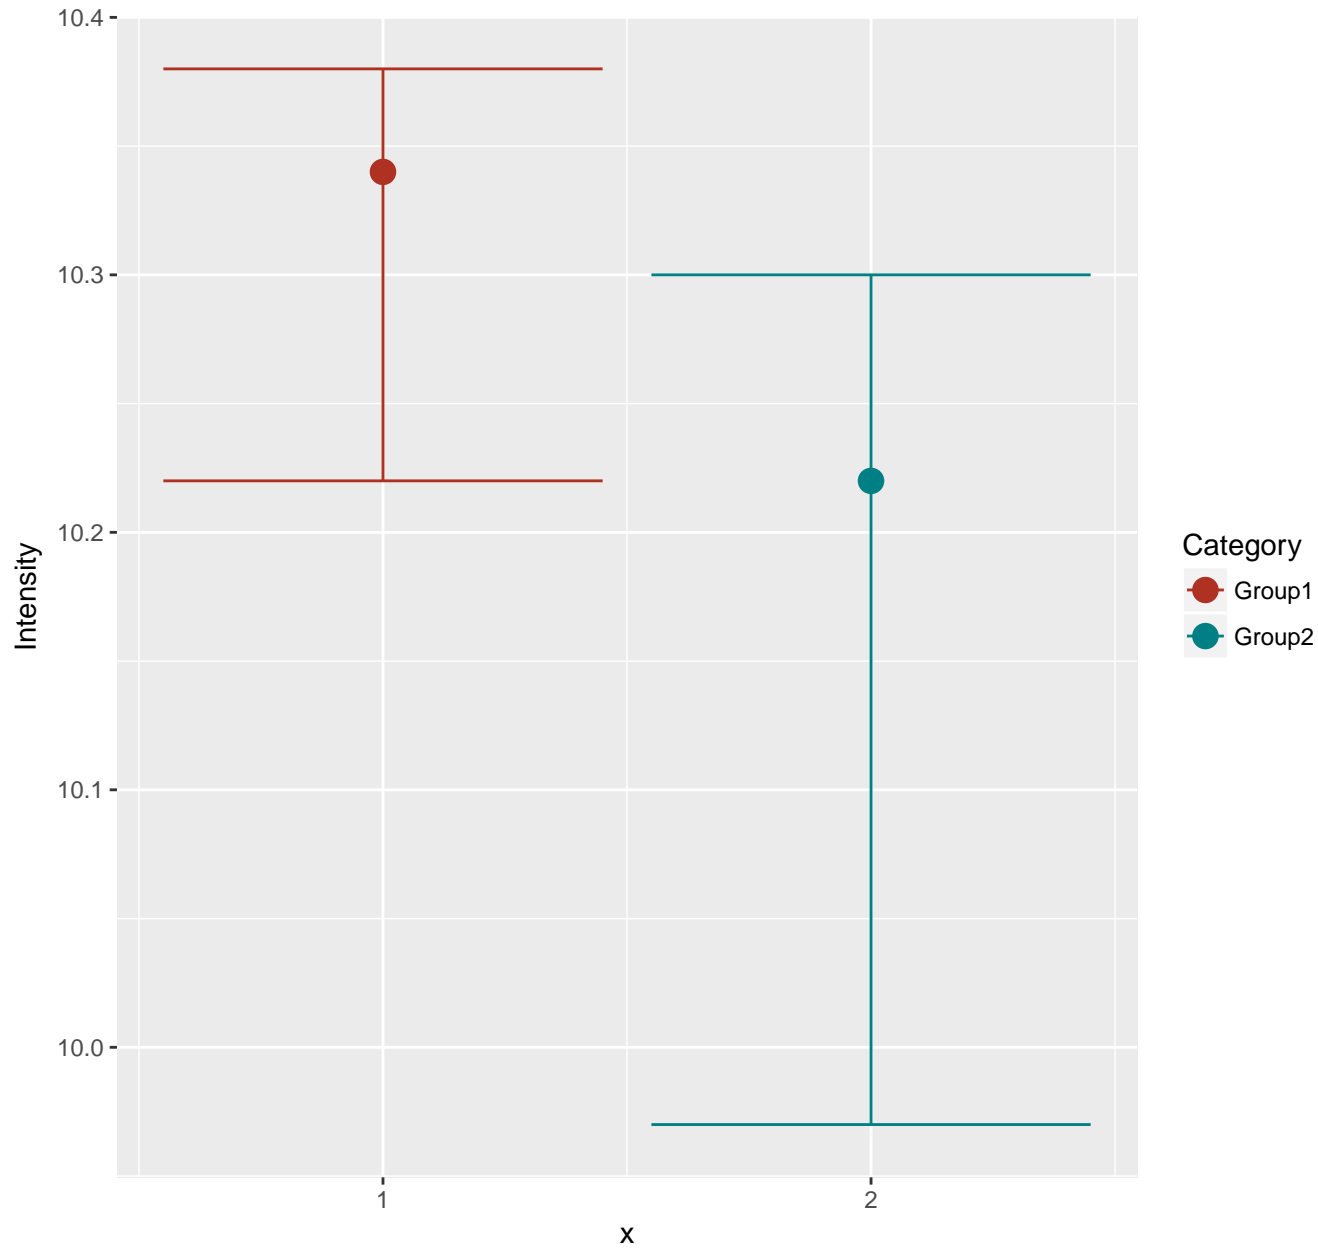

181.04836_126.5 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

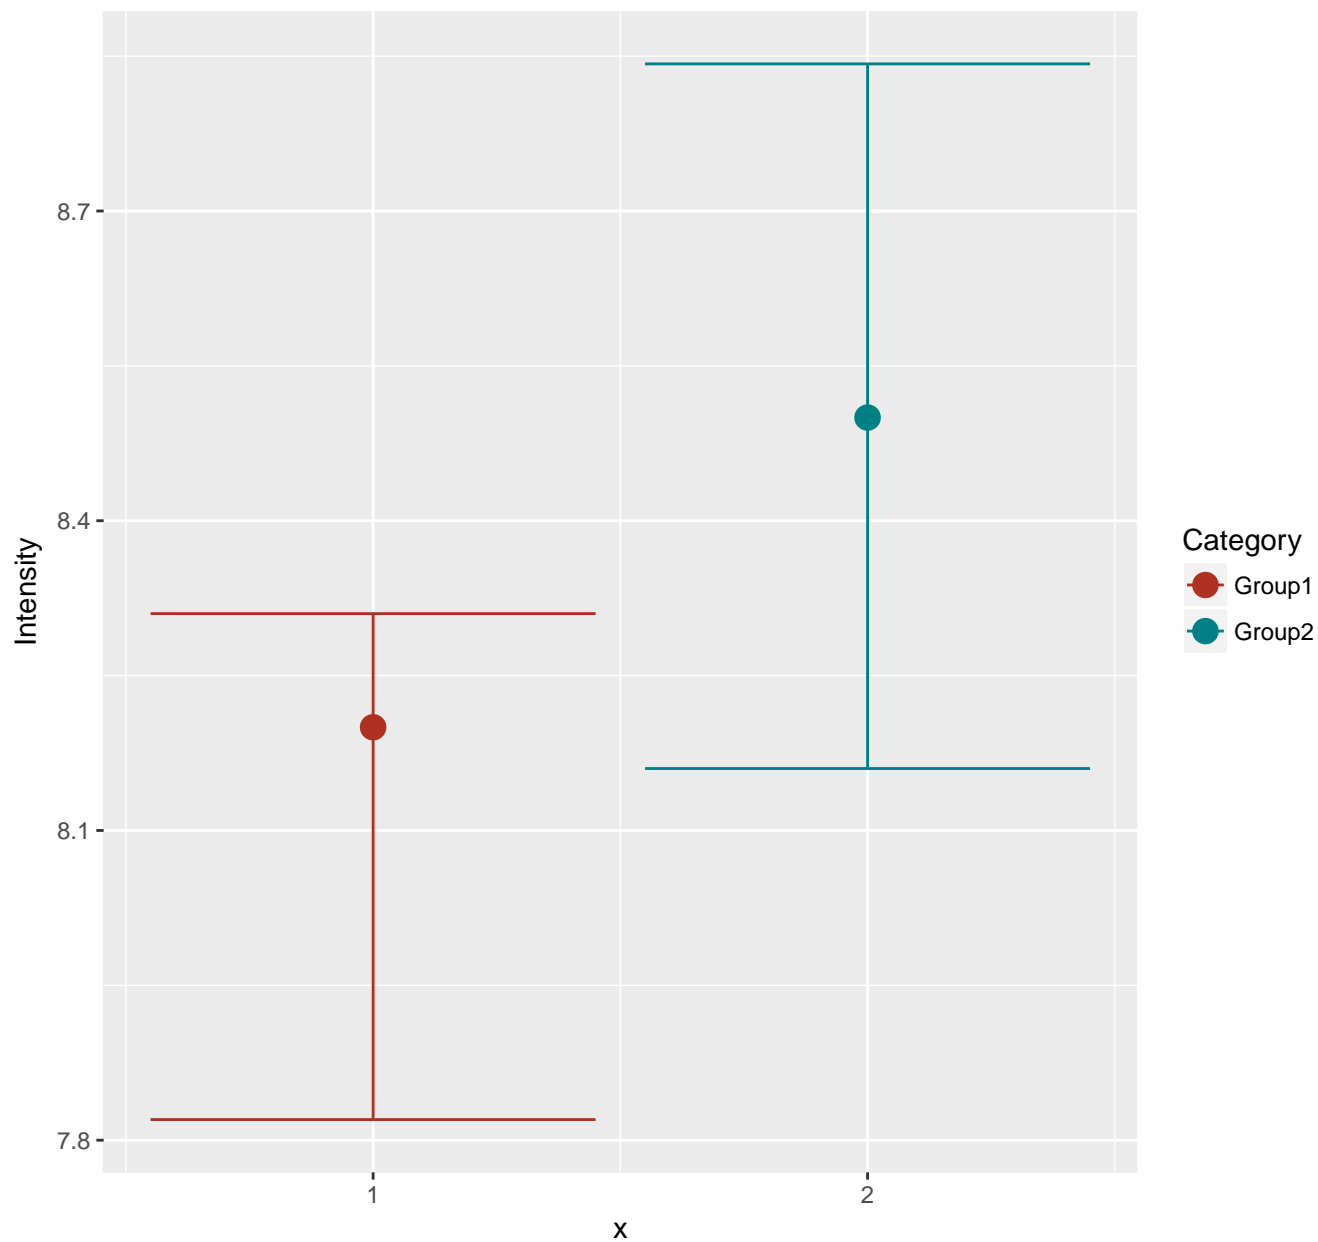

118.08645_118.2 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

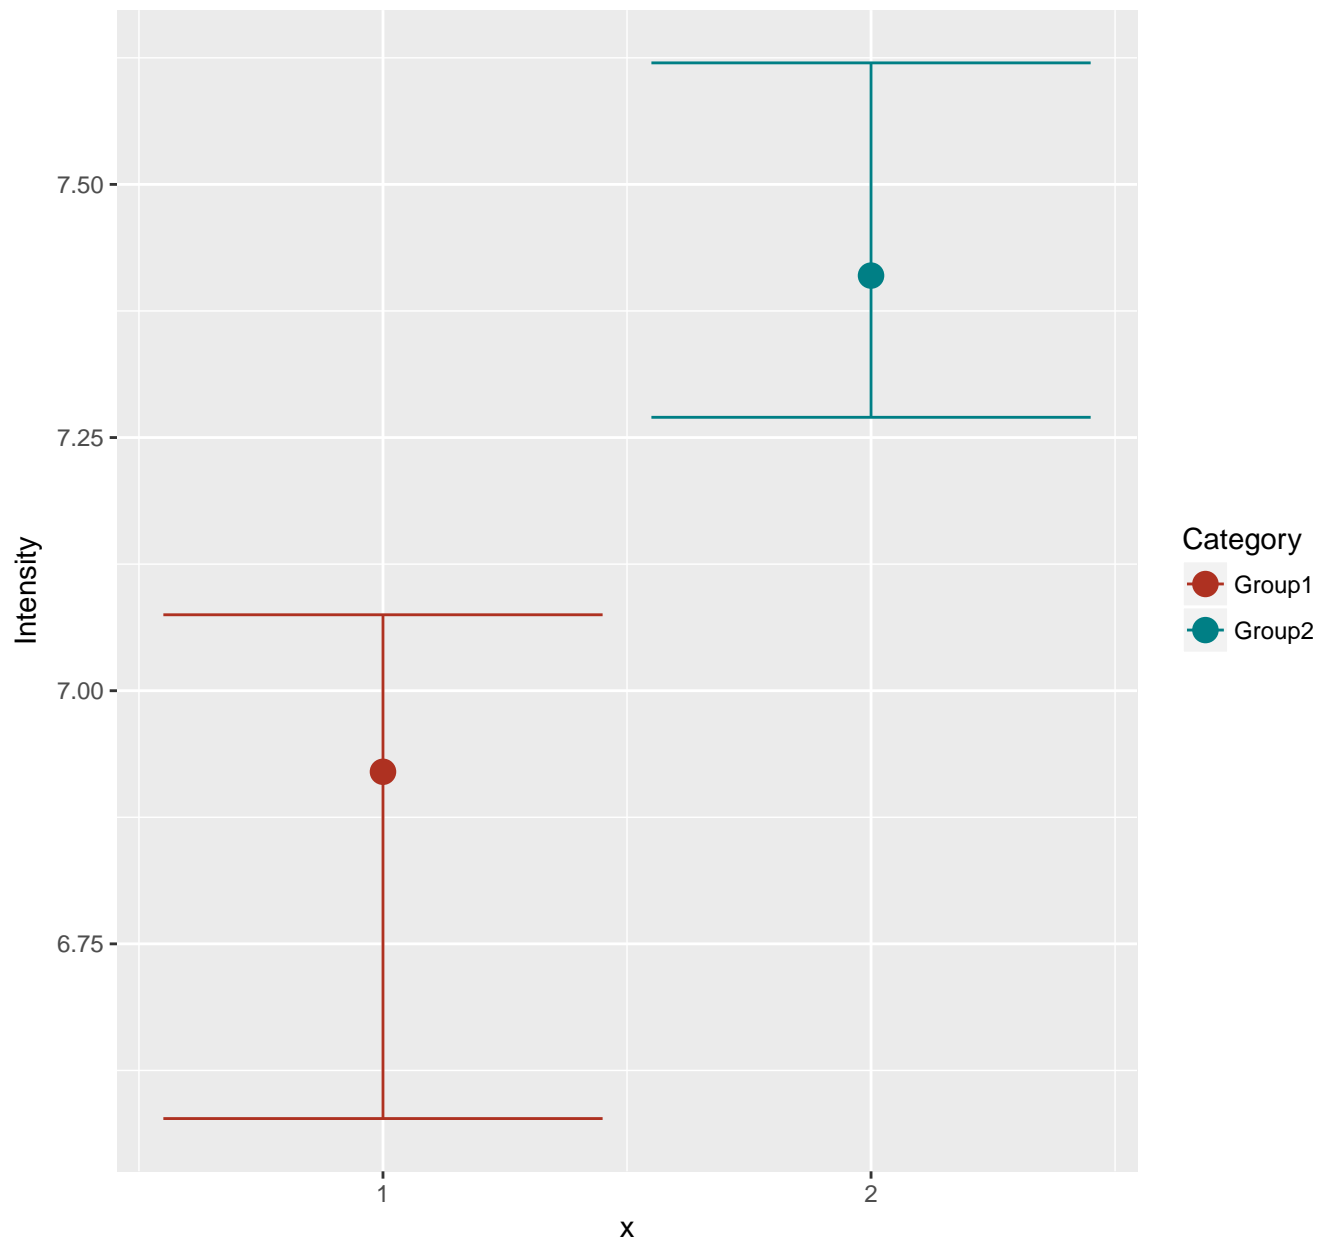

123.0445_125 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

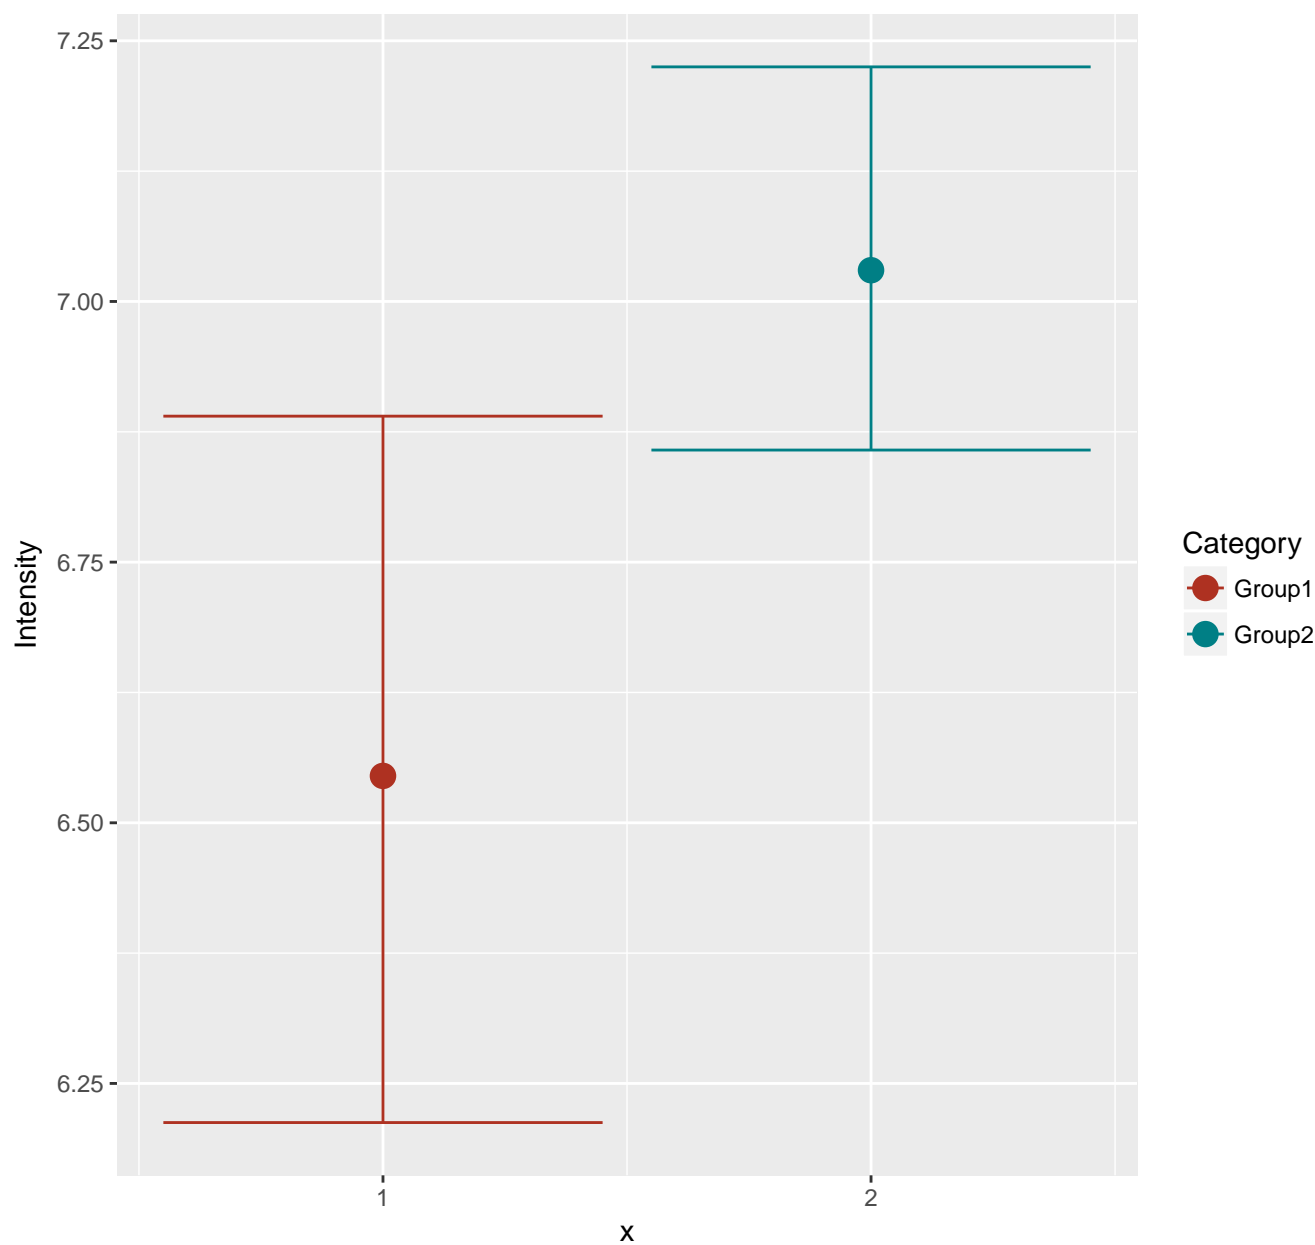

446.17791_79.3 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

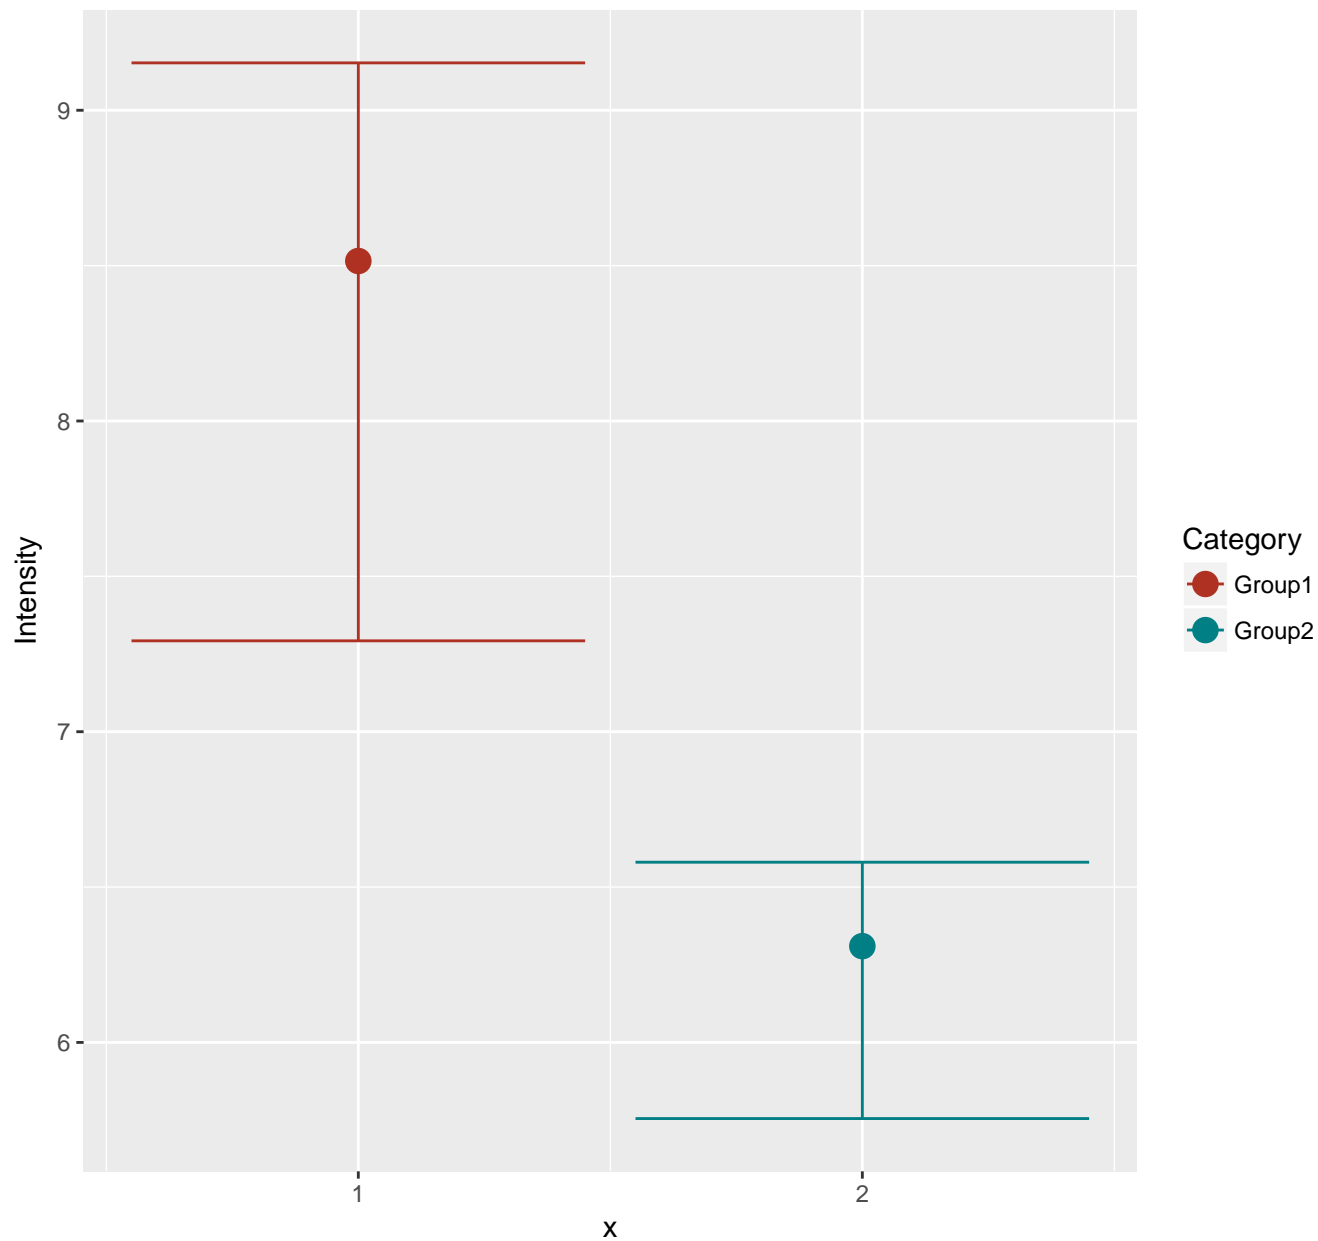

193.09709_101.9 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

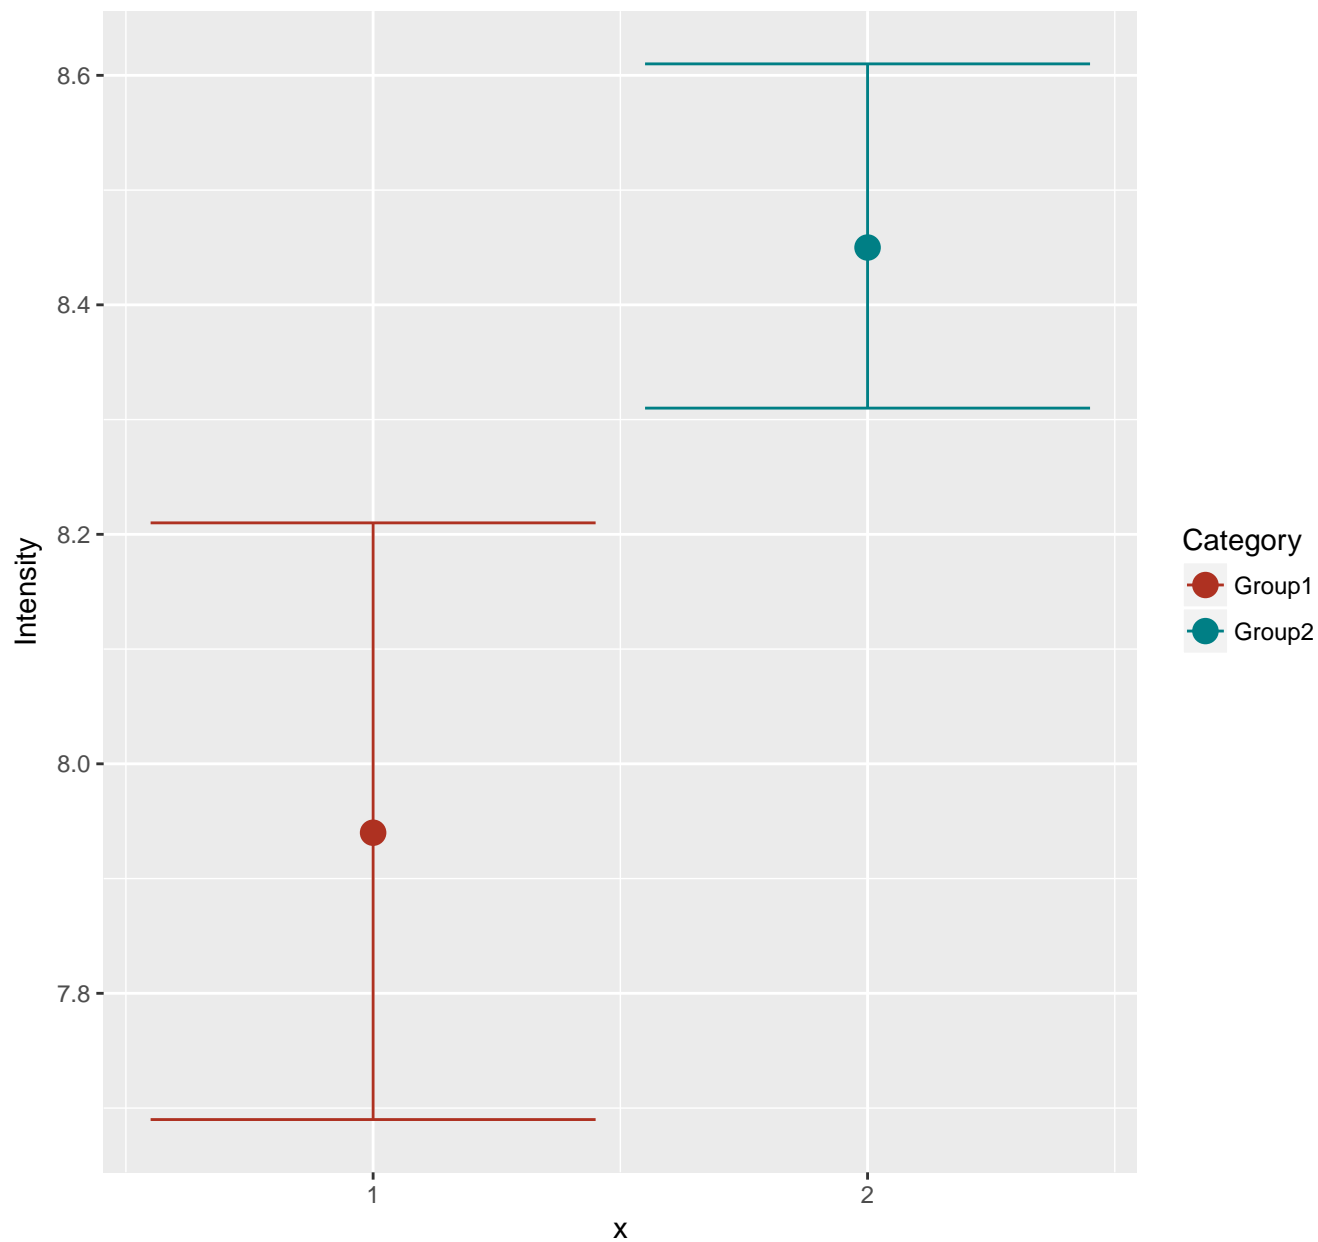

104.07101_114.8 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

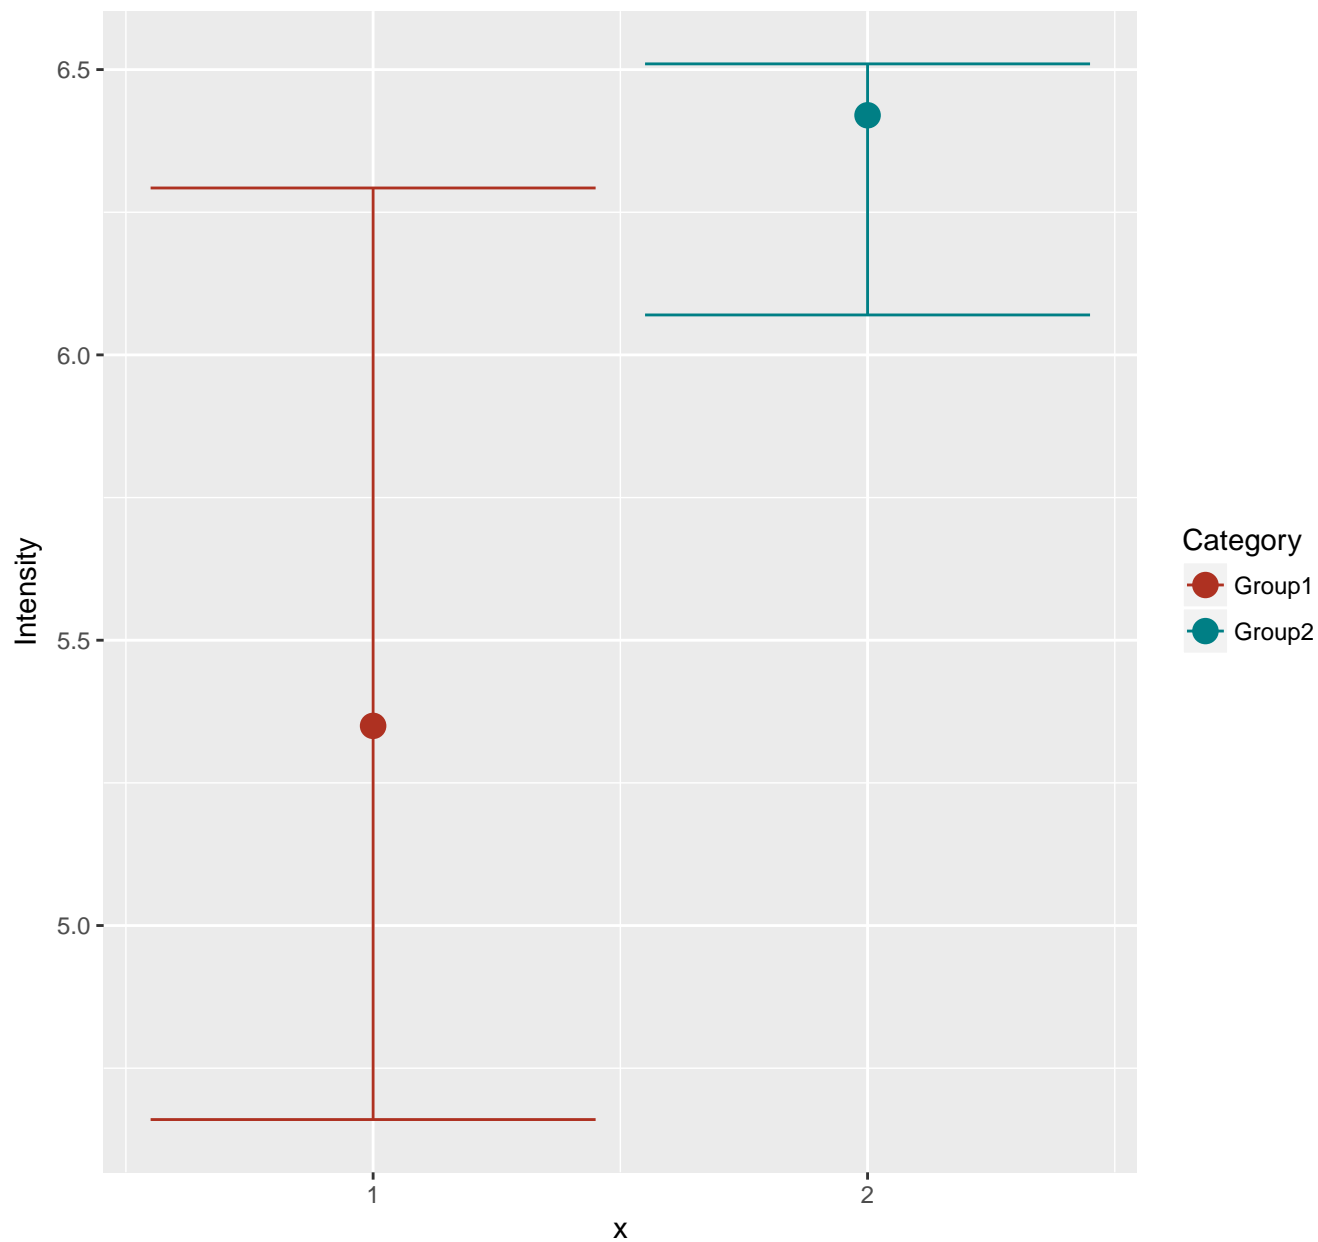

258.10637_63.3 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

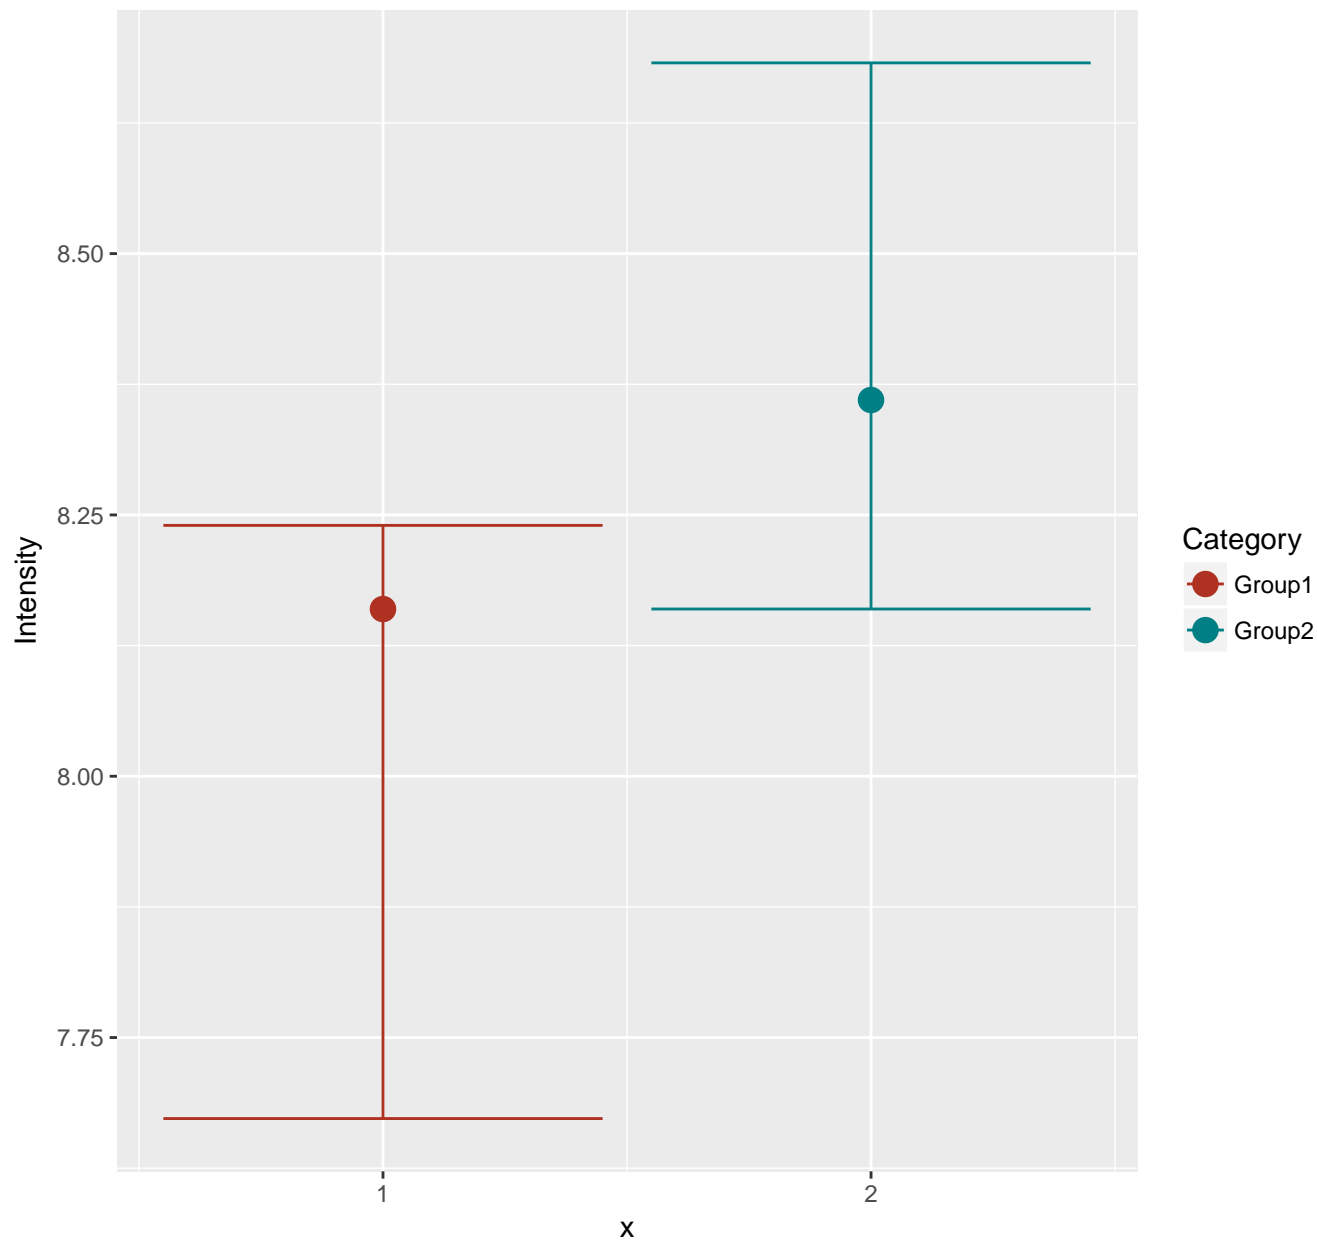

169.0971_103.1 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

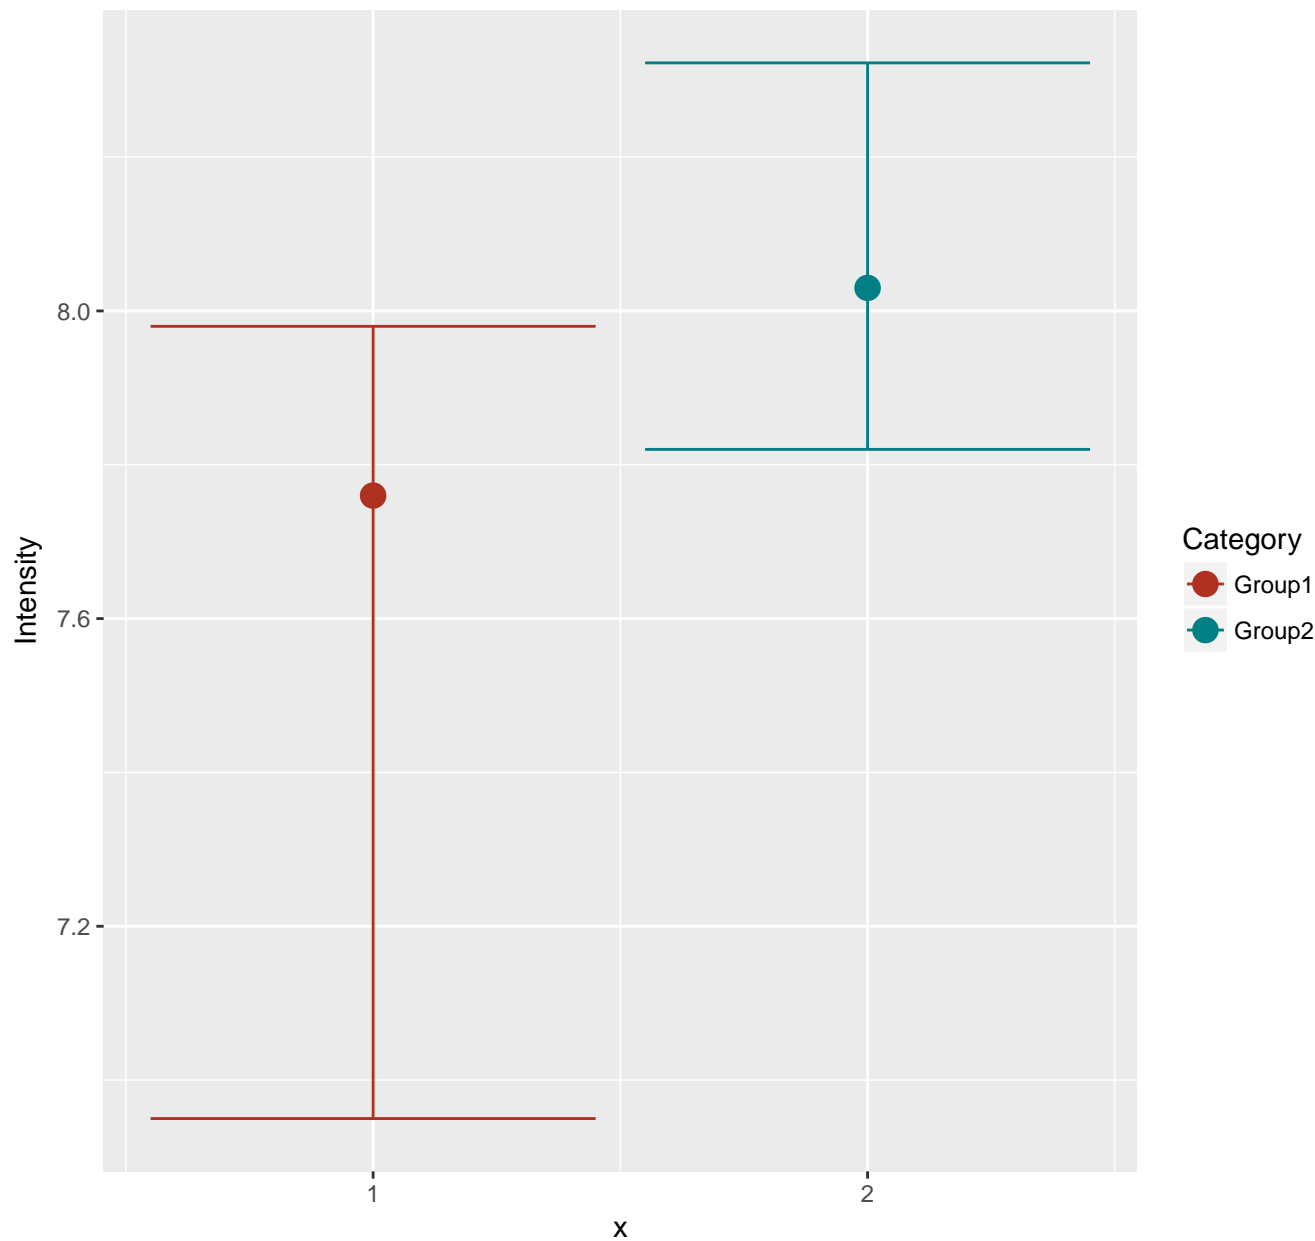

195.08769_172.6 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

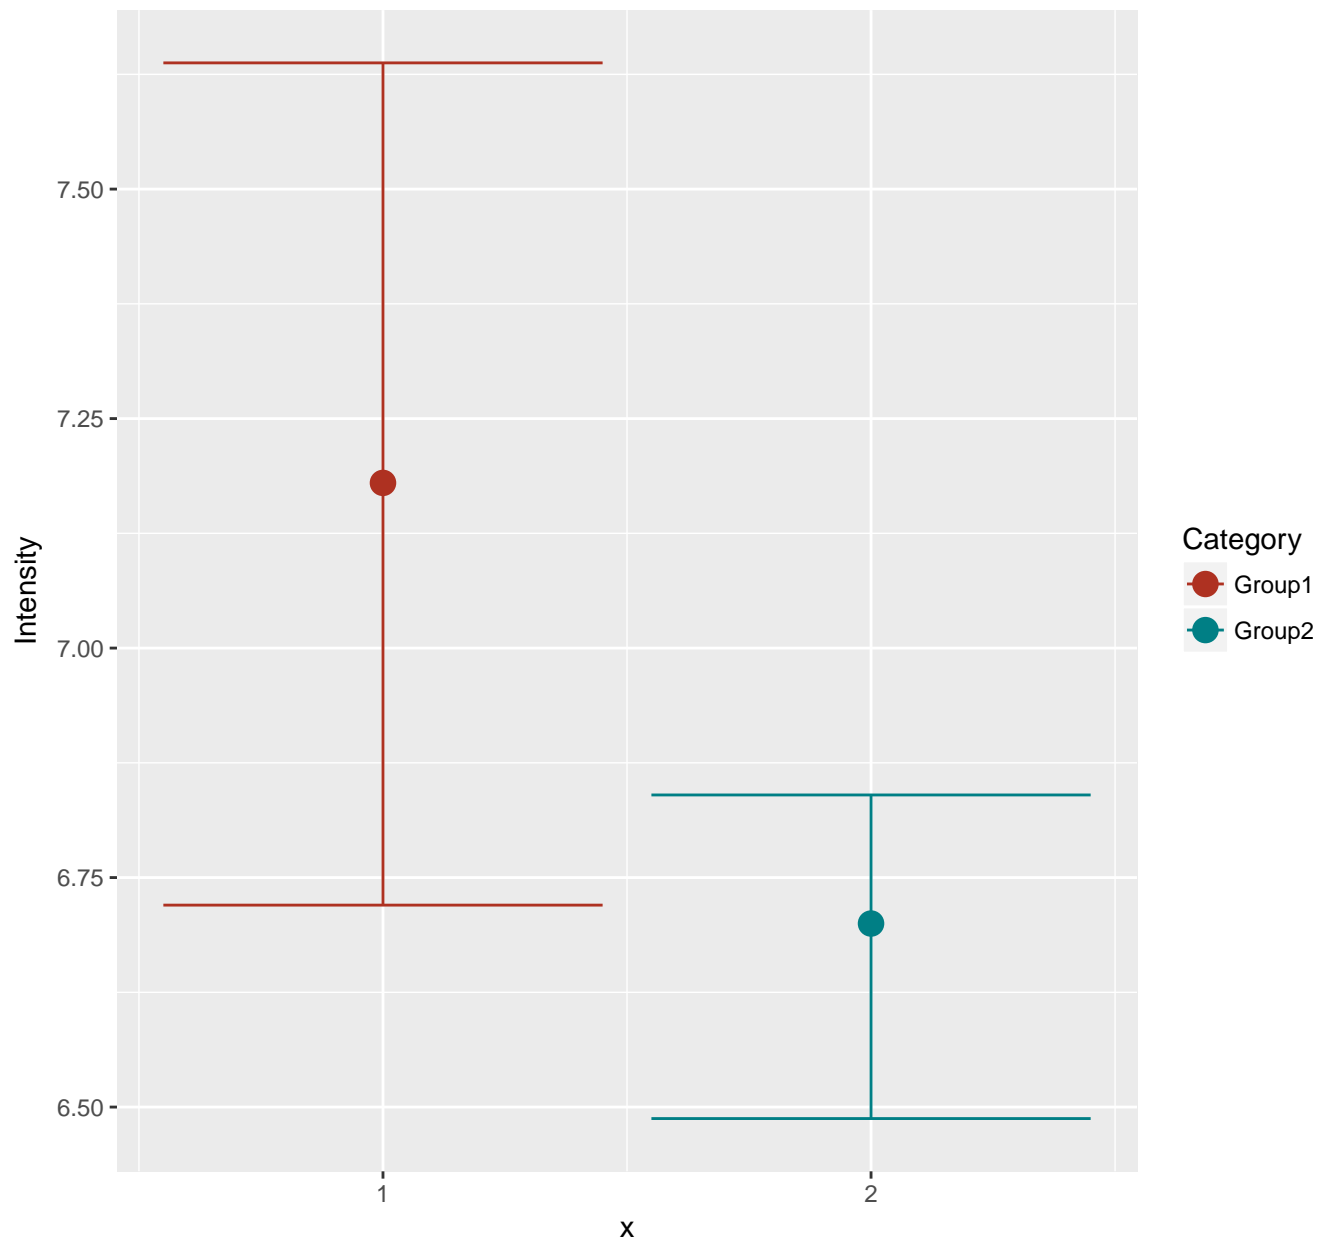

248.03152_103.7 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

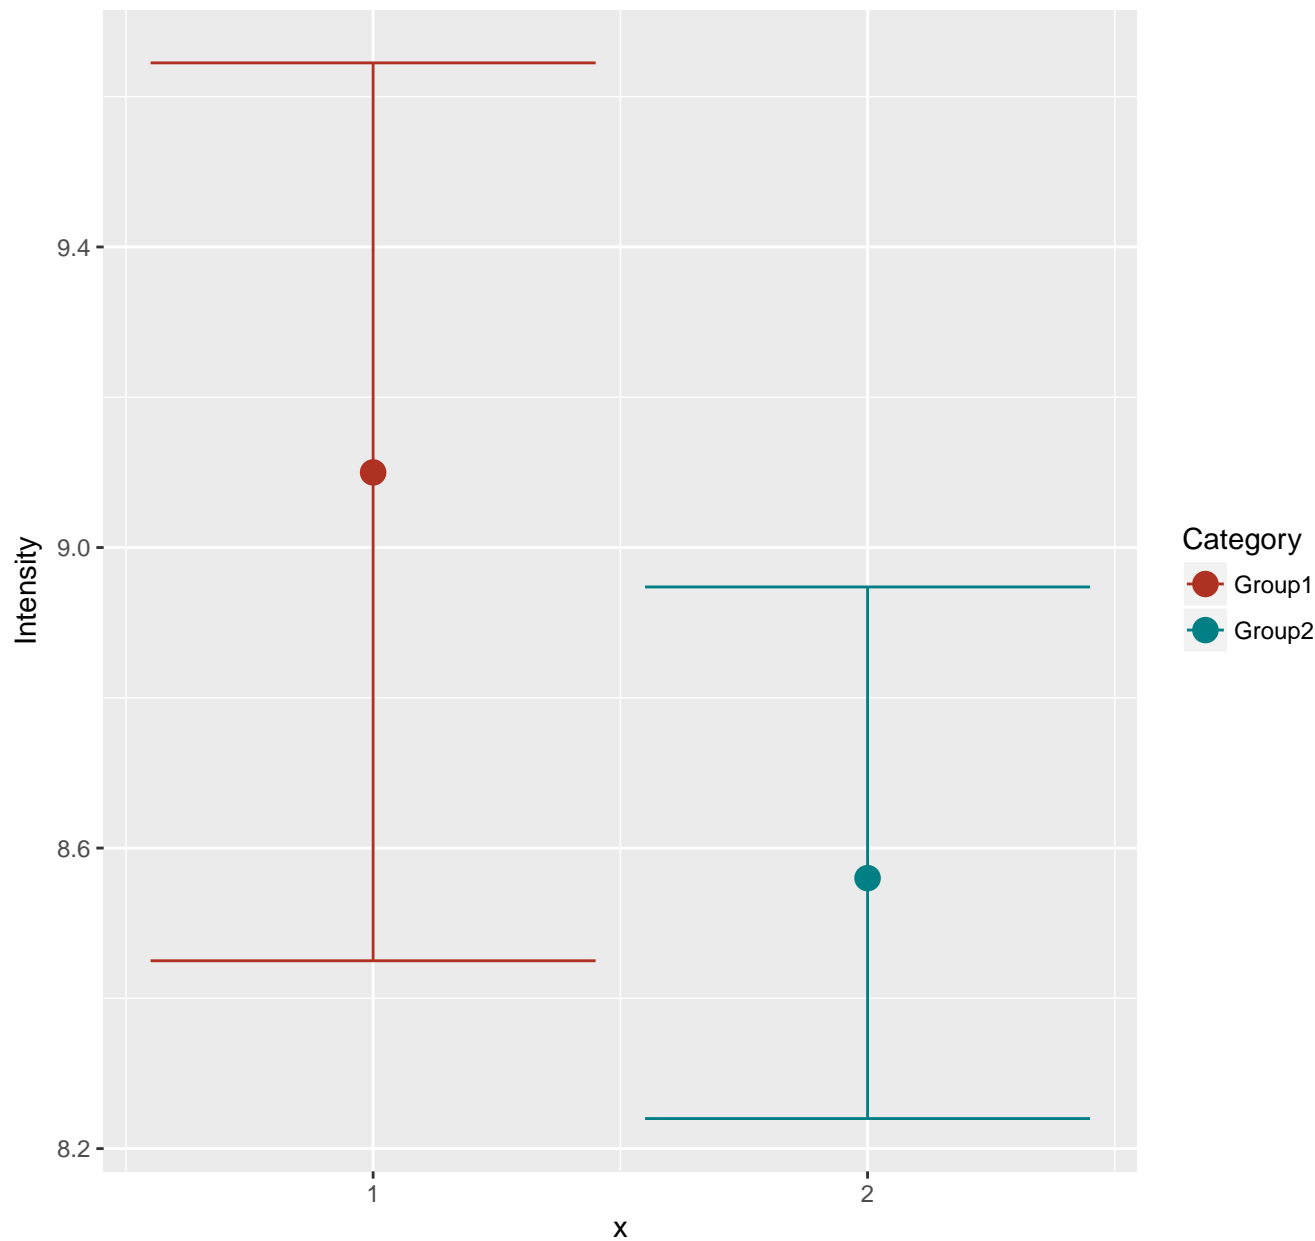

190.08619_103.5 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

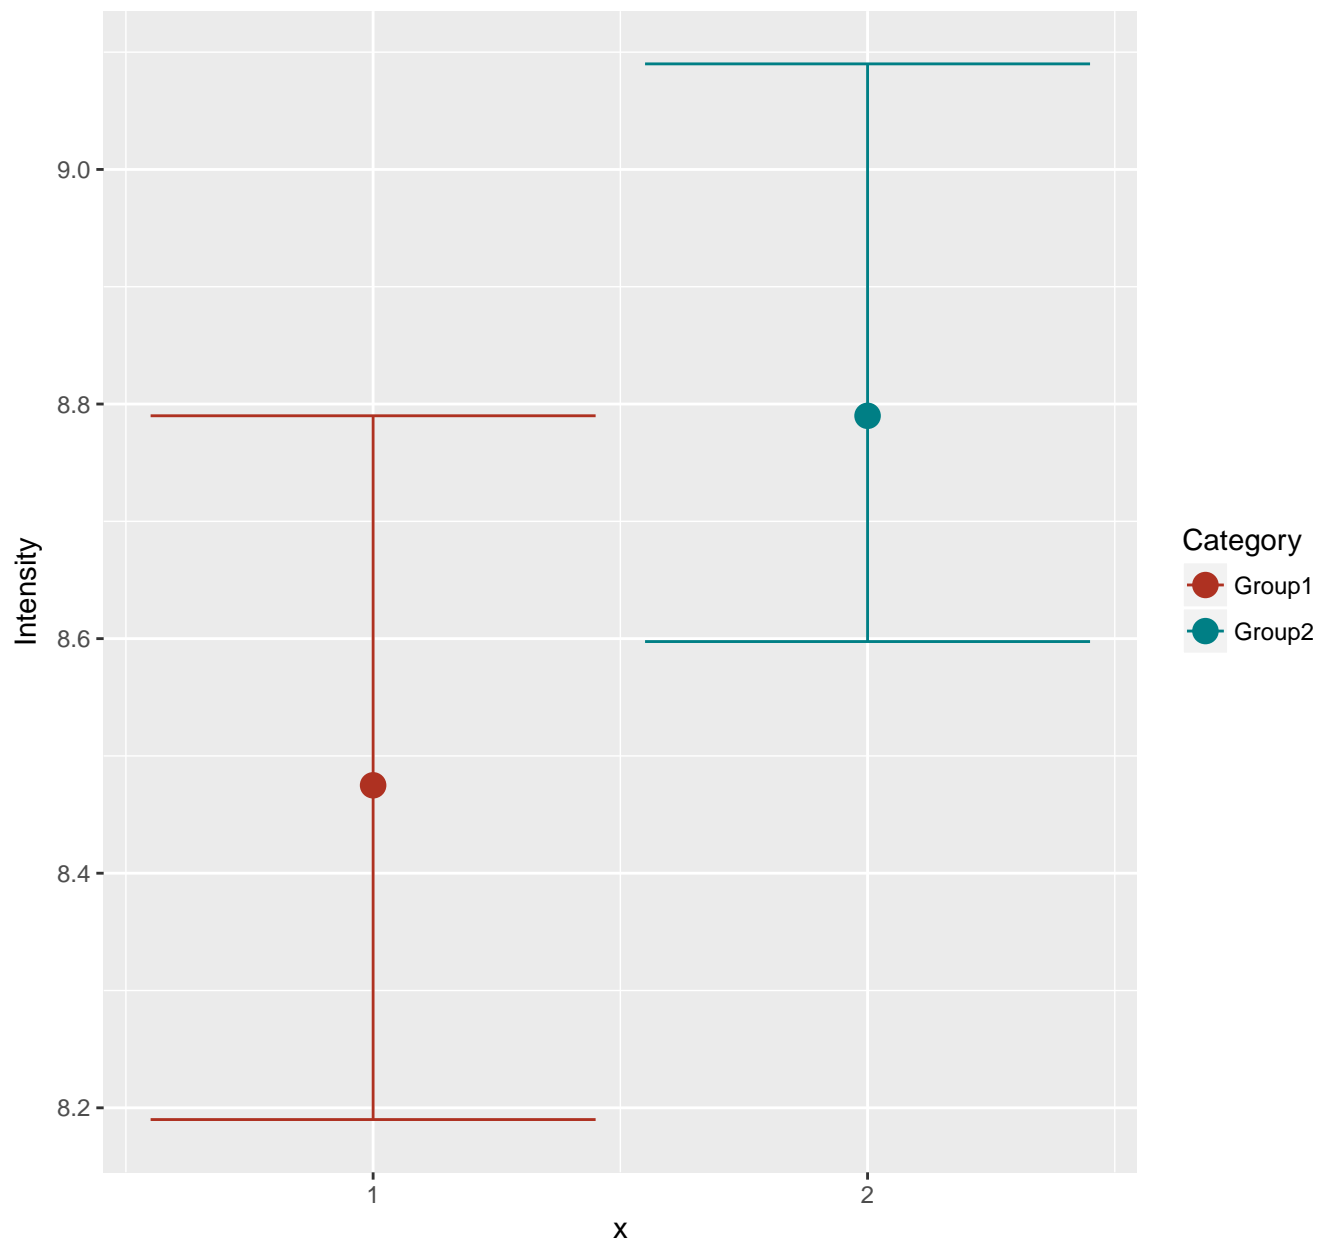

369.12935_49.7 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

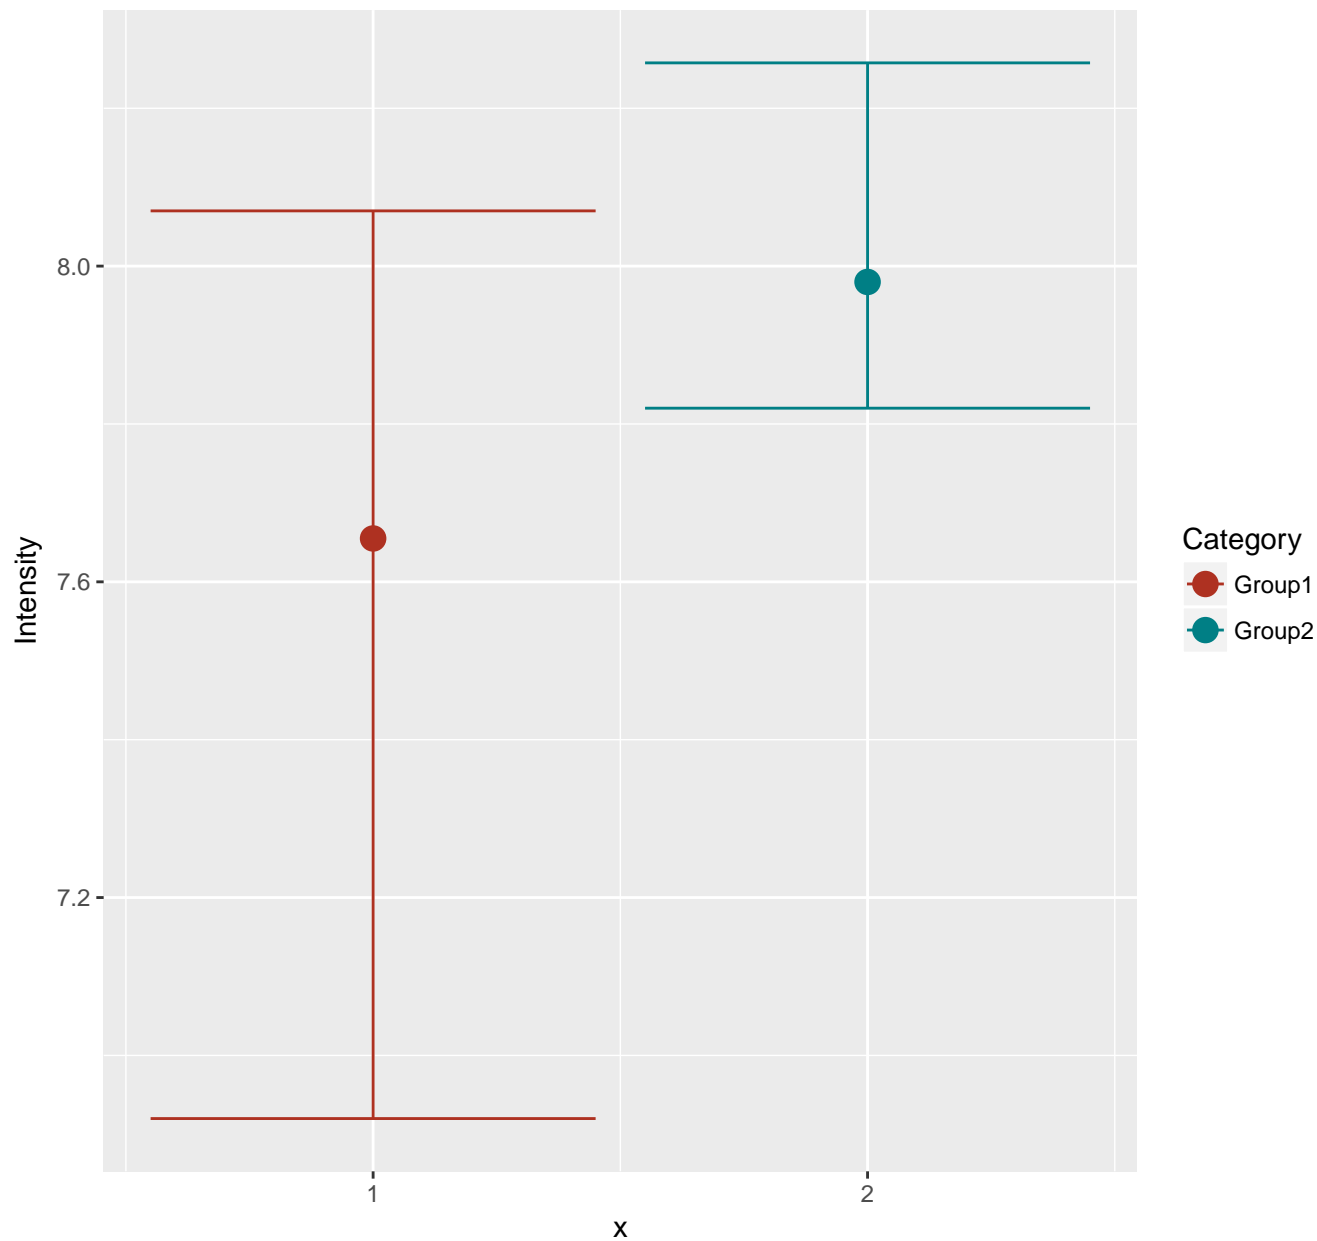

133.06077_123.4 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

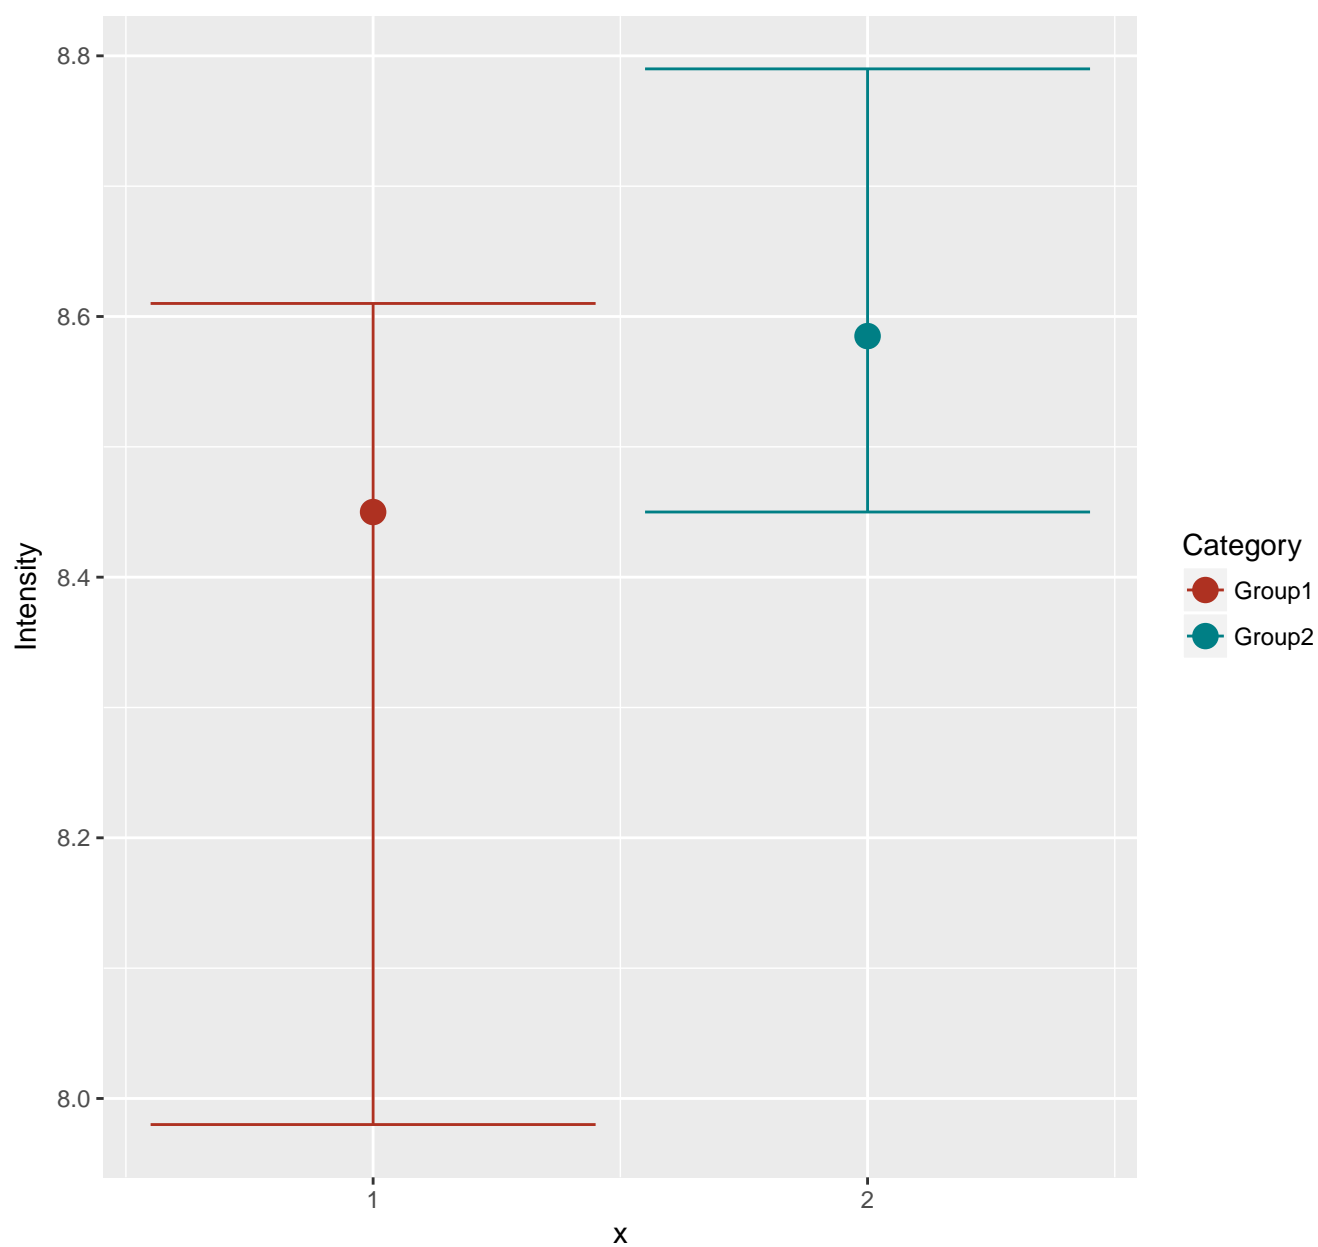

119.03401_115.4 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

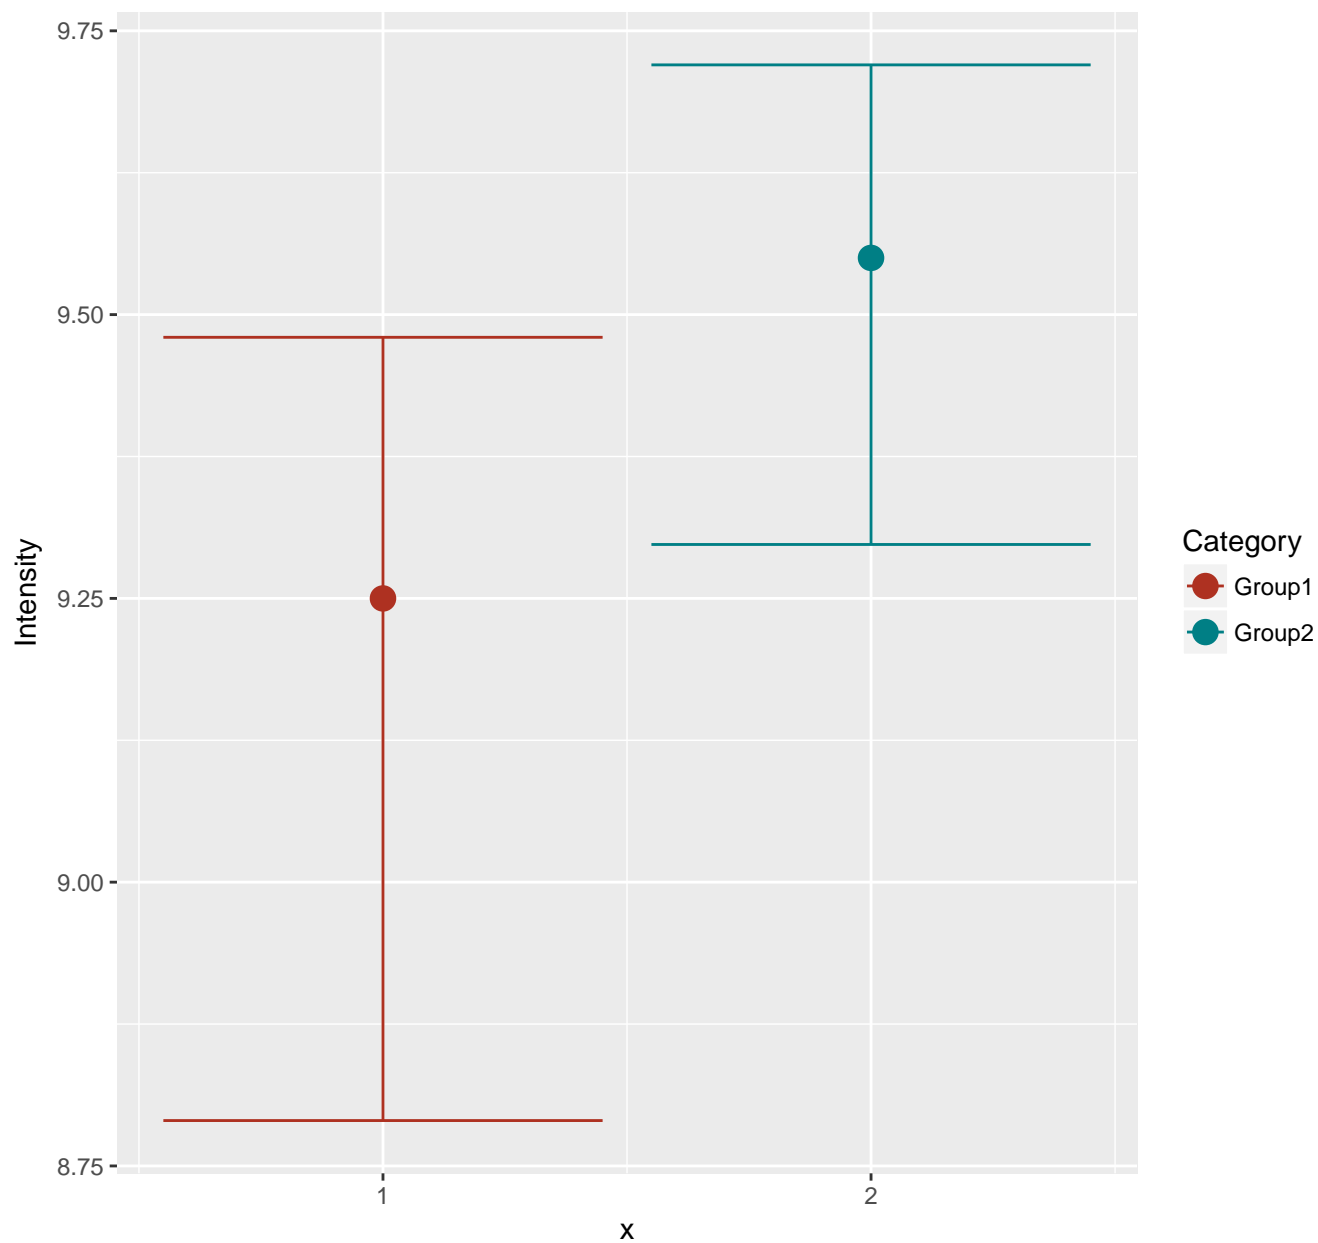

181.07191_254 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

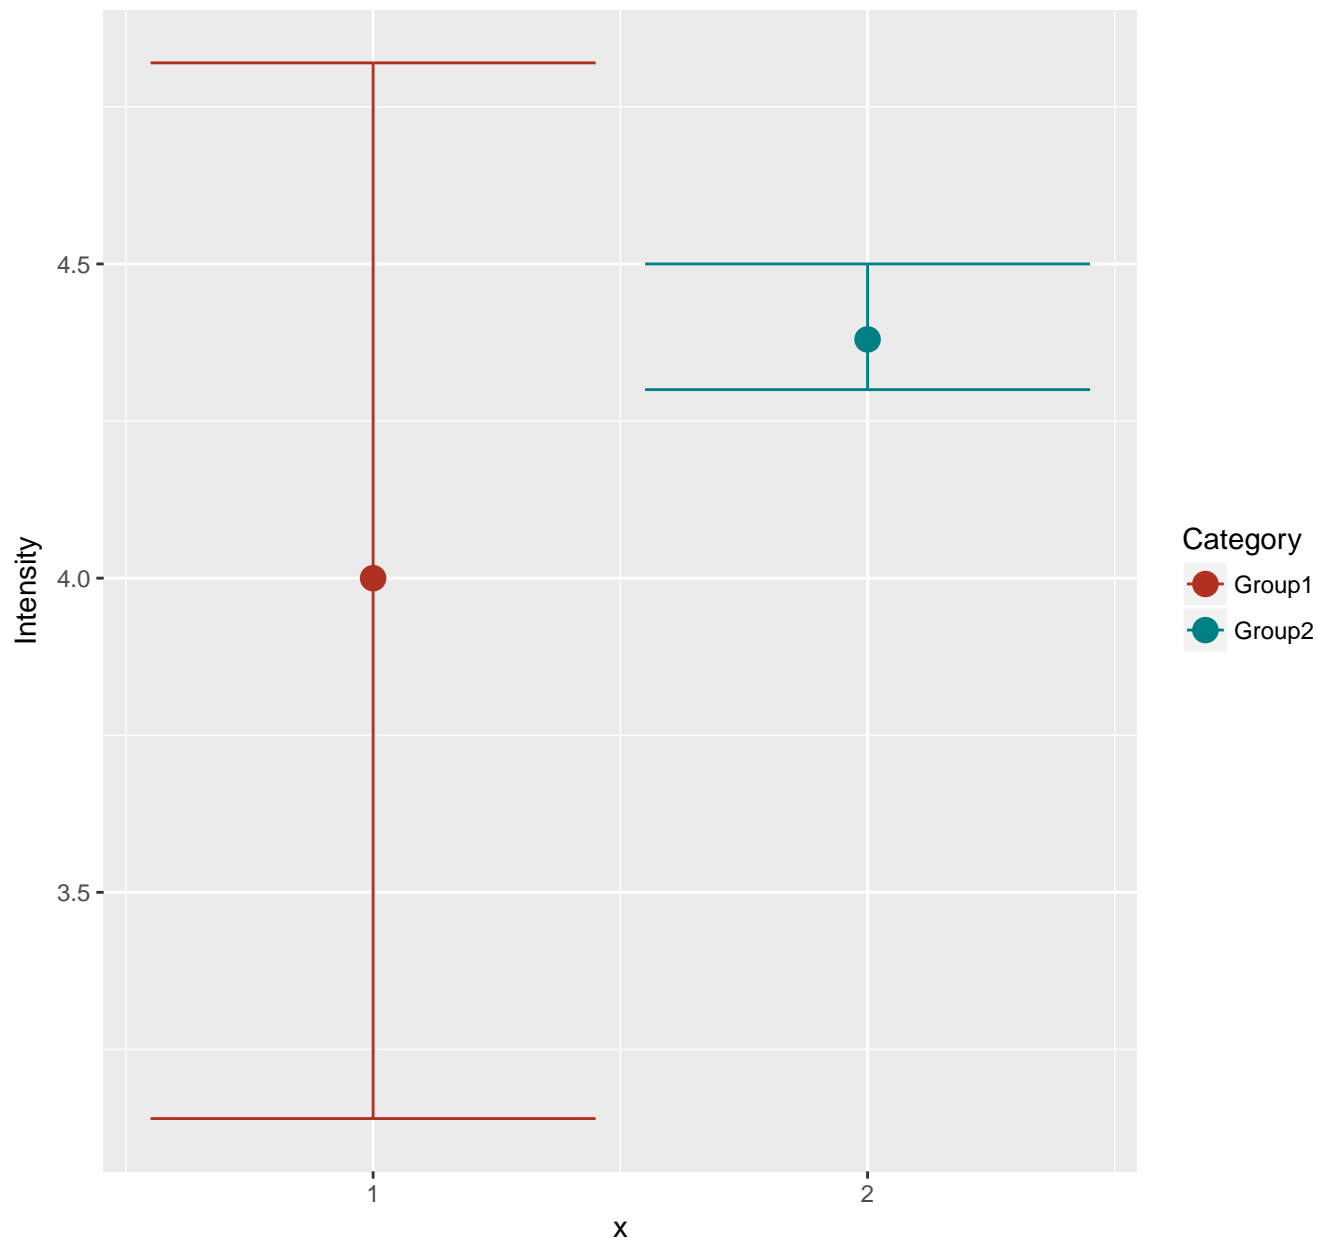

220.1183_48 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

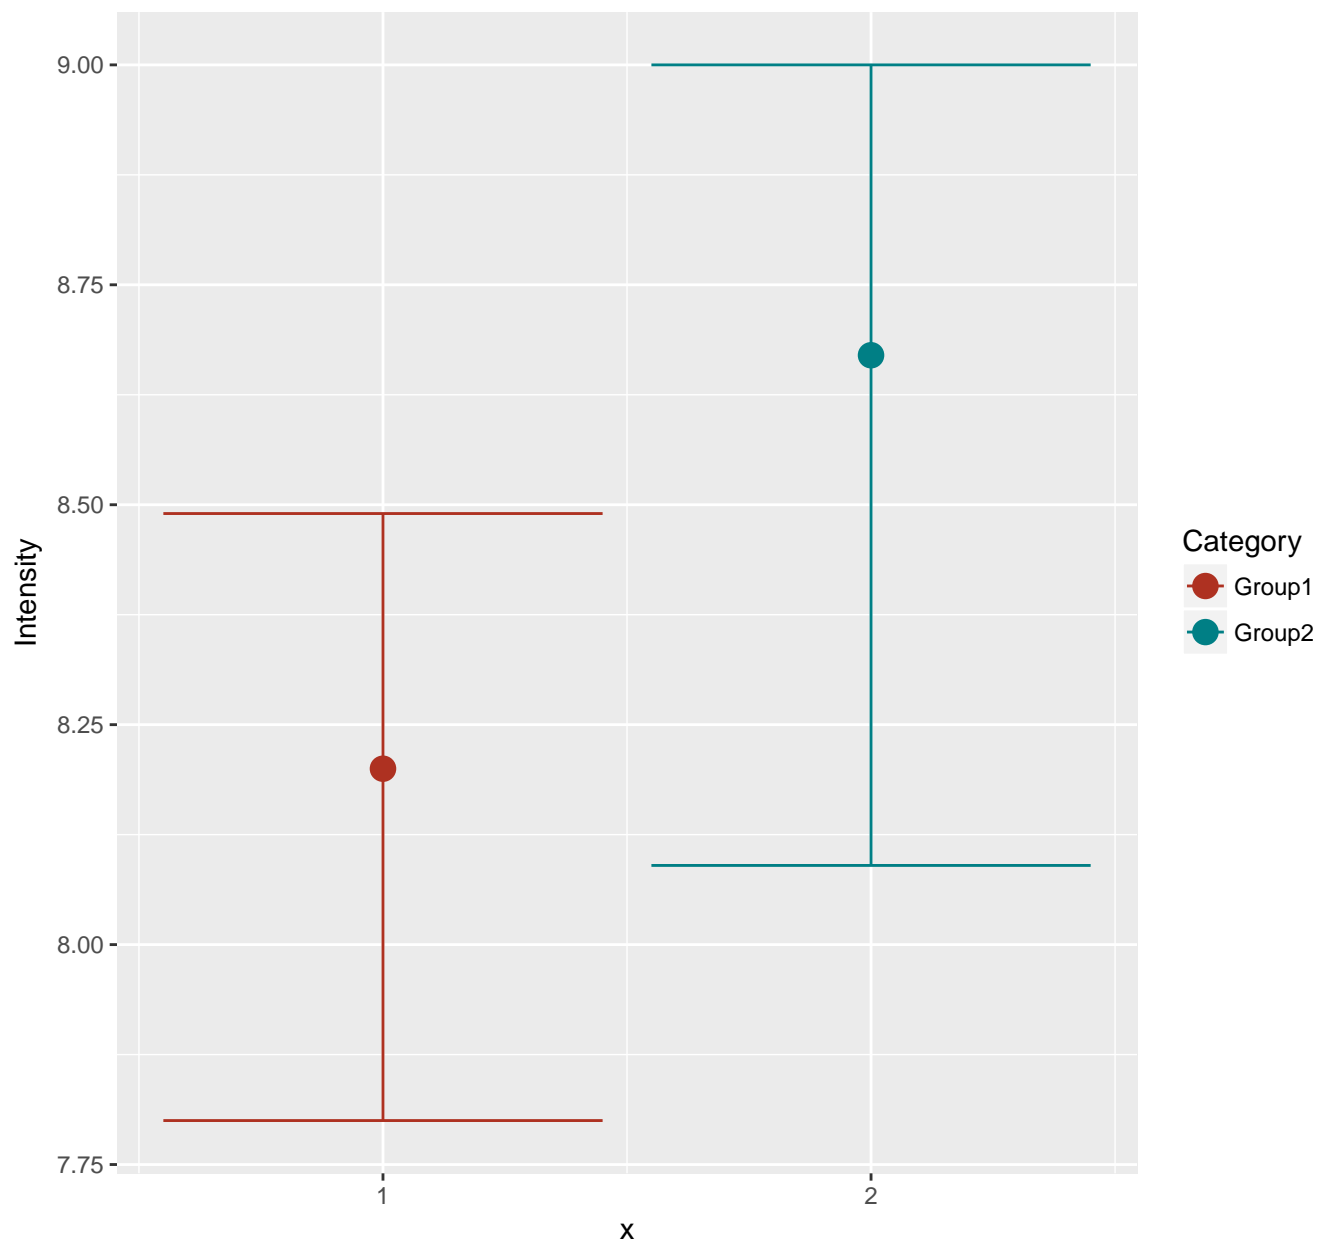

190.0862_104.6 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

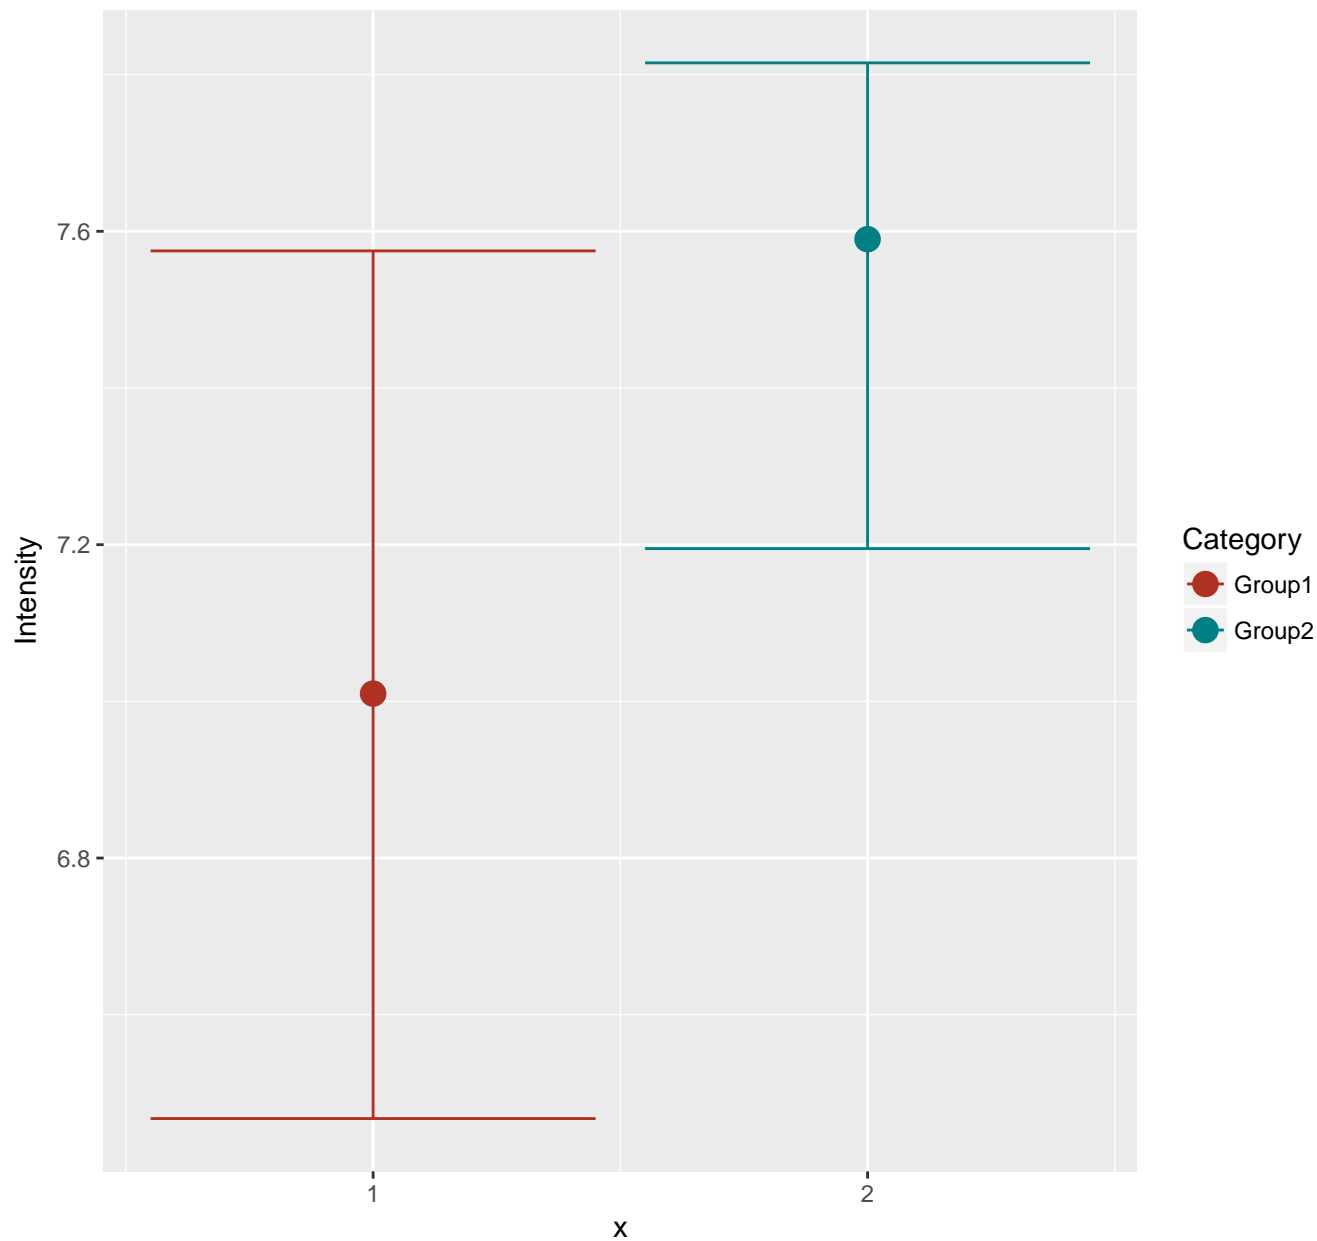

181.0718_419.9 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

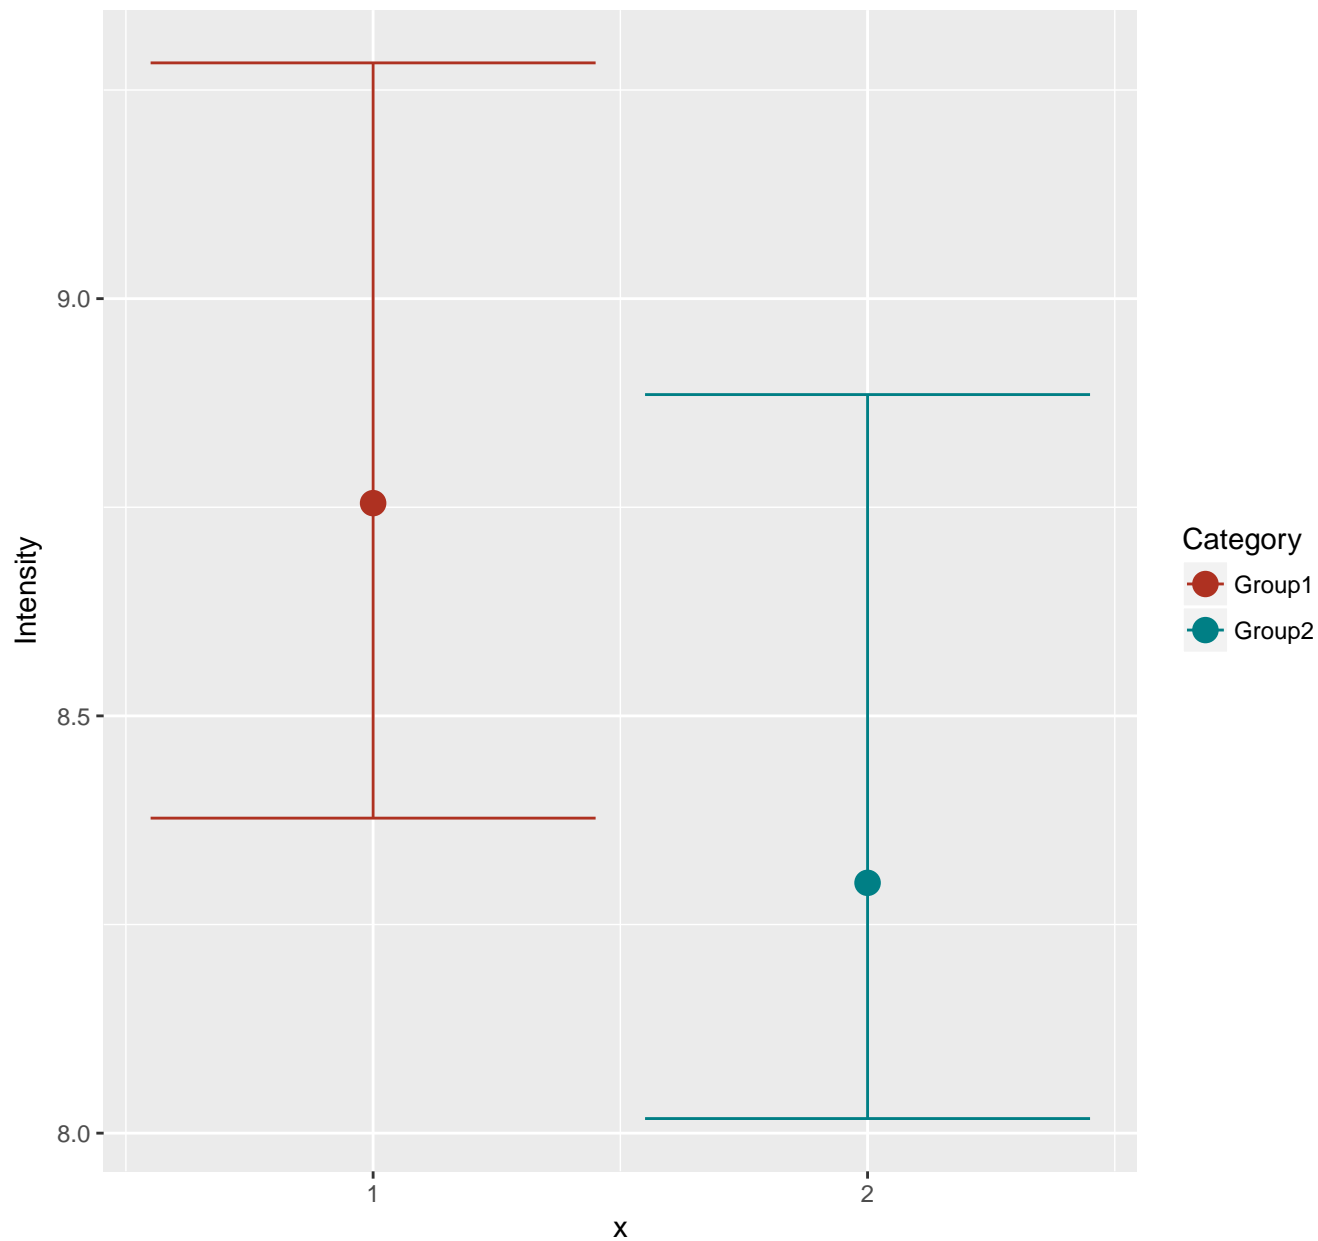

188.07042_106 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

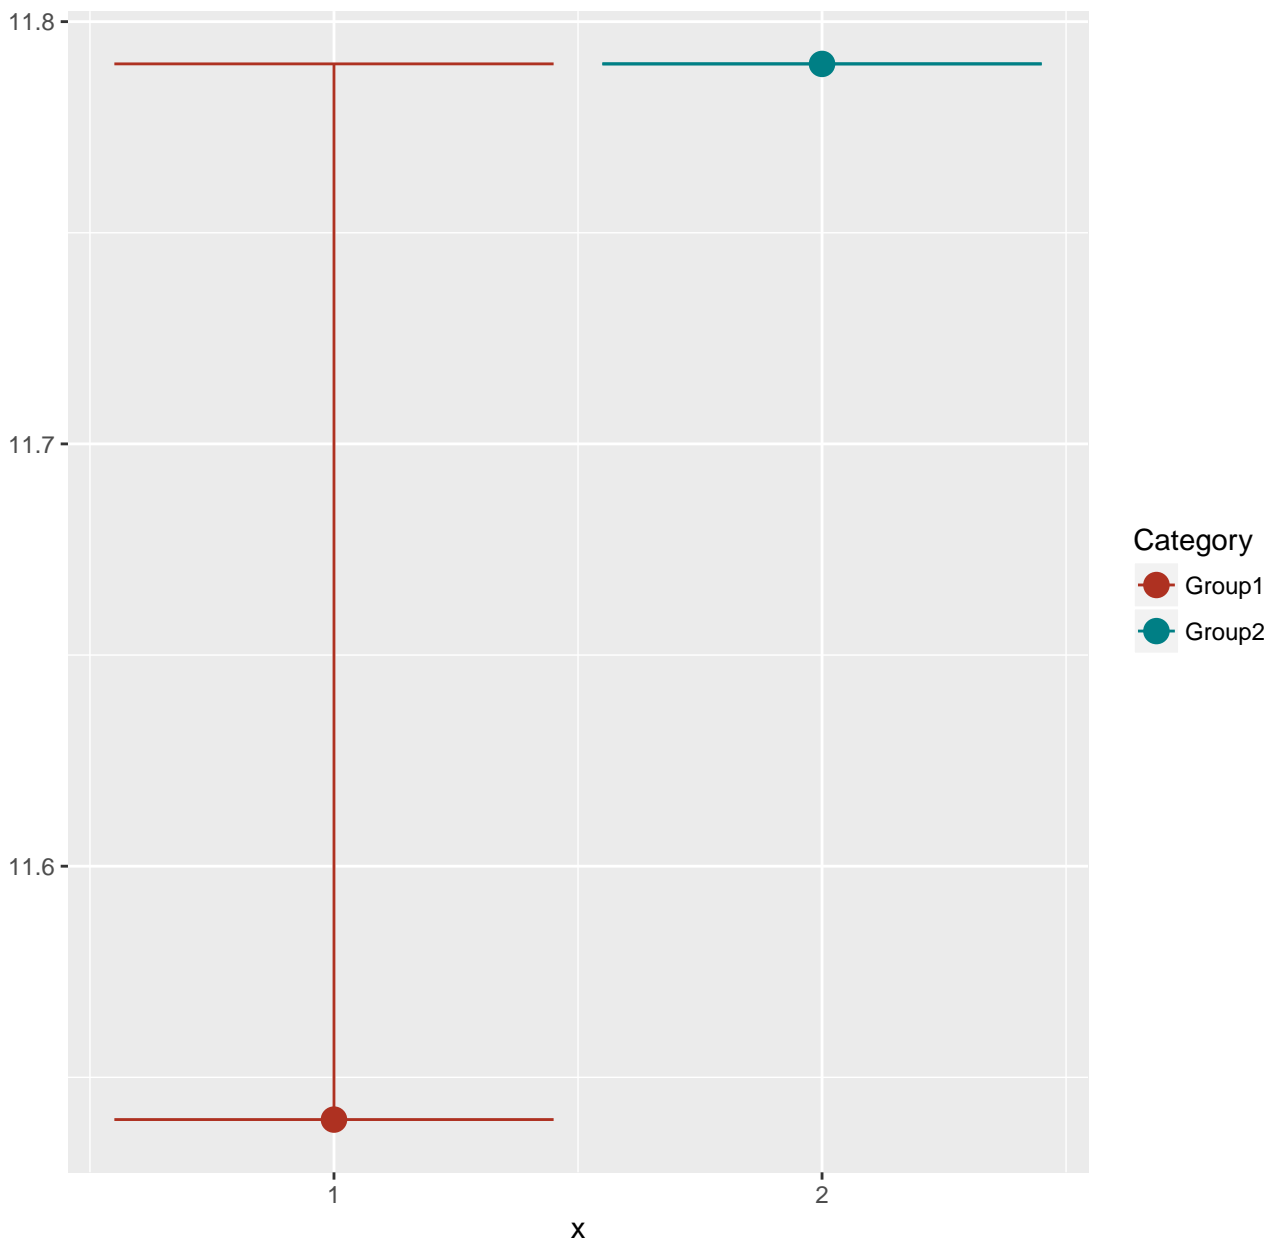

123.05525_167.8 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

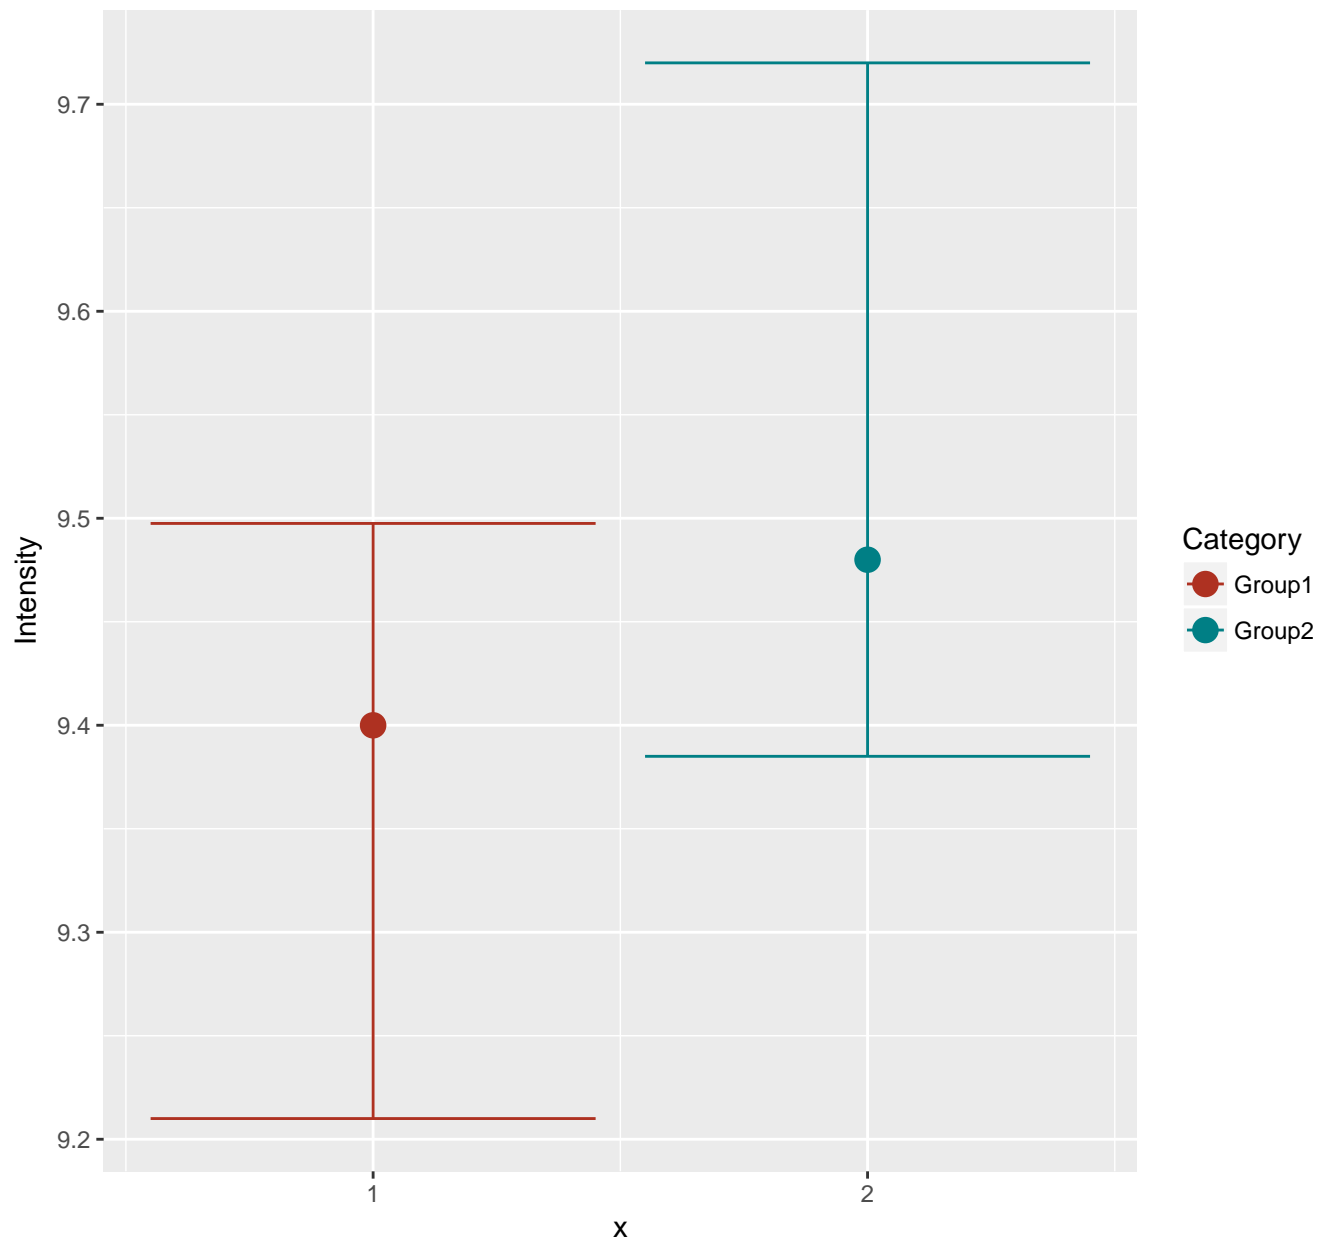

147.11277_124.4 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

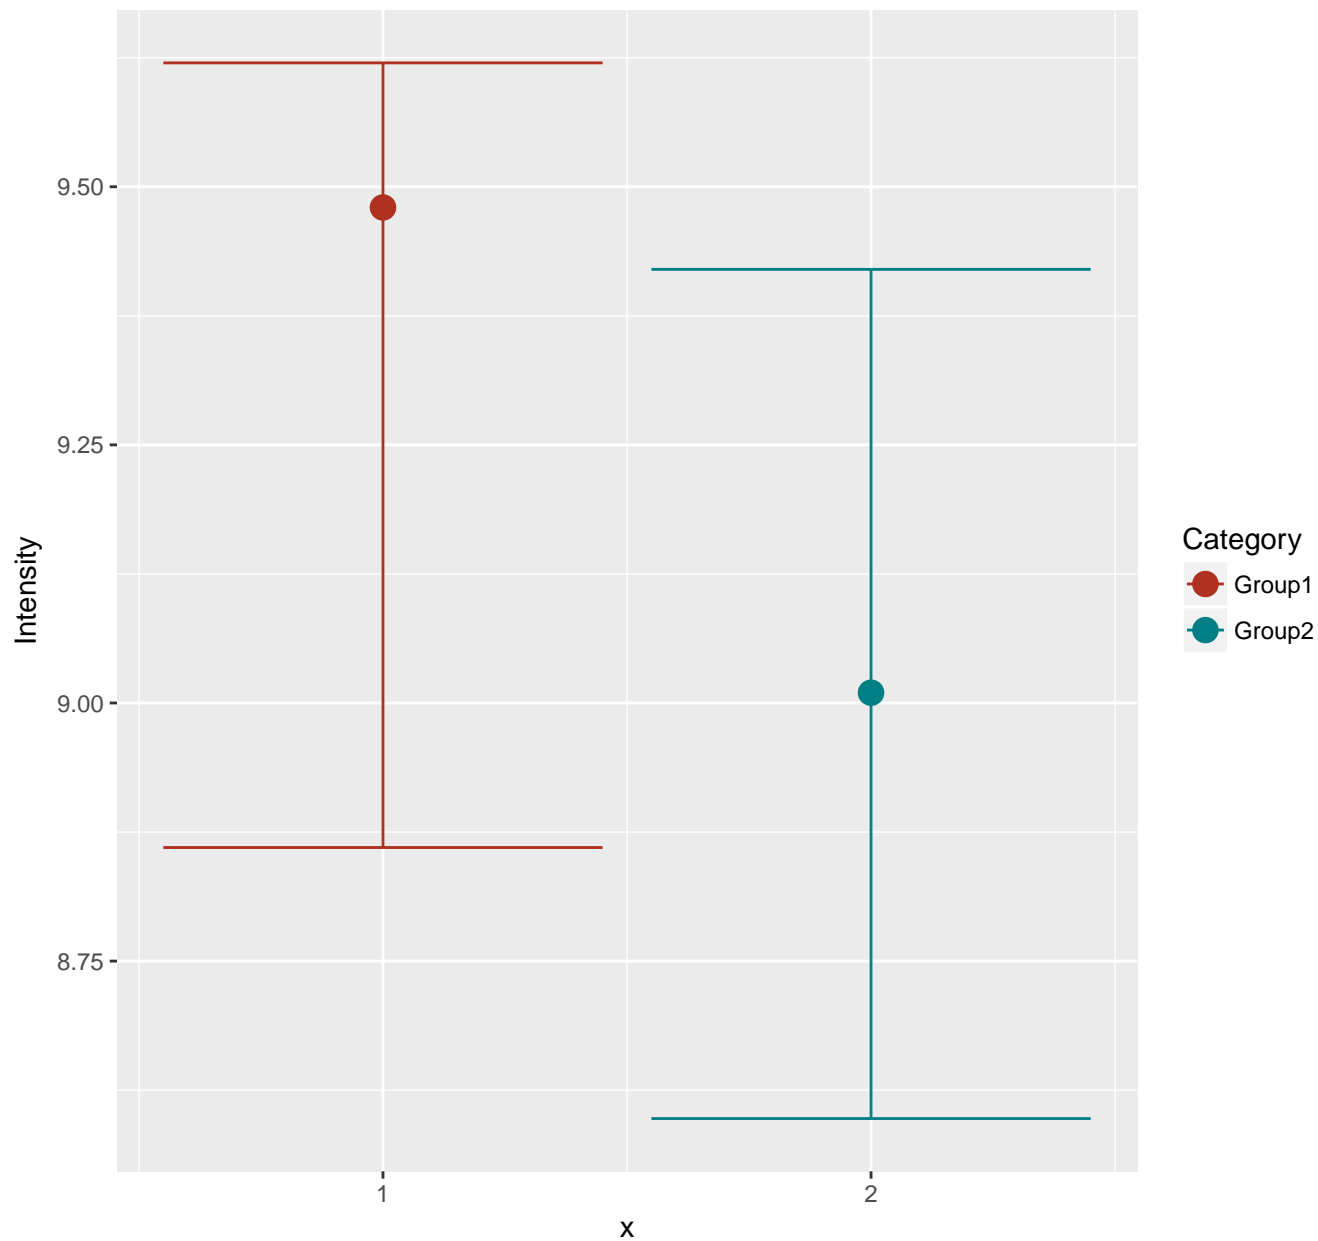

380.25545_60.5 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

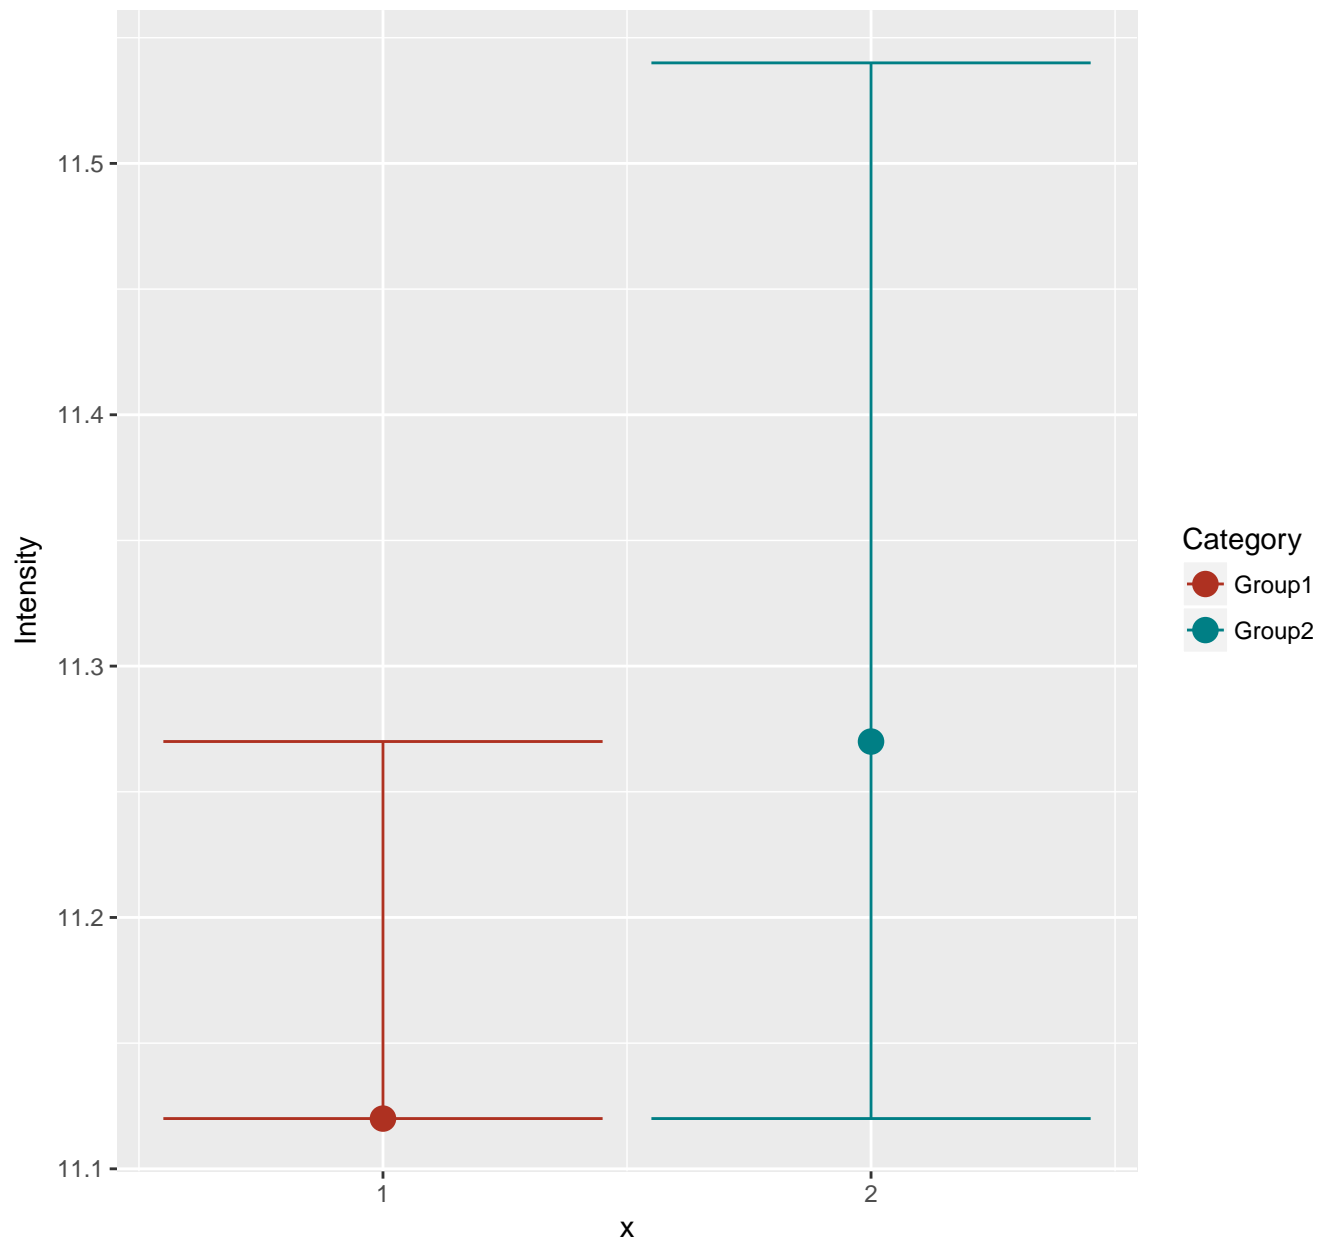

297.97307_125 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

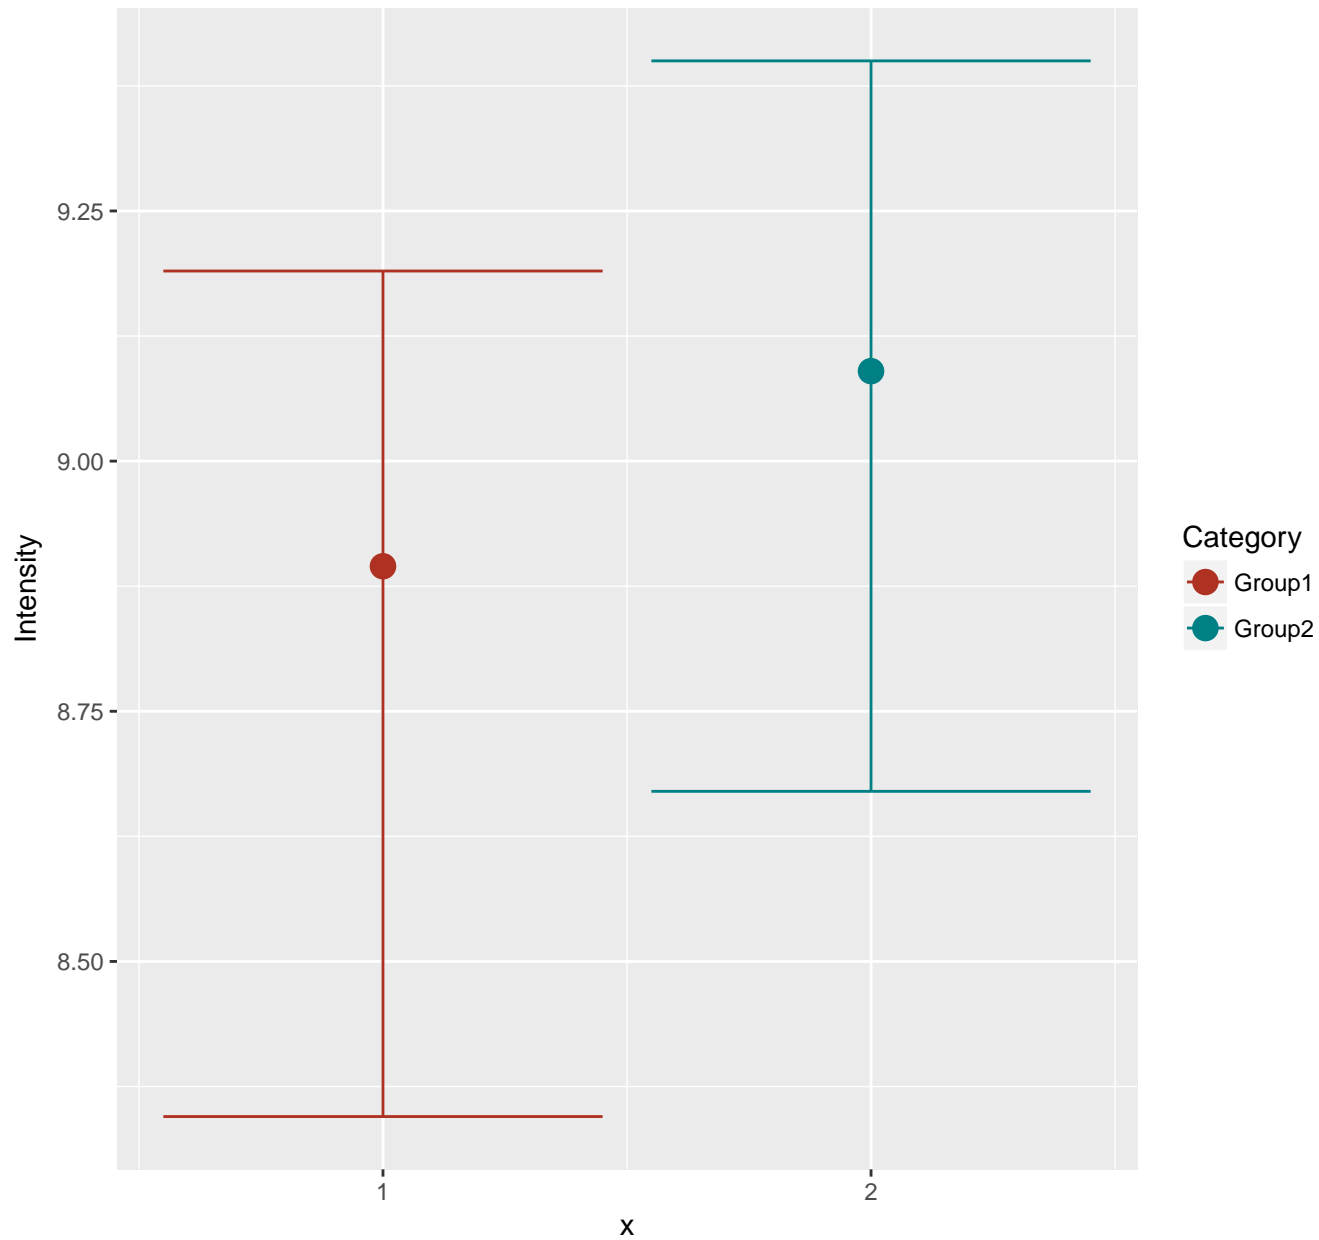

353.13496_72.1 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

460.19325_40.7 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

169.03547_123.1 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors

104.07101_114.8 distribution (25th percentile, median, 75th percentile)
in each group using significant feats vs factors
